[Release No. 34-54038; File No. SR-CTA/CQ-2006-01]

Consolidated Tape Association; Notice of Filing and Immediate Effectiveness of the Eighth and Ninth Substantive Amendments to the Second Restatement of the Consolidated Tape Association Plan and the Sixth Substantive Amendment to the Restated Consolidated Quotation Plan

June 23, 2006.

Pursuant to section 11A of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 608 thereunder,² notice is hereby given that on June 16, 2006, the Consolidated Tape Association (“CTA”) Plan and Consolidated Quotation (“CQ”) Plan participants (“Participants”)³ submitted to the Securities and Exchange Commission (“Commission”) proposals to amend the CTA and CQ Plans (collectively, the “Plans”).⁴ The

proposals represent the eighth substantive amendment made to the Second Restatement of the CTA Plan (“Eighth Amendment to the CTA Plan”), the ninth substantive Amendment to the Second Restatement of the CTA Plan (“Ninth Amendment to the CTA Plan”) and the sixth substantive amendment to the Restated CQ Plan (“Sixth Amendment to the CQ Plan”), and reflect changes unanimously adopted by the Participants. The Eighth Amendment to the CTA Plan would modify the procedures that apply to the Processor’s recommencement of dissemination of the last sale price information in a security after the security’s listing market declares the end to a regulatory halt in the security. The Ninth Amendment to the CTA Plan and the Sixth Amendment to the CQ Plan would add International Securities Exchange, Inc. (“ISE”) and the Nasdaq Stock Market LLC (“Nasdaq”) as new Participants to the Plans. In addition, these amendments would perform a “housekeeping” function of incorporating into the text of the Plans changes to the corporate names and addresses of some Participants.

Pursuant to Rule 608(b)(3)(ii) under the Act,⁵ the Participants designated the Eighth Amendment to the CTA Plan as concerned solely with technical or ministerial matters and designated the Ninth Amendment to the CTA Plan and the Sixth Amendment to the CQ Plan as concerned solely with the administration of the Plans. As a result, all three amendments have become effective upon filing with the Commission. At any time within 60 days of the filing of the amendments, the Commission may summarily abrogate the amendments and require that such amendments be refiled in accordance with paragraph (a)(1) of Rule 608 and reviewed in accordance with paragraph (b)(2) of Rule 608, if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or the maintenance of fair and orderly markets, to remove impediments

to, and perfect the mechanisms of, a national market system or otherwise in furtherance of the purposes of the Act. The Commission is publishing this notice to solicit comments from interested persons.

I. Description and Purpose of the Proposed Amendments

A. Application of Listing Market Regulatory Halt Procedures

The Eighth Amendment to the CTA Plan proposes to modify the procedures that apply to the Processor’s recommencement of dissemination of last sale price information in a security after the security’s listing market declares the end to a regulatory halt in the security.

Currently, the CTA Plan prescribes procedures for re-opening trading in a security after the end of a regulatory trading halt. The Participants propose to remove those procedures from the CTA Plan and to replace them with a cross reference to the procedures governing the reopening of a security after a regulatory halt as set forth in the rules of the listing market for the security. Therefore, the reopening procedures set forth in the rules of the security’s listing market, rather than the procedures set forth in the CTA Plan, would govern the security’s reopening after a regulatory halt. In the case of a security that is listed simultaneously on more than one market, the reopening procedures of the market on which the security was first listed would apply.

The Participants believe that the change is necessary because the reopening procedures of listing markets have come to diverge from one another and from those set forth in the CTA Plan. (See, e.g., NYSE Rule 123D (“Openings and Halts in Trading”) and AMEX Rule 119 (“Indications, Openings and Reopenings”).) The amendment removes any inconsistency between reopening procedures under the CTA Plan and reopening procedures under the rules of the listing market.

The Participants also propose to replace references to primary market in Section XI(a) of the CTA Plan with references to listed market.

³ Each Participant executed the proposed amendments. The current Participants are the American Stock Exchange LLC (“Amex”); Boston Stock Exchange, Inc. (“BSE”); Chicago Board Options Exchange, Inc. (“CBOE”); Chicago Stock Exchange, Inc. (“CHX”); National Association of Securities Dealers, Inc. (“NASD”); National Stock Exchange (“NSX”); New York Stock Exchange, LLC (“NYSE”); NYSE Arca, Inc. (“NYSE Arca”); and Philadelphia Stock Exchange, Inc. (“Phlx”).

⁴ See Securities Exchange Act Release Nos. 10787 (May 10, 1974), 39 FR 17799 (order approving CTA Plan); 15009 (July 28, 1978), 43 FR 34851 (August 7, 1978) (order temporarily approving CQ Plan); and 16518 (January 22, 1980), 45 FR 6521 (order permanently approving CQ Plan). The most recent restatement of both Plans was in 1995. The CTA Plan, pursuant to which markets collect and disseminate last sale price information for listed securities, is a “transaction reporting plan” under Rule 601 under the Act, 17 CFR 240.601, and a “national market system plan” under Rule 608 under the Act, 17 CFR 240.608. The CQ Plan, pursuant to which markets collect and disseminate bid/ask quotation information for listed securities, is also a “national market system plan” under Rule 608 under the Act, 17 CFR 240.608.

Section XI. Operational Matters

* * * * *

[Ten minutes after the primary market notification to the Processor of adequate publication or disclosure of information, provided that the primary market has during such 10 minute period caused the Processor to include on the consolidated tape an indication of interest relating to the affected Eligible Security, the Processor shall again commence to disseminate on a current and continuous basis the last sale price information received by it from any Participant or other reporting party after the passage of such 10 minute period.

In the event that the primary market does not cause the Processor to include on the consolidated tape an indication of interest relating to the Eligible Security which is the subject of the Regulatory Halt during the 10 minute time period following the primary market's notification to the Processor of adequate publication or disclosure of information, then the primary market shall cause the Processor to include on the consolidated tape, within 5 minutes after the passage of such 10 minute time period, an administrative message. Such administrative message shall:

(i) Signify a continuation of the Regulatory Halt (such an administrative message shall include the ticker symbol of the affected Eligible Security, the last sale price of such Security as most recently disseminated by the Processor prior to the commencement of the Regulatory Halt, and the reason for the continuation of the Regulatory Halt, such as, "news pending" or "news dissemination"), or

(ii) Announce that a market condition which relates to the trading of the affected Eligible Security in the primary market exists (*e.g.*, a heavy influx or imbalance of orders), in which event the Regulatory Halt shall terminate 5 minutes after the printing of such administrative message on the consolidated tape and thereafter the Processor shall again commence to disseminate on a current and continuous basis last sale price information received by it from any Participant or other reporting party after the termination of the Regulatory Halt.]

The Processor shall again commence to disseminate on a current and continuous basis the last sale price information received by it from any Participant or other reporting party in the affected Eligible Security in accordance with the re-opening procedures applicable to Regulatory Halts set forth in the rules of the Eligible

Security's listing market. (See, for example, NYSE Rule 123D ("Openings and Halts in Trading") and AMEX Rule 119 ("Indications, Openings and Reopenings")).

[For the purposes of this Section XI, the "primary market" for any Eligible Security shall be that exchange Participant in whose market the greatest number of transactions in such Eligible Security reported on the consolidated tape during the preceding six month period (or such shorter period as the Security has been reported on the consolidated tape if it has not been so reported for a full six month period) has taken place.]

For the purposes of this Section XI, the "listing market" for any Eligible Security shall be that exchange Participant on which the Eligible Security is listed. If an Eligible Security is dually listed, "listing market" shall be that exchange Participant on which the Eligible Security was originally listed.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54042; File No. SR-Amex-2006-59]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to its Options Marketing Fee Program

June 26, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 15, 2006, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Amex has designated this proposal as one establishing or changing a due, fee, or other charge imposed by the Amex under section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Amex proposes to amend its fee schedule and marketing fee program to assess a marketing fee of \$0.75 per contract on options on the Nasdaq-100 Index ("NDX") and on the Russell 2000 Index ("RUT"). The text of the proposed rule change is available on the Amex's Web site at <http://www.amex.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

concerning the purpose of and basis for the proposed rule change, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Amex proposes to amend its fee schedule and marketing fee program to assess a marketing fee of \$0.75 per contract on options on the NDX and on the RUT. This fee would apply to specialists and Registered Options Traders ("ROTs").⁵

The Exchange represents that its current marketing fee of \$0.75 is assessed upon specialists and ROTs for all equity options classes; exchange-traded fund share options, including options on the Nasdaq 100 Tracking Stock ("QQQ"), and excluding options on the Standard & Poor's Depository Receipts ("SPY"); and Trust Issued Receipt ("HOLDR") options.⁶ Prior to the filing of the proposed rule change, the marketing fee did not apply to index options, including options on the Mini-Nasdaq 100 Index ("MNX"), NDX, or RUT options.⁷ In addition, a marketing fee of \$1.00 is assessed upon specialists and ROTs⁸ for all SPY options. The marketing fee does not apply to firms, non-member market makers, broker/dealers and customers.

The Exchange asserts that the proposal is equitable as required by section 6(b)(4) of the Act.⁹

⁵ The Exchange states that it has proposed these changes to its marketing fees in order to remain competitive with other options exchanges and to attract order flow. Telephone conference between Hong-Anh Tran, Special Counsel, Division of Market Regulation ("Division"), Commission, and Nyieri Nazarian, Assistant General Counsel, Exchange, on June 20, 2006.

⁶ See Securities Exchange Act Release No. 53341 (February 21, 2006), 71 FR 10085 (February 28, 2006) (SR-Amex-2006-15).

⁷ Telephone conference between Hong-Anh Tran, Special Counsel, Division, Commission, and Nyieri Nazarian, Assistant General Counsel, Exchange, on June 20, 2006. As noted above, under the proposed rule change, a marketing fee of \$0.75 per contract now will be assessed on NDX and RUT options.

⁸ The marketing fee applies to specialists and ROTs. Telephone conference between Hong-Anh Tran, Special Counsel, Division, Commission, and Nyieri Nazarian, Assistant General Counsel, Exchange, on June 20, 2006.
