Title: Form OCSE-396A: Financial Report; Form OCSE-34A: Quarterly Report of Collections.

OMB No.: 0970-0181.

*Description:* Each State agency administering the Child Support Enforcement Program under Title IV-D of the Social Security Act is required to provide information to the Office of Child Support Enforcement concerning its administrative expenditures and its receipt and disposition of child support payments from non-custodial parents. These quarterly reporting forms enable each State to provide that information, which is used to compute both the quarterly grants awarded to each State and the annual incentive payments earned by each State. This information is also included in a published annual statistical and financial report, which is available to the general public.

The Administration for Children and Families received no comments concerning these reporting forms in

response to an earlier **Federal Register** Notice (71 FR 19190). In addition, on February 8, 2006, Public Law 109-171, the “Deficit Reduction Act of 2005” was enacted, which contains several amendments to the Social Security Act that will directly affect the financial reporting for this program. Most of these amendment changes will be effective October 2007 and October 2008.

For these reasons, we are requesting that the existing forms be reapproved, without changes, through September 2008. During that time, we will continue to review the statutory changes and develop revisions to these forms that will comply with those changes.

*Respondents:* State agencies administering the Child Support Enforcement Program.

Title: Evaluation to Determine the Effectiveness of the Public Assistance Reporting Information System (PARIS).

OMB No. New Collection.

*Description:* The PARIS program is a voluntary information exchange system that allows States and other entities (counties or jurisdictions like the District of Columbia) to submit Medical Assistance, Medicaid, Food Stamp, and Temporary Assistance for Needy Families (TANF) participant data to the

Administration for Children and Families (ACF) to be matched with Federal and participating States' databases to detect potential dual participation and improper payments. Launched by ACF in 1997, the PARIS project was developed to provide States with usable data by which they could identify and correct erroneous payments and to promote State partnerships and matching of cross-state data to improve program integrity. There are currently

36 entities participating in the PARIS project. (Member States). ACF is encouraging the expansion of PARIS via a grantee program by providing funds to Member States to partner with nonparticipating States to develop the internal organization and mechanisms needed for PARIS participation. An implementation and outcome evaluation of the PARIS program will determine the effectiveness of the program and the resulting impact on reducing improper

payments. Data collected will determine factors affecting program participation, relevant PARIS administrative and implementation information, challenges in implementation, cost of program participation and estimated savings through identified and resolved participant matches.

*Respondents:* Fifteen States and one county will comprise the sample, with a maximum of six respondents from each State or County.

**Proposed Projects**

*Title:* Title IV-E Foster Care Eligibility Reviews; Child and Family Services Reviews; Anti-Discrimination Enforcement.

*OMB No.* 0970-0214.

*Description:* The Administration for Children and Families (ACF) is requesting authority to renew an existing information collection that is expiring October 31, 2006. The initial information collection was contained in the final rule transmitting the Department's monitoring protocols for assessing title IV-E eligibility and payment accuracy, the Child and Family Services Reviews (CFSR), enforcement of the title IV-E anti-discrimination requirements, and certain provisions of the Adoption and Safe Families Act of 1997. Five separate activities are associated with this information collection.

The collection of information for review of Federal payments to States for foster care maintenance payments (45 CFR 1356.71(i)) is authorized by title IV-E of the Social Security Act (the Act), section 474 [42 U.S.C. 674]. The Foster Care Eligibility Reviews (FCER) ensure that States claim title IV-E funds on behalf of title IV-E eligible children.

The collection of information for review of State child and family services programs (45 CFR 1355.33(b), 1355.33(c) and 1355.35(a)) to determine whether such programs are in substantial conformity with State plan requirements under parts B and E of the Act is authorized by section 1123(a) [42 U.S.C. 1320a-1a] of the Act. The CFSR looks at both the outcomes related to safety, permanency and well-being of children served by the child welfare system and at seven systemic factors that support the outcomes.

Section 474(d) of the Act [42 U.S.C. 674] deploys enforcement provisions (45 CFR 1355.38(b) and (c)) for the requirements at section 471(a)(18) [42 U.S.C. 671], which prohibit the delay or denial of foster and adoptive placements based on the race, color, or national origin of any of the individuals involved. The enforcement provisions include the execution and completion of corrective action plans when a State is in violation of section 471(a)(18).

*The information collection is needed:* (1) To conduct Federal onsite eligibility reviews of the title IV-E foster care program; (2) to monitor State plan requirements under titles IV-B and IV-E of the Act, as required by Federal statute; and (3) to enforce the title IV-E anti-discrimination requirements through State corrective action plans. The resultant information will allow ACF to determine if States are in compliance with State plan requirements and are achieving desired outcomes for children and families, as well as ensure that claims by States for title IV-E funds are made on behalf of
