FY 2000 Cable Television System Regulatory Fees

The Federal Communications Commission issues this Public Notice in order to provide information concerning the payment of regulatory fees in FY 2000. If you are an operator of a cable television system or a licensee of a cable television relay service (CARS), you should carefully review this Public Notice. If you have a broadcast auxiliary service, please refer to the Mass Media Bureau website (www.fcc.gov/mmb) for the payment amount of this service.

WHO MUST PAY REGULATORY FEES IN FY 2000

Cable television systems operating on December 31, 1999, must pay regulatory fees per subscriber in FY 2000. Governments and nonprofit entities (exempt under Section 501 of the Internal Revenue Code) are not required to pay regulatory fees and should not submit payment. *The Commission requires that each exempt entity submit, or have on file with the Commission, a current IRS Determination Letter documenting its nonprofit status, a certification of governmental authority, or certification from a governmental authority attesting to its exempt status.* All cable television systems must pay regulatory fees of \$0.47 per subscriber for each community unit in which it operates. Additionally, each licensee of a CARS facility operating on October 1, 1999, must pay a \$53.00 fee for each CARS license held. Responsibility for payment of that fee rests with the current holder of the permit or license at the time payment is due. A regulatee is responsible for summing all of its services in order to determine if a fee is due. If the sum of all services owed is less than \$10, then the regulatee is exempt from paying the fee.

WHY THE COMMISSION MUST COLLECT REGULATORY FEES

The requirement to collect annual regulatory fees from cable television systems is contained in Public Law 103-66, "The Omnibus Budget Reconciliation Act of 1993." These regulatory fees, which are likely to change each fiscal year, are used to offset costs associated with the Commission's enforcement, public service, international and policy and rulemaking activities. These fees are in addition to any application processing fees associated with obtaining a license or other authorization from the Commission.

WHEN FEES WILL BE DUE

Fee payments must be received by the Commission during the period beginning September 11, 2000, and ending September 20, 2000. Any payments not received at Mellon Bank by 11:59 p.m., September 20, 2000 will be assessed a 25% late payment fee.

IMPORTANT FY 2000 CHANGES FOR REGULATORY FEE FILERS

The Remittance Advice 159 has been revised to accept payer and applicant FCC Registration Numbers (FRN). We recommend that you begin using the registration number with all payments to the Commission. The Commission will continue to accept Remittance Advice 159 dated July 1997 without an FRN.

To obtain a revised Remittance Advice 159:

- A revised Remittance Advice 159 is included in this package
- Go to <http://www.fcc.gov/formpage.html>.
- Call the FCC's Form Distribution Center at 1-800-418-FORM [3676].
- Pick up the form at the Commission in Room TWB200

The Commission began accepting Registration Numbers (FRN) after July 19, 2000, on the Remittance Advice 159 to assure proper credit of fee payments. Currently, the use of the Registration Number is voluntary, however, we strongly recommend that you begin using the registration number with all payments to the Commission. The Commission may consider making it mandatory in the future.

If you were registered in the Wireless Telecommunications Bureau's Universal Licensing System (ULS) and your registration included all the information we needed to issue a Registration Number, we pre-registered you and mailed you your FRN in a letter in late July 2000. You may check CORES to determine if you were automatically pre-registered.

To obtain a Registration Number:

- Register at www.fcc.gov and click on the CORES Registration link.
- Check your pre-assigned number www.fcc.gov and click on the CORES Registration link.
- File FCC Form 160, (CORES Registration) which is included in this package. You may obtain the form at <http://www.fcc.gov/formpage.html> or by calling the FCC's

Form Distribution Center at 1-800-418-FORM [3676]. You may also pick up the form at the Commission in Room TWB200. Mailing instructions are found on the form.

After July 19, 2000, if you do not register electronically, you may submit your manual application for a Registration Number (FCC Form 160) directly to Mellon Bank with your filing and payment. Mellon will register you and you will receive a confirmation letter from the FCC through the U.S. Postal Service mail.

Please also note that **Regulatory Fee Payment Type Codes have changed** for the FY 2000 filing. These new codes are listed in the back of this notice under the section, **Special Instructions for Completing FCC Forms 159 and 159-C**. To assure proper credit for your regulatory fees, **please be sure to use these new codes**.

FCC FORM 159

Regulatory fee payments must be accompanied by FCC Form 159 ("FCC Remittance Advice"), dated February 2000. A copy of this form, with specific instructions, is attached to this Public Notice and may be used to submit fees. Reproduced forms are acceptable. Please see "Special Instructions for Completing FCC Forms 159 and 159-C" for detailed information on how to correctly complete these forms. You must list each community unit and/or each call sign separately on Forms 159/159-C. Written attachments are not acceptable. Failure to properly complete FCC Form 159/159-C will delay the processing of your regulatory fee payment.

Any regulatee may submit the Form 159 information electronically by accessing the FCC website. Information on how to file electronically will be made available on a subsequent public notice.

Specific instructions regarding electronic submission will be issued separately. No more than twenty-five (25) Form 159-C's should be manually submitted for payment. If more than twenty-five (25) Form 159-C's are to be submitted, we encourage the public to file the information electronically. Only properly filled out Form 159's will be accepted. Attached listings of call signs or other identifiers will not be accepted.

If you are interested in using Mellon's Customer Initiated Payment Program (CIP), a brief application form must be completed and a personal identification number (PIN) issued by the bank. Arrangements for using this process must be completed 14 days prior to submitting payment of the regulatory fee. After you have been set up for this program, you have until September 19, 2000 to submit payment to ensure processing by the deadline of September 20, 2000. Please contact the Credit and Debt Management Group at (202) 418-1995 to request the Customer Initiated Payment Program Package.

COMPLIANCE

Please make sure your total remittance and the amount indicated on the FCC Form 159 are in agreement. Failure to do so will delay processing. Cable television systems are solely responsible for accurately accounting for all CARS, as well as the number of subscribers within each community unit, and for paying the proper regulatory fees. Any data omission, erroneous or incomplete data submission, or payment deficiency may result in a **25% monetary penalty**, dismissal of pending actions, and/or revocation of any authorization. You are strongly urged to submit your payment on time and accurately in order to avoid a penalty. Additionally, the Commission will invoke any lawful authority it may possess under the Debt Collection Act to collect any fees due or outstanding against any cable television system failing to meet its regulatory fee payment obligations.

WAIVERS, REDUCTIONS AND DEFERMENTS OF REGULATORY FEES

The Commission will consider requests for waivers, reductions or deferments of regulatory fees, in extraordinary and compelling circumstances only, upon a showing that such action overrides the public interest in reimbursing the Commission for its regulatory costs. Your regulatory fee must be paid by the due date even if a request is made for a waiver or reduction. This will ensure efficient collection in situations where a waiver or reduction is not warranted and will allow the requestor to avoid a **25% late-payment penalty** if its request is denied. The regulatory fee will be refunded if the request is granted. Only

in exceptional or compelling instances (where payment of the regulatory fee with the waiver or reduction request could result in the reduction of community service or financial hardship to the regulatee or licensee) will the Commission accept a petition to defer payment for a waiver or reduction request. All requests for deferments must be received before September 20, 2000, to avoid the **25% late-payment penalty**. Please submit your written request for waiver or reduction to the following address:

Office of the Managing Director
Federal Communications Commission
445 12th Street, S.W., Room 1-A625
Washington, D.C. 20554

PAYMENT PROCEDURES FOR CABLE TELEVISION SYSTEMS

Subscriber Fees

All cable television systems are subject to a fee of \$0.47 per subscriber¹. A system's total subscriber fee can be determined by multiplying \$0.47 times the number of subscribers as of December 31, 1999, within all community units in which it operates. You may pay for multiple community units with a single payment as long as the community units are all part of the same cable system or part of a group of commonly-owned cable systems. However, **you must still list each individual community unit identifier (CUID)**.

CARS

¹ Number of Subscribers In a Community Unit = Number of single family dwellings + Number of individual households in multiple dwelling units (e.g., apartments, condominiums, mobile home parks, etc.) paying at the basic subscriber rate + Number of bulk-rate customers + Number of courtesy and free service. (NOTE: Bulk-Rate Customers = total annual bulk rate charge ÷ basic annual subscription rate for individual households).

Cable systems holding CARS licenses must pay a regulatory fee of \$53.00 for each CARS held as of October 1, 1999. **NOTE: One payment may be submitted for all regulatory fee obligations (i.e., "subscriber fees" and all Cable Television Relay Service licenses). However, you must still list each individual community unit identifier (CUID) and CARS call sign.**

Payment Due Date

All regulatory fee payments for cable television systems must be received at the Commission during the period beginning September 11, 2000, and ending September 20, 2000. Any payments not received by Mellon Bank by 11:59 p.m., September 20, 2000 will be assessed a 25% late fee.
