Corrections

In the proposed rule document appearing at 71 FR 13063, March 14, 2006—

1. On page 13064, under the heading A. Background, second column, first paragraph, the third line is corrected by adding “and payment” after the word “billing”.

2. On page 13064, third column, § 102-118.130 is corrected to read as follows:

§ 102-118.130 Must my agency use a GBL for express, courier, or small package shipments?

No, however, all shipments must be subject to the terms and conditions set forth in the bill of lading. § 102-118.195 What documents must a transportation service provider (TSP) send to receive payment for a transportation billing?

The transportation service provider (TSP) must submit a bill of lading or an original properly certified International Government bill of lading (GBL). The TSP must submit this package and all supporting documents to the agency paying office.

§ 102-118.560 [Corrected]

4. On page 13064, in the third column, § 102-118.560 is corrected in the fourth line by removing “manner” and adding “format” in its place.
