INS Corrects Filing Address for Three LIFE Act Applications

WASHINGTON-- The Immigration and Naturalization Service (INS) is correcting the zip code of the filing addresses for three LIFE Act benefits:

- LIFE Legalization,
- LIFE Act Amendments Family Unity Benefits, and
- “V” Visa-related Application for Employment Authorization (from persons who have entered the United States using a “V” visa issued by the Department of State.)

Previously released information specified an incorrect zip code. INS and the U.S. Postal Service have worked together to ensure that all applications sent with the incorrect zip code reach the proper destination.

INS regrets any inconvenience caused to applicants whose application may have been returned due to an incorrect mailing address. In such cases, applicants are asked to resubmit their applications to the correct address indicated below:

For LIFE Legalization and LIFE Act Amendments Family Unity Benefits
