

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[Order No. 1525]

Approval of Request For Manufacturing Authority Within Foreign-Trade Zone 52, Ronkonkoma, New York, TKD Industries, Inc. (Cosmetic Kits)

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Town of Islip, operator of Foreign-Trade Zone (FTZ) 52, has requested authority under Section 400.32(b)(2) of the Board's regulations on behalf of TKD Industries, Inc., to conduct cosmetic kit manufacturing/kitting under zone procedures within FTZ 52 in Ronkonkoma, New York (FTZ Docket 33-2006, filed 8/10/06);

Whereas, notice inviting public comment has been given in the **Federal Register** (71 FR 48910, 8/22/06); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby grants authority for the manufacture/kitting of cosmetic kits within FTZ 52, as described in the application and the **Federal Register** notice, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 7th day of September 2007.

David M. Spooner,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**National Institute of Standards and Technology****Notice of U.S. National Work Group Meeting for Hydrogen Measurement Standards**

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of a meeting for the U.S. National Work Group for Hydrogen Measurement Standards, October 2007.

SUMMARY: The National Institute of Standards and Technology (NIST), Technology Services, Weights and Measures Division (WMD) announces plans to hold a U.S. National Work Group Meeting (USNWG) for the development of hydrogen measurement standards for commercial equipment on October 3-4, 2007, from 9 a.m. to 5 p.m. **DATES:** October 3, 2007, to October 4, 2007.

Meeting Location and Registration: The USNWG Meeting will be held at NIST, 100 Bureau Drive, Gaithersburg, Maryland 20899. The Wednesday, October 3, meeting will be held in Building 101, Lecture Room B, and the Thursday, October 4, meeting in Building 101, Lecture Room A. Those unable to attend in person may participate via teleconference; please contact WMD for details. Written comments from stakeholders unable to attend or participate in these meeting dates must be received by Friday, September 28, 2007 and sent to the attention of Ms. Juana Williams. On-line registration at http://www.nist.gov/public_affairs/confpage/conflist.htm closes Wednesday, September 26, 2007; after this date, contact Ms. Angela Ellis, NIST Conference Facilities, at 301-975-3881.

SUPPLEMENTARY INFORMATION: As part of the NIST WMD mandate to "fix the standard of weights and measures" its staff and the USNWG will meet for the first in-person (and via audio conference) meeting to promote the development of legal metrology standards to facilitate the United States transition to a hydrogen economy. USNWG participants are technical experts working on existing related international and national standards activities, motor-fuel dispenser and component manufacturers and associated service industry, suppliers of motor-fuel products such as hydrogen, service station installers and operators, alternative fuel vehicle manufacturers, or regulatory officials enforcing legal controls over commercial devices.

Establishment of these standards will ensure the selection and use of suitable, approved, and properly maintained equipment that provides accurate hydrogen measurement and sufficient valid transaction information to the buyer and seller. Historically, these standards are adopted by the states as the basis of uniform requirements used to regulate weighing and measuring devices and commodities sold on the basis of weight, measure, or count. The goal of NIST and the USNWG is to establish commercial hydrogen measurement standards that encompass:

(1) Device and related equipment codes, (2) method of sale requirements, (3) labeling requirements, (4) quality standards, (5) sampling procedures, (6) inspection procedures, (7) test equipment, and (8) safety practices. These standards and related documents will be the basis for day-to-day commercial operations, training weights and measures regulatory officials and service companies, and educating consumers about hydrogen measurement.

FOR FURTHER INFORMATION CONTACT:

Juana Williams by mail at NIST, Weights and Measures Division, 100 Bureau Drive, Mail Stop 2600, Gaithersburg, MD 20899-2600; by e-mail at juana.williams@nist.gov; by telephone at 301-975-3989; or by fax at 301-975-8091. NIST is not open to the general public, and due to limited space, registration is required and should be completed by September 26, 2007. The USNWG meeting agenda will be available on September 6, 2007, to all registered participants and upon request by other interested parties by contacting the NIST WMD.

Dated: September 11, 2007.

James M. Turner,

Acting Director.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Availability of Seats for the Monterey Bay National Marine Sanctuary Advisory Council**

AGENCY: National Marine Sanctuary Program (NMSPP), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The Monterey Bay National Marine Sanctuary (MBNMS or Sanctuary) is seeking applicants for the following seats on its Sanctuary Advisory Council: Citizen At-Large, Diving, Education and Tourism. Applicants chosen for these seats should expect to serve until February 2011. A Business and Industry alternate is also being sought from a previous recruitment. This seat will expire in February 2010. Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy
