Networx Unit Pricer

GSA

Overview

Welcome to the Networx Unit Pricer. This site allows users to view and compare prices across Networx vendors as well as some basic prices from FTS2001 vendors.

Capabilities of the Networx Unit Pricer include:

- Pricing all Networx CLINs both Domestically and Internationally
- Totalling multiple price queries
- Viewing and pricing associated CLINs of a particular service
- Choosing varying date ranges
- Downloading results

Use the Networx Unit Pricer

- *No recent changes.*

Browser Requirements

The Networx Unit Pricer requires JavaScript and one of the following web browsers:

- Internet Explorer 6.0
- Internet Explorer 7.0
- Firefox 2.0
- Opera 9.0

Networx – What can agencies do now?

- Initiate Fair Opportunity process

- Develop requirements and Statement of Work

- Determine agency C&A requirements

- Issue SOW

- Conduct evaluation

- Make Fair Opportunity Decision(s)
  - Note that contractors can not issue Service Order Confirmation until OSS verification testing complete

- Continue transition planning
  - Inventory
