

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2006-70 on the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2006-70. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the Phlx. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-Phlx-2006-70 and should be submitted on or before January 12, 2007.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁴⁸

Florence E. Harmon,
Deputy Secretary.

SMALL BUSINESS ADMINISTRATION

Notice Seeking Exemption Under Section 312 of the Small Business Investment Act, Conflicts of Interest; Alliance Enterprise Corporation License No. 03/03-5066

Notice is hereby given that Alliance Enterprise Corporation, 2435 North Central Expressway, Suite 200, Richardson, TX 75080, a Federal Licensee under the Small Business Investment Act of 1958, as amended ("the Act"), in connection with the financing of a small concern, has sought an after-the-fact exemption under Section 312 of the Act and Section 107.730, Financings which Constitute Conflicts of Interest of the Small Business Administration ("SBA") Rules and Regulations (13 CFR 107.730). Alliance Enterprise Corporation provided a \$500,000 loan to M68 Technologies, Inc. (M68) on May 20, 2005.

The financing is brought within the purview of § 107.730(a)(1) of the Regulations because M68 is an Associate of Alliance Enterprise Corporation, inasmuch as sister SBIC MESBIC Ventures, Inc. had previously invested in M68 and owned 51.5 percent of the common stock. MESVIC Ventures, Inc. and Alliance Enterprise Corporation are associates of each other since they are under common control in accordance with the definition contained in Section 107.50(4) of the Regulations. Both SBICs are wholly-owned by Pacesetter/MVHC, Inc.

Notice is hereby given that any interested person may submit written comments on the transaction to the Associate Administrator for Investment, U.S. Small Business Administration, 409 Third Street, SW., Washington, DC 20416.

Dated: October 31, 2006.

Jaime Guzman-Fournier,
Acting Associate Administrator for Investment.

Federal Highway Administration

Notice To Rescind a Notice of Intent To Prepare an Environmental Impact Statement (EIS); Bannock County, ID

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Rescind Notice of Intent to prepare an EIS.

SUMMARY: The FHWA is issuing this notice to advise the public that the Notice of Intent (NOI) published on May 3, 2006 to prepare an EIS for a proposed highway project in Bannock County, Idaho is being rescinded.

FOR FURTHER INFORMATION CONTACT: Mr. Edwin B. Johnson, Field Operations Engineer, Federal Highway Administration, 3050 Lakeharbor Lane, Suite 126, Boise, Idaho 83703, Telephone: (208) 334-9180, ext. 116, or Mr. Dennis Clark, Environmental Section Manager, Headquarters, Idaho Transportation Department, P.O. Box 7129, Boise, Idaho 83703-1129, Telephone: (208) 334-8203.

SUPPLEMENTARY INFORMATION:

Background

The FHWA, in cooperation with the Idaho Transportation Department (ITD),

is rescinding the NOI to prepare an EIS for a project that has been proposed to provide a new access point along Interstate 15 (I-15) in Bannock County, Idaho. The NOI is being rescinded because ITD and FHWA have determined that the project will have no significant impacts and an EIS is not necessary or appropriate for the environmental evaluation.

The I-15 Environmental Study began in June 2004. Initial projects indicated that an Environmental Assessment (EA) would be an appropriate level of documentation for project impacts. Additional environmental scans and screening did not reveal significant impacts to support a change in the level of documentation. Alternatives were developed and advanced into further screening where actual footprints were evaluated for impacts within the project limits. One of the alternatives showed greater impacts than others being evaluated during the continued screening process. In response to that finding it was thought that an EIS would be the best method to discuss impacts from this alternative. Consequently, an NOI was published on May 3, 2006.

A public meeting was held on June 22, 2006 to solicit comments from the public on alternatives being considered. An additional screening analysis was performed in conjunction with the public meeting. Based upon the results of that screening analysis and public comments received on this analysis, some of the alternatives were dropped from further analysis due to potential significant impacts to the built and natural environment as well as to traffic operations. At this point in the project development process, no significant human or natural environmental impacts are evident in the I-15 Environmental Study project that would require an EIS. If, at any point in the EA process, it is determined that the action is likely to have a significant impact on the environment, the preparation of an EIS will be required.

To ensure that the full range of issues related to this proposed action and all significant issues are identified, comments and suggestions are invited from all interested parties regarding this action to rescind the NOI published May 3, 2006 for the highway project in Bannock County, Idaho. Comments or questions concerning this proposed action should be directed to the FHWA or ITD at the addresses provided above.

Value Pricing Pilot Program Participation, Fiscal Years 2007-2009

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice; solicitation for participation.

SUMMARY: This notice invites State and local governments and other public authorities to apply to participate in the Value Pricing Pilot (VPP) program and presents guidelines for program applications. This notice supersedes two previous notices about the VPP program under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) published in the **Federal Register** on January 6, 2006 (71 FR 970), and July 17, 2006 (71 FR 40578). The primary purpose of superseding the previous notices with this new notice is to shift the focus on the types of VPP program projects being solicited to achieve consistency with the U.S. Department of Transportation's (DOT) National Strategy to Reduce Congestion on America's Transportation Network (DOT Congestion Initiative), announced on May 16, 2006.¹ This national strategy contains a number of elements that involve pricing, thus warranting a reconsideration of the types of projects solicited for VPP program participation. This solicitation aligns the VPP program with the DOT Congestion Initiative by together seeking to support metropolitan areas in systemically progressing toward implementation of broad congestion pricing strategies in the near term. This notice also describes the statutory basis for the VPP program and specifies all of the steps necessary to apply for funding and, where applicable, tolling authority

¹ Speaking before the National Retail Federation's annual conference on May 16, 2006, in Washington, DC, former U.S. Transportation Secretary Norman Mineta unveiled a new plan to reduce congestion plaguing America's roads, rail, and airports. The National Strategy to Reduce Congestion on America's Transportation Network includes a number of initiatives designed to reduce transportation congestion.
