#### **Certain Cut-to-Length Carbon Steel Plate From Mexico: Final Results of Expedited Five-Year ("Sunset") Review of the Countervailing Duty Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On November 1, 2005, the Department of Commerce ("the Department") initiated a sunset review of the countervailing duty ("CVD") order on certain cut-to-length carbon steel plate from Mexico pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Reviews*, 70 FR 65884 (November 1, 2005). On the basis of notices of intent to participate and an adequate substantive response filed on behalf of the domestic interested parties, and an inadequate response from respondent interested parties (in this case, no response), the Department is

conducting an expedited sunset review pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B). As a result of this sunset review, the Department finds that revocation of the CVD order would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the "Final Results of Review" section of this notice.

**DATES:** *Effective Date:* June 6, 2006.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:**

**Background**

On November 1, 2005, the Department initiated a sunset review of the CVD order on certain cut-to-length carbon steel plate from Mexico pursuant to section 751(c) of the Act. See *Initiation of Five-Year ("Sunset") Reviews*, 70 FR 65884. In November 2005, the Department received notices of intent to participate on behalf of Nucor Corporation ("Nucor"); IPSCO Steel Inc. ("IPSCO"); Oregon Steel Mills ("Oregon Steel"); Mittal Steel USA ISG Inc. ("Mittal Steel USA"); and United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC ("USW") (collectively, "domestic interested parties"). The domestic interested parties claimed interested party status under sections 771(9)(C) and (D) of the Act, as domestic producers of a like product, or a union engaged in the production of subject merchandise in the United States. The Department received a complete substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We did not receive a substantive response or a rebuttal response from any foreign respondents. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department is conducting an expedited sunset review of this CVD order.

**Scope of the Order**

The products covered by this order are certain cut-to-length carbon steel plates. These products include hot-rolled carbon steel universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not

exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") under item numbers 7208.31.0000, 7208.32.0000, 7208.33.1000, 7208.33.5000, 7208.41.0000, 7208.42.0000, 7208.43.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.11.0000, 7211.12.0000, 7211.21.0000, 7211.22.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included in this administrative review are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (i.e., products which have been "worked after rolling")—for example, products which have been beveled or rounded at the edges. Excluded from this administrative review is grade X-70 plate. HTSUS subheadings are provided for convenience and customs purposes. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise covered by this order is dispositive.

#### Cut-to-Length Carbon Steel Plate from Brazil: Final Results of Expedited Five-year ("Sunset") Review of the Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On November 1, 2005, the Department of Commerce ("the Department") published in the **Federal Register** the notice of initiation of the second five-year sunset review of the countervailing duty order on certain cut-to-length carbon steel plate ("CTL Plate") from Brazil, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-year ("Sunset") Reviews*, 70 FR 65884 (November 1, 2005) ("Second Sunset Review"). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of domestic interested parties, and an inadequate response from respondent interested parties (in this case, no response), the Department has conducted an expedited sunset review of this order pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(B) of the Department's regulations. As a result of this sunset review, the Department finds that revocation of the countervailing duty order is likely to lead to continuation or recurrence of a countervailable subsidy at the level indicated in the "Final Results of Review" section of this notice.

**EFFECTIVE DATE:** June 6, 2006.

**FOR FURTHER INFORMATION CONTACT:** Martha Douthit or Dana Mermelstein, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482-2371 or (202) 482-3964, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

The countervailing duty order which covers CTL Plate from Brazil was published in the **Federal Register** on August 17, 1993. See *Countervailing Duty Order and Amendment to Final Affirmative Countervailing Duty Determination: Certain Steel Products From Brazil*, 58 FR 43751 (August 17, 1993). On November 1, 2005, the Department initiated the second sunset review of the countervailing duty order on CTL Plate from Brazil, pursuant to section 751(c) of the Act. See *Second Sunset Review*. The Department received notices of intent to participate from IPSCO, Inc., Mittal Steel USA ISG, Inc., Nucor Corporation, Oregon Steel Mills, Inc., and United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC ("USW") (collectively, "domestic interested parties"), within the deadline

specified in 19 CFR 351.218(d)(1)(i).<sup>1</sup> Domestic interested parties claimed interested party status under sections 771(9)(C) and (D) of the Act, as U.S. producers and a certified union engaged in the manufacture, production, or wholesale of CTL Plate in the United States.

On November 30, 2005, the Department received a substantive response from domestic interested parties within deadline specified in 19 CFR 351.218(d)(3)(i).<sup>2</sup> The Department did not receive any responses from any respondent interested party to this proceeding. In accordance with 19 CFR 351.218(e)(1)(ii)(C)(1), the Department notified the International Trade Commission ("ITC") that respondent interested parties provided an inadequate response to the Notice of Initiation of Five-year ("Sunset") Reviews.<sup>3</sup> The Department, therefore, has conducted an expedited sunset review of the countervailing duty order, pursuant to 19 CFR 351.218(e)(1)(ii)(B) and 351.218(e)(1)(ii)(C)(2).

In accordance with section 751(c)(5)(C)(v) of the Act, the Department may treat a review as extraordinarily complicated if it is a review of a transition order (*i.e.*, an order in effect on January 1, 1995, the effective date of the Uruguay Round Agreements Act), as is the case in this proceeding. As such, the Department determined that the sunset review of the countervailing duty order on CTL Plate from Brazil, is extraordinarily complicated and requires additional time for the completion of final results of review. In accordance with section 751(c)(5)(B) of the Act, the Department extended the time limit for completion of the final results of CTL Plate from Brazil until no later than May 30, 2006. See *Cut-to-Length Carbon Steel Plate from Brazil and Spain; Extension of Time Limits for Final Results of Expedited Five-year ("Sunset") Reviews*

<sup>1</sup> Domestic interested parties note that Mittal, IPSCO, and Oregon Steel Mills, were the petitioners or successors to petitioners in the original investigation and that they have participated in the first sunset review.

<sup>2</sup> On December 1, 2005, the Department received a letter from domestic interested parties regarding an amendment to their November 30, 2005 substantive response to the Department's initiation of the sunset review on CTL Plate from Brazil. In the letter, domestic interested parties included United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC ("USW") to the November 30, 2005 substantive response.

<sup>3</sup> See December 21, 2005 letter to Robert Carpenter, Director of Investigations, ITC, from Barbara E. Tillman, Director, Office 6, AD/CVD Operations, Import Administration.
