Great Lakes states that its St. Clair metering facilities have reached the end of their serviceable life. Great Lakes indicates that in lieu of replacement, Great Lakes requests authorization to utilize third party measurement data available from TransCanada PipeLines Ltd., downstream of the St. Clair Delivery Point. Great Lakes proposes to abandon the metering function at its St. Clair Delivery Point by removing the orifice plates and the differential pressure and temperature transmitters from the existing meter runs. Great Lakes maintains that the proposed abandonment would not affect service to any shipper at the St. Clair Point.

Great Lakes contends that all customers receiving deliveries at the St. Clair Delivery Point have provided their written consent to the abandonment except one. Great Lakes avers that the customer not providing written consent has not indicated that it objects to the abandonment. Great Lakes, therefore, seeks a waiver to permit the abandonment notwithstanding the withholding of written consent by the one customer.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-filing" link. The Commission strongly encourages electronic filings.

Knergy LLC; Notice of Issuance of Order

January 13, 2006.

Knergy LLC (Knergy) filed an application for market-based rate authority, with an accompanying rate tariff. The proposed rate tariff provides for the sales of capacity, energy, and ancillary services at market-based rates and for the reassignment of transmission capacity. Knergy also requested waiver of various Commission regulations. In particular, Knergy requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Knergy.

On January 12, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Knergy should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Knergy's issuances of securities or assumptions of liability.
