

in any order issued for this licensing proceeding.

This final EA addresses the issues pertinent to the Augusta Canal Project. Commission staff analyzed the potential environmental effects of licensing the Augusta Canal Project and concluded that issuing a license, with appropriate environmental measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the final EA is available for review in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field to access the document. You may register online at <http://www.ferc.gov/docs-filing/subscription.asp> to be notified via e-mail of new filings and issuances related to this or any other pending projects. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[FERC Docket Nos. CP06-61-000; CP01-23-003]

North Baja Pipeline, LLC; Notice of Availability/Completion of the Draft Environmental Impact Statement/Report and Draft Land Use Plan Amendment for the Proposed North Baja Pipeline Expansion Project

September 22, 2006.

The environmental staffs of the Federal Energy Regulatory Commission (FERC or Commission), the California State Lands Commission (CSLC), and the Bureau of Land Management (BLM) (Agency Staffs) have prepared the draft environmental impact statement/environmental impact report and draft land use plan amendment (draft EIS/EIR/plan amendment) to address North Baja Pipeline, LLC's (North Baja) proposed expansion of its natural gas pipeline system.

The draft EIS/EIR/plan amendment was prepared as required by the National Environmental Policy Act (NEPA), the California Environmental Quality Act, and the Federal Land

Management and Policy Act. The purpose of this document is to inform the public and the permitting agencies about the potential adverse and beneficial environmental impacts of the proposed North Baja Pipeline Expansion Project (Project or proposed Project) and its alternatives, and recommend mitigation measures that would reduce the significant adverse impacts to the maximum extent possible, and, where feasible, to a less than significant level. The Agency Staffs have concluded that if the Project is constructed and operated in accordance with applicable laws and regulations, North Baja's proposed mitigation, and the Agency Staffs' additional mitigation recommendations, it would be an environmentally acceptable action.

The FERC is the lead Federal agency and will use the document to consider the environmental impacts that could result if it issues North Baja a Certificate of Public Convenience and Necessity and a Presidential Permit amendment under sections 7 and 3, respectively, of the Natural Gas Act. The CSLC is the lead State agency and will use the document to consider North Baja's application to amend its existing right-of-way lease across the State's Sovereign and School Lands in conjunction with the environmental impacts that could result from any part of the Project in California.

The BLM is participating as a cooperating agency in the preparation of this document because the Project would cross Federal land under the jurisdiction of the Palm Springs-South Coast, El Centro, and Yuma Field Offices. The Bureau of Reclamation (BOR) is also a cooperating agency in the preparation of this document because lands administered by the BOR would be crossed by the Project. Under section 185(f) of the Mineral Leasing Act of 1920, the BLM has the authority to issue Right-of-Way Grants for all affected Federal lands. The draft EIS/EIR/plan amendment will be used by the BLM to consider whether to amend North Baja's existing Right-of-Way Grant and issue Temporary Use Permits for the installation of approximately 67.4 miles of pipeline and ancillary facilities across Federal lands managed by the BLM, the BOR, and the U.S. Fish and Wildlife Service (FWS). The draft EIS/EIR/plan amendment will also be used by the BLM to consider amending the California Desert Conservation Area Plan (as amended), which would be necessary for pipeline construction outside of designated utility corridors, as well as amending the Yuma District Resource Management Plan, which would be necessary for pipeline

construction across the Milpitas Wash Special Management Area.

The BLM proposes to adopt the draft EIS/EIR/plan amendment per Title 40 Code of Federal Regulations (CFR) part 1506.3 to meet its responsibilities under NEPA and its planning regulations per Title 43 CFR part 1610. The BLM will present separate Records of Decision for the Right-of-Way Grant and the plan amendments for the North Baja Pipeline Expansion Project after the issuance of the final environmental impact statement/environmental impact report and proposed land use plan amendment (final EIS/EIR/proposed plan amendment). The concurrence or non-concurrence of the BOR and the FWS would be considered in the BLM's decision.

The existing North Baja system is currently certificated by the FERC to transport 512,500 dekatherms per day (Dthd) of natural gas in a southbound direction. Once completed, the expanded system would be capable of transporting up to 2,932,000 Dthd (2,753 million standard cubic feet per day) of natural gas from planned liquefied natural gas (LNG) storage and vaporization terminals located on the Baja California coast in Mexico in a northbound direction for delivery to customers in California and Arizona. In addition to the new volumes from the LNG terminals, North Baja would continue to offer southbound gas transportation service for several existing shippers.

The draft EIS/EIR/plan amendment addresses the potential environmental effects of the construction and operation of the following facilities proposed by North Baja:

- 79.8 miles of pipeline loop ¹ (B-Line) adjacent to North Baja's existing pipeline (A-Line) consisting of 11.7 miles of 42-inch-diameter pipeline extending from the existing Ehrenberg Compressor Station at milepost (MP) 0.0 in La Paz County, Arizona to the existing Rannells Trap at MP 11.7 in Riverside County, California, and 68.1 miles of 48-inch-diameter pipeline extending from Rannells Trap to an interconnection at the U.S.-Mexico border at MP 79.8 in Imperial County, California;
- Less than 0.1 mile (about 20 feet) of 36-inch-diameter pipeline (SoCal Gas Company [SoCal Gas] Interconnect) to connect the B-Line to the existing SoCal Gas system within the proposed Blythe Meter Station site at MP 0.5 in Riverside County;

¹ A loop is a segment of pipeline that is usually installed adjacent to an existing pipeline and connected to it at both ends. The loop allows more gas to be moved through the system.

- 0.6 mile of 10-inch-diameter pipeline lateral² (Blythe Energy Interconnect Lateral [BEI Lateral]) extending from the proposed Blythe Meter Station site to an interconnection with the existing Blythe Energy Facility I supply pipeline in Riverside County;
- 45.7 miles of 16-inch-diameter pipeline lateral (Imperial Irrigation District [IID] Lateral) extending from MP 74.5 of the B-Line near the existing Ogilby Meter Station to the existing IID El Centro Generating Station in Imperial County;
- Modifications at its existing Ehrenberg Compressor Station and the existing Ogilby Meter Station to allow northbound flow of natural gas;
- Metering modifications at its existing El Paso Natural Gas Company (El Paso) Meter Station at the Ehrenberg Compressor Station site to allow LNG-source gas to be delivered into the El Paso system;
- One meter station (Blythe Meter Station) in Riverside County to measure gas delivery from the North Baja system to SoCal Gas and the BEI Lateral;
- One odorant facility at the existing Ogilby Meter Station to odorize the natural gas before delivery into the SoCal Gas system;
- One meter station (El Centro Meter Station) at the existing IID El Centro Generating Station to measure gas delivery from the North Baja system to the IID;
- One tap where the IID Lateral would connect to the B-Line in Imperial County;
- Three pig³ launchers;
- Four pig receivers;
- Nine remote manual valves with automatic shutdown capability on the B-Line, adjacent to the existing A-Line valve sites; and
- Four remote manual valves with automatic shutdown capability on the IID Lateral.

Comment Procedures and Public Meetings

Any person wishing to comment on the draft EIS/EIR/plan amendment is encouraged to do so. To expedite the Agency Staffs' receipt and consideration of your comments, electronic submission of comments is strongly recommended. See Title 18 CFR 385.2001(a)(1)(iii) and the instructions on the FERC Internet Web site (<http://www.ferc.gov>) under the eFiling link

² A lateral pipeline typically takes gas from the main system to deliver it to a customer, local distribution system, or another interstate transmission system.

³ A pig is an internal tool that can be used to clean and dry a pipeline and/or to inspect it for damage or corrosion.

and the link to the User's Guide. Before you can submit comments, you will need to create a free account by clicking on "Sign-up" under "New User." You will be asked to select the type of submission you are making. This type of submission is considered a "Comment on Filing." Comments submitted electronically must be submitted by December 28, 2006.

If you wish to mail comments, please mail your comments so that they will be received in Washington, DC on or before December 28, 2006. Please carefully follow these instructions to ensure that your comments are received and properly recorded:

- Send an original and two copies of your comments to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426;
- Reference Docket Nos. CP06-61-000 and CP01-23-003;
- Label one copy of your comments for the attention of Gas 1, DG2E; and
- Send an additional copy of your letter to:

Tom Filler, California State Lands Commission, 100 Howe Avenue, Suite 100 South, Sacramento, CA 95825.

Your letter to the CSLC should reference CA State Clearinghouse No. 2006081127.

In addition to or in lieu of sending written comments, the FERC, the CSLC, and the BLM invite you to attend two public meetings the Agency Staffs will conduct in the Project area to receive comments on the draft EIS/EIR/plan amendment. Both meetings will begin at 7 p.m. (PST), and are scheduled as follows:

Date	Location
Tuesday, December 5, 2006.	Vacation Inn, 2015 Cottonwood Circle, El Centro, CA 92243. (760) 352-9700.
Wednesday, December 6, 2006.	Blythe City Council Chamber, 235 North Broadway, Blythe, CA 92225. (760) 922-6161.

These meetings will be posted on the FERC's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx>. Interested groups and individuals are encouraged to attend and present written or oral comments on the draft EIS/EIR/plan amendment. Transcripts of the meetings will be prepared.

After the comments are reviewed, any significant new issues are investigated, and necessary modifications are made to the draft EIS/EIR/plan amendment, a

final EIS/EIR/proposed plan amendment will be published and distributed by the Agency Staffs. The final EIS/EIR/proposed plan amendment will contain the Agency Staffs' responses to comments timely received on the draft EIS/EIR/plan amendment.

Comments will be considered by the FERC, the CSLC, and the BLM, but will not serve to make the commenter a formal party to the proceeding. Any person seeking to become a formal party to the proceeding must file a motion to intervene pursuant to Rule 214 of the FERC's Rules of Practice and Procedure (Title 18 CFR part 385.214).

Anyone may intervene in this proceeding based on the draft EIS/EIR/plan amendment. You must file your request to intervene as specified above.⁴ You do not need intervenor status to have your comments considered and responded to.

The draft EIS/EIR/plan amendment has been placed in the public files of the FERC and the CSLC and is available for public inspection at:

Federal Regulatory Energy Commission, Public Reference Room, 888 First St. NE.; Room 2A, Washington, DC 20426; (202) 208-1371.

California State Lands Commission, 100 Howe Avenue, Suite 100 South, Sacramento, CA 95825; (916) 574-1938.

The draft EIS/EIR/plan amendment is also available for viewing on the FERC and CSLC Web sites at the Internet addresses below.

<http://www.ferc.gov>

<http://www.slc.ca.gov>

A limited number of copies of the draft EIS/EIR/plan amendment are available from the FERC's Public Reference Room identified above. These copies may be requested in hard copy or as .pdf files on compact disk. In addition, copies of the draft EIS/EIR/plan amendment have been mailed to Federal, State, and local government agencies; elected officials; Native American tribes; affected landowners; local libraries and newspapers; intervenors to the FERC's proceeding; and other interested parties. Hard copies of the draft EIS/EIR/plan amendment can be viewed at the following libraries in the Project area:

Yuma County Library District, 350 3rd Avenue, Yuma, AZ 85364.
Palo Verde Valley Library, 125 W. Chanslorway, Blythe, CA 92225.
El Centro Public Library, 539 State Street, El Centro, CA 92243.

⁴ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.

Hemet Public Library, 510 E. Florida Avenue, Hemet, CA 92543.

Holtville City Library, 101 E. 6th Street, Holtville, CA 92250.

Imperial Public Library, 200 W. 9th Street, Imperial, CA 92251.

City of Rancho Mirage Public Library, 42–520 Bob Hope Drive, Rancho Mirage, CA 92270.

Glen Avon Library, 9244 Galena Street, Riverside, CA 92509.

Palo Verde District Library, 701 Silver Spur Road, Rollins Hills Estates, CA 90274.

Additional information about the Project is available from the FERC's Office of External Affairs at 1–866–208–FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search," and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1–866–208–3676, or for TTY, contact (202) 502–8659. The eLibrary link on the FERC Internet Web site also provides access to the texts of formal documents issued by the FERC, such as orders, notices, and rule makings.

In addition, the FERC now offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. To register for this service, go to the eSubscription link on the FERC Internet Web site.

Information concerning the involvement of the CSLC in the EIS/EIR process may be obtained from Tom Filler, Project Manager, at (916) 574–1938, or on the CSLC Internet Web site at <http://www.slc.ca.gov>.

Information concerning the proposed land use plan amendments and the involvement of the BLM in the EIS/EIR and plan amendment process may be obtained from Lynda Kastoll, Project Manager, at (760) 337–4421.

Magalie R. Salas,
Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2082–027]

PacifiCorp, Oregon and California; Notice of Availability of the Draft Environmental Impact Statement for the Klamath Hydroelectric Project and Intention To Hold Public Meetings

September 25, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the Klamath Hydroelectric Project (FERC No. 2082), located primarily on the Klamath River, in Klamath County, Oregon and Siskiyou County, California, and has prepared a Draft Environmental Impact Statement (draft EIS) for the project. The existing project occupies 219 acres of lands of the United States, which are administered by the U.S. Bureau of Land Management or the U.S. Bureau of Reclamation.

The draft EIS contains staff evaluations of the applicant's proposal and alternatives for relicensing the Klamath Hydroelectric Project. The draft EIS documents the views of governmental agencies, non-governmental organizations, affected Indian tribes, the public, the license applicant, and Commission staff.

Comments on the draft EIS should be filed with Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. All comments must be filed by November 24, 2006, and should reference Project No. 2082–027.

Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and instructions on the Commission's Web site at <http://www.ferc.gov> under the eLibrary link.

In addition to or in lieu of sending written comments, you are invited to attend one or more public meetings that will be held to receive comments on the draft EIS during the month of November. Meeting dates, times, and locations will be provided in a subsequent Notice.

At these meetings, resource agency personnel and other interested persons will have the opportunity to provide oral and written comments and recommendations regarding the draft EIS. The meeting will be recorded by a

court reporter, and all statements (verbal and written) will become part of the Commission's public record for the project. Meeting information will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

Commission staff will consider comments it receives as it prepares the final EIS for this project. The final EIS will be part of the record from which the Commission will make its decision.

Copies of the draft EIS are available for review in the Commission's Public Reference Branch, Room 2A, located at 888 First Street, NE., Washington, DC 20426. The draft EIS also may be viewed on the Internet at www.ferc.gov under the eLibrary link. Enter the docket number (P–2082) to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Anyone may intervene in this proceeding based on this draft EIS (18 CFR 380.10). You must file your request to intervene as specified above.¹ You do not need intervenor status to have your comments considered.

For further information, contact John Mudre at (202) 502–8902 or at john.mudre@ferc.gov.

Magalie R. Salas,
Secretary.
