## NUCLEAR REGULATORY COMMISSION

[IA-06-036]

### In the Matter of Mr. Gary Abel; Confirmatory Order (Effective Immediately)

**I**

Mr. Gary Abel is a former General Manager of the Sterigenics International Inc. (Sterigenics), facility in Tustin, California.

**II**

An NRC inspection was conducted at Sterigenics' facility in Tustin, California

on October 18-19, 2004, to review compliance with the NRC's June 6, 2003, Order Imposing Compensatory Measures (Order) for Panoramic and Underwater Irradiator Licensees. Following that inspection, an investigation was initiated by the NRC Office of Investigations (OI) in order to determine whether Mr. Abel, who was the General Manager of the facility at the time, engaged in deliberate misconduct. Based on the results of the NRC inspection and investigation, the NRC identified that Mr. Abel acted in apparent violation of 10 CFR 30.10, "Deliberate misconduct." 10 CFR 30.10 states, in part, that any employee of a licensee may not: (1) Engage in deliberate misconduct that causes a licensee to be in violation of any order issued by the Commission; or (2) deliberately submit to the NRC information that the person submitting the information knows to be incomplete or inaccurate in some respect material to the NRC. Attachment 3 of the NRC's June 6, 2003 Order requires certain specific handling requirements for documents containing Safeguards Information-Modified Handling (SGI-M).

Based on the inspection and investigation, the NRC was concerned that between December 2003 and April 2004, Mr. Abel engaged in deliberate misconduct when he faxed, over unprotected telecommunications circuits, a document containing SGI-M, when he knew this was prohibited by the Order. This act caused the licensee to be in violation of the June 6, 2003, Order. In addition, the NRC was concerned that Mr. Abel submitted to the NRC information that he knew was incomplete or inaccurate regarding some of the circumstances relating to the faxed document.

**III**

In a letter dated March 21, 2006, the NRC identified to Mr. Abel an apparent violation of 10 CFR 30.10, and offered Mr. Abel the opportunity to either request a predecisional enforcement conference or request Alternative Dispute Resolution (ADR) with the NRC in an attempt to resolve any disagreement on whether a violation occurred and if a violation did in fact occur, the appropriate enforcement sanction. In response to the March 21, 2006 letter, Mr. Abel requested ADR to resolve the matter with the NRC. ADR is a process in which a neutral mediator with no decision-making authority assists the NRC and Mr. Abel to resolve any differences regarding the matter.

An ADR session was held between Mr. Abel and the NRC in Lisle, Illinois,
