FOIA READING ROOM CERTIFICATION OF AGENCY COMPLIANCE

The U.S. General Services Administration (GSA) maintains an electronic Freedom of Information Act (FOIA) Reading Room which is available at www.gsa.gov. This comprehensive electronic FOIA Reading Room is the only FOIA Reading Room GSA maintains. The FOIA webpage is monitored to ensure it remains timely and accurate. GSA's FOIA Staff has the responsibility and authority to update the FOIA web pages directly and at any time.

The electronic FOIA Reading Room has been reviewed and determined that it complies with legal requirements for FOIA Reading Rooms.

A handwritten signature in black ink, appearing to read "John F. Phelps", with a long horizontal flourish extending to the right.
