SUPPLEMENTARY INFORMATION:

I. Abstract

This is a generic clearance for an undefined number of voluntary surveys that the United States Patent and Trademark Office (USPTO) may conduct over the next 3 years. The USPTO uses telephone surveys, questionnaires, and customer surveys to collect feedback from their customers.

With the exception of the telephone surveys, the surveys are mailed to the USPTO's customers. The USPTO provides the option for customers to respond to the questionnaires and surveys electronically. Although the USPTO is moving to an electronic environment and would prefer to administer the questionnaires and customer surveys wholly via the web to coincide with other e-government initiatives, the USPTO's customers have requested that the surveys be made available in paper format as well since many of them only find the time to complete the surveys during their commutes, on planes, etc., where they do not have Internet access. Consequently, the surveys are primarily answered in the paper format.

Customers either access the survey in question through the USPTO's Web site or through the Web sites of the USPTO's survey contractors. Instructions for using the online surveys are provided in the cover letter that accompanies the survey. The cover letter also contains the username and password required to enter the survey site and the access code to activate the survey. The electronic version of the survey mirrors the paper version.

The USPTO also conducts customer surveys of the entire agency. These surveys were previously covered under this generic clearance. However, since the 21st Century Strategic Plan changed the timing of these surveys from annually to biannually, these surveys will now be covered under a separate and distinct information collection. The face-to-face interviews, comment cards, and focus groups used previously have also been deleted from the collection.

The surveys in this collection are designed to obtain customer feedback regarding products, services, and related service standards of the USPTO. At this

time, the USPTO is unable to state precisely which survey vehicles will be used during the renewal period. As the USPTO's survey needs are determined, the USPTO will submit the specific survey instrument for approval.

II. Method of Collection

These surveys will either be conducted by telephone, mailed to the USPTO in a pre-addressed, self-stamped envelope, or completed electronically. A random sample is used to collect the data. Statistical methods will be followed.

III. Data

OMB Number: 0651-0038.

Form Number(s): The USPTO will have surveys and questionnaires in both paper and electronic formats.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; business or other for-profit; not-for-profit institutions; farms; the Federal Government; and State, local, or tribal governments.

Estimated Number of Respondents: 1,900 responses per year.

Estimated Time Per Response: The USPTO estimates that it will take the public approximately 15 minutes to complete the telephone surveys and 5 minutes to complete the questionnaires and customer surveys, whether they are mailed to the USPTO or submitted electronically. This includes the time to gather the necessary information, complete the surveys, and submit them to the USPTO.

Estimated Total Annual Respondent Burden Hours: 220 hours per year.

Estimated Total Annual Respondent Cost Burden: \$51,700. The USPTO believes that both professionals and para-professionals will complete these surveys, at a rate of 75% of the current professional rate of \$286 per hour and 25% of the para-professional rate of \$81 per hour. Using a combination of these rates, the USPTO is using an hourly rate of \$235 to calculate the respondent costs. The USPTO estimates that the respondent cost burden for this collection will be \$51,700 per year.

Item	Estimated time for response	Estimated annual responses	Estimated annual burden hours
Telephone Surveys	5 minutes	400	100
Questionnaires and Customer Surveys	5 minutes	750	60
Electronic Questionnaires and Customer Surveys	5 minutes	750	60
Total	1,900	220

Note: The burden figures shown in the table above are estimates based on the surveys that the USPTO may conduct during the next three years. At this time, the USPTO cannot predict which or how many surveys will be conducted. Depending on the number of surveys that the USPTO actually conducts, it is possible that the burden hours could decrease or even increase from the totals shown in the table.

Estimated Total Annual Non-hour Respondent Cost Burden: \$0. (There are no capital start-up or maintenance costs associated with this information collection.) Although the USPTO conducts mail surveys, self-addressed and stamped envelopes are provided with them. Respondents incur no postage costs resulting from these surveys.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.
