

and controlled for the authorized processing of SGI-M information. Different copiers have different capabilities, including some which come with features that allow the memory to be erased. Each copier would have to be examined from a physical security perspective.

Use of Automatic Data Processing (ADP) Systems

SGI-M may be processed or produced on an ADP system provided that the system is assigned to the licensee's or contractor's facility and requires the use of an entry code/password for access to stored information. Licensees must process this information in a computing environment that has adequate computer security controls in place to prevent unauthorized access to the information. An ADP system is defined here as a data processing system having the capability of long term storage of information. Word processors such as typewriters are not subject to the requirements as long as they do not transmit information off-site. (**Note:** If SGI-M is produced on a typewriter, the ribbon must be removed and stored in the same manner as other SGI-M information or media.) The basic objective of these restrictions is to prevent access and retrieval of stored SGI-M by unauthorized individuals, particularly from remote terminals. Specific files containing SGI-M will be password protected to preclude access by an unauthorized individual. SGI-M files may be transmitted over a network if the file is encrypted. In such cases, the licensee will select a commercially available encryption system that NIST has validated as conforming to Federal Information Processing Standards (FIPS). SGI-M files shall be properly labeled as "Safeguards Information—Modified Handling" and saved to removable media and stored in a locked file drawer or cabinet. The National Institute of Standards and Technology (NIST) maintains a listing of all validated encryption systems at <http://csrc.nist.gov/cryptval/140-1/1401val.htm>.

Telecommunications

SGI-M may not be transmitted by unprotected telecommunications circuits except under emergency or extraordinary conditions. For the purpose of this requirement, emergency or extraordinary conditions are defined as any circumstances that require immediate communications in order to report, summon assistance for, or respond to a security event (or an event that has potential security significance).

This restriction applies to telephone, telegraph, teletype, facsimile circuits, and to radio. Routine telephone or radio transmission between site security personnel, or between the site and local police, should be limited to message formats or codes that do not disclose facility security features or response procedures. Similarly, call-ins during transport should not disclose information useful to a potential adversary. Infrequent or non-repetitive telephone conversations regarding a physical security plan or program are permitted provided that the discussion is general in nature.

Individuals should use care when discussing SGI-M at meetings or in the presence of others to ensure that the conversation is not overheard by persons not authorized access. Transcripts, tapes or minutes of meetings or hearings that contain SGI-M shall be marked and protected in accordance with these requirements.

Destruction

Documents containing SGI-M must be destroyed when no longer needed. They may be destroyed by tearing into small pieces, burning, shredding or any other method that precludes reconstruction by means available to the public at large. Piece sizes one-half inch or smaller composed of several pages or documents and thoroughly mixed are considered completely destroyed.

Attachment B—Trustworthiness and Reliability Requirements for Individuals Handling Safeguards Information

Licensees shall document the basis for concluding that there is reasonable assurance that individuals granted access to safeguards information or who are placed in positions where they could facilitate access to the regulated material are trustworthy and reliable, and do not constitute an unreasonable risk for malevolent use of the regulated material.

The trustworthiness, reliability, and verification of an individual's true identity shall be determined based on a background investigation. The background investigation shall address at least the past three (3) years, and, as a minimum, include a local criminal history check (unless local or State laws prohibit local criminal history checks of current employees), verification of employment history, education, employment eligibility, and personal references. If an individual's employment has been less than the required three (3) year period, educational references may be used in lieu of employment history.

The licensee's background investigation requirements may be satisfied for an individual that has an active Federal security clearance.

Applicants' Representations

1. The Company, a Wisconsin
corporation, is registered under the Act
as an open-end management investment
company. The Company currently is
comprised of thirteen series (each a
"Fund" and collectively, the "Funds"),
each with a separate investment
objective, policy and restrictions.¹ The
Adviser is registered as an investment
adviser under the Investment Advisers
Act of 1940 ("Advisers Act") and serves
as investment adviser to the Funds
pursuant to an investment advisory
agreement ("Advisory Agreement") with
the Company. The Advisory Agreement
has been approved by the Company's
board of directors (the "Board"),
including a majority of the directors
who are not "interested persons," as
defined in section 2(a)(19) of the Act, of
the Company or the Adviser
("Independent Directors"), as well as by
the shareholders of each Fund.

2. Under the terms of the Advisory
Agreement, the Adviser provides the
Funds with overall investment
management services, supervises the
investment program for each Fund, and
has the authority, subject to the
approval of the Board and Fund
shareholders, to enter into investment
subadvisory agreements ("Subadvisory
Agreements") with one or more
subadvisers ("Subadvisers"). The
Adviser has entered into Subadvisory
Agreements with two Subadvisers to
provide investment advisory services to
one Fund and in the future may enter

¹ Applicants also request relief with respect to
future series of the Company and any other existing
or future registered open-end management
investment company or series thereof that: (a) is
advised by the Adviser or a person controlling,
controlled by, or under common control with the
Adviser or its successors; (b) uses the management
structure described in the application; and (c)
complies with the terms and conditions of the
application (included in the term "Funds"). For
purposes of the requested order, "successor" is
limited to an entity or entities that result from a
reorganization into another jurisdiction or a change
in the type of business organization. The only
existing registered open-end management
investment company that currently intends to rely
on the requested order is named as an applicant. If
the name of any Fund contains the name of a
Subadviser (as defined below), the name of the
Adviser or the name of the entity controlling,
controlled by, or under common control with the
Adviser that serves as the primary adviser to the
Fund will precede the name of the Subadviser.

into Subadvisory Agreements on behalf
of other Funds. Each Subadviser is
registered under the Advisers Act. The
Adviser monitors and evaluates the
Subadvisers and recommends to the
Board their hiring, retention or
termination. Subadvisers recommended
to the Board by the Adviser are selected
and approved by the Board, including a
majority of the Independent Directors.
Each Subadviser has discretionary
authority to invest the assets or a
portion of the assets of a particular
Fund. The Adviser compensates each
Subadviser out of the fees paid to the
Adviser under the Advisory Agreement.

3. Applicants request an order to
permit the Adviser, subject to Board
approval, to enter into and materially
amend Subadvisory Agreements
without obtaining shareholder approval.
The requested relief will not extend to
any Subadviser that is an affiliated
person, as defined in section 2(a)(3)
of the Act, of the Company or of the
Adviser, other than by reason of serving
as a Subadviser to one or more of the
Funds ("Affiliated Sub-Adviser").

4. Applicants also request an
exemption from the various disclosure
provisions described below that may
require a Fund to disclose fees paid by
the Adviser to each Subadviser. An
exemption is requested to permit the
Company to disclose for each Fund (as
both a dollar amount and as a
percentage of each Fund's net assets): (a)
the aggregate fees paid to the Adviser
and any Affiliated Subadvisers; and (b)
the aggregate fees paid to Subadvisers
other than Affiliated Subadvisers
("Aggregate Fee Disclosure"). For any
Fund that employs an Affiliated
Subadviser, the Fund will provide
separate disclosure of any fees paid to
the Affiliated Subadviser.

Applicants' Legal Analysis

1. Section 15(a) of the Act provides,
in relevant part, that it is unlawful for
any person to act as an investment
adviser to a registered investment
company except under a written
contract that has been approved by the
vote of a majority of the company's
outstanding voting securities. Rule 18f-
2 under the Act provides that each
series or class of stock in a series
company affected by a matter must
approve such matter if the Act requires
shareholder approval.

2. Form N-1A is the registration
statement used by open-end investment
companies. Item 14(a)(3) of Form N-1A
requires disclosure of the method and
amount of the investment adviser's
compensation.

3. Rule 20a-1 under the Act requires
proxies solicited with respect to an
