This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** The universe of each respondent activity varies depending upon the specific activity. The respondent universe for each information collection activity associated with EPA Water Efficiency Program is presented and explained separately below.

**Partnership Agreement:** EPA estimates that 3,800 partners will join the program in the first year, 5,000 in the second year, and 6,200 in the third year of the program, for an average of 5,000 partners per year. EPA estimates that certified professionals will comprise the vast majority of partnerships. For other partner categories, EPA anticipates welcoming 100 partners in the first year, 75 in the second year, and 125 in the third year.

**New Certified Product Notification Form:** During the three-year period covered by this ICR, EPA anticipates developing specifications for 13 categories of products and services. Each product category has specific information that must be submitted by partners who desire to label their product(s). EPA anticipates that manufacturers will submit a total of 450 products for certification in the 13 categories over the first 3 years of the program. This translates to 150 products annually. Of the 450 total applications, EPA anticipates updating the Web registry of labeled products on a monthly basis.

**Promotional Plan:** With an exception for certified professionals, EPA plans to request submission of one Promotional Plan per partner for each year the partner participates in the program. Thus, EPA anticipates receiving 100 promotional plans in the first year, 175 in the second and 300 in the third for an average of 192 per year.

**Annual Update:** With an exception for certified professionals, EPA plans to require submission of one Annual Update per partner for each year the

partner participates in the program. Thus, EPA anticipates receiving 100 Annual Updates in the first year, 175 in the second and 300 in the third for an average of 192 per year.

**Award Application:** EPA plans to initiate an awards program by the third year of the Water Efficiency Program. Based on the popularity of other EPA awards programs, EPA anticipates receiving 100 applications during the first round of award applications.

**Estimated Number of Respondents:** 214 State and local government; 427 private sector, 5000 individuals per year.

**Frequency of Response:** Once/year.

**Estimated Total Annual Hour Burden:** 50,081.

**Estimated Total Annual Cost:** \$3,372,000, includes \$125,000 annual capital/startup and O&M costs and \$3,247,000 annual labor costs.
