

Carl E. Edlund

Director, Multi-media Planning and Permitting Division

Carl Edlund is the Director of the Multi-media Planning and Permitting Division with the Environmental Protection Agency (EPA) Region 6 in Dallas, Texas. He directs the EPA Region 6 programs for air pollution, hazardous waste, and toxic pollutants including developing air quality improvement plans, issuing and overseeing air and waste permits, cleaning up underground storage tank pollution, overseeing pesticide use, developing U.S.-Mexico border environmental initiatives and developing toxic contaminant strategies targeted to help sensitive groups of people.

Before this assignment, Mr. Edlund managed a variety of programs in the EPA Regional Office including the Superfund, Air Enforcement, and Resources Management Offices. Prior to joining the Dallas Regional Office in 1977, he worked at EPA Headquarters in Washington, D.C. where he chaired national task forces to abate air pollution at iron and steel mills and other problem industries.

Mr. Edlund is a charter member of EPA and belongs to the federal Senior Executive Service. He is an adjunct professor and a member of the Civil and Environmental Engineering Advisory Board at Southern Methodist University. He received his B.S. in mechanical engineering from the University of Maryland and is a registered professional engineer in Texas.
