

C. Reporting

Quarterly financial reports and quarterly progress reports will be submitted by the grantee electronically. The grantee is required to provide the reports and documents listed below:

Quarterly Financial Reports. A Quarterly Financial Status Report (SF 269) is required until such time as all funds have been expended or the grant period has expired. Quarterly reports are due 30 days after the end of each calendar year quarter. Grantees must use ETA's On-Line Electronic Reporting System and information and instructions will be provided to grantees.

Quarterly Progress Reports. The grantee must submit a quarterly progress report to their designated Federal Project Officer within 30 days after the end of each quarter. This report should provide a detailed account of activities undertaken during that quarter. Grantees must agree to meet ETA reporting requirements. The quarterly progress report should be in narrative form and should include:

1. In-depth information on accomplishments, including project success stories, upcoming grant activities, and promising approaches and processes.
2. Progress toward performance outcomes, including updates on product, curricula, and training development.

Final Report. A draft final report must be submitted no later than 60 days prior to the expiration date of the grant. This report must summarize project activities, employment outcomes, and related results of the training project, and should thoroughly document capacity building and training approaches. The final report should also include copies of all deliverables, e.g. curricula and competency models. After responding to ETA questions and comments on the draft report, three copies of the final report must be submitted no later than the grant expiration date. Grantees must agree to use a designated format specified by ETA for preparing the final report.

VII. Agency Contacts

For further information regarding this SGA, please contact B. Jai Johnson, Grants Management Specialist, Division of Federal Assistance, at (202) 693-3296 (please note this is not a toll-free number). Applicants should fax all technical questions to (202) 693-2705 and must specifically address the fax to the attention of B. Jai Johnson and should include SGA/DFA PY 06-12, a contact name, fax and phone number,

and email address. This announcement is being made available on the ETA Web site at <http://www.doleta.gov/sga/sga.cfm>, at <http://www.grants.gov>, and in the **Federal Register**.

VIII. Additional Resources of Interest to Applicants and Other Information Resources for the Applicant

ETA maintains a number of web-based resources that may be of assistance to applicants:

- The Web site for the Employment and Training Administration (<http://www.doleta.gov>) is a valuable source for background information on the President's High Growth Job Training Initiative.

- The Workforce³ One Web site (<http://www.workforce3one.org>) is a valuable resource for information about demand-driven projects of the workforce investment system, educators, employers, and economic development representatives.

- America's Service Locator (www.servicelocator.org) provides a directory of the nation's One-Stop Career Centers.

- Applicants are encouraged to review "Help with Solicitation for Grant Applications" (<http://www.dol.gov/cfbci/sgabrochure.htm>).

- For a basic understanding of the grants process and basic responsibilities of receiving Federal grant support, please see "Guidance for Faith-Based and Community Organizations on Partnering with the Federal Government" (<http://www.whitehouse.gov/government/fbci/guidance/index.html>).

Other Information

OMB Information Collection No. 1205-0458

Expires September 30, 2009

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 20 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimated or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, the OMB Desk Officer for ETA, Office of Management and Budget, Room 10235, Washington, DC 20503. *Please do not*

return your completed application to the OMB. Send it to the sponsoring agency as specified in this solicitation.

This information is being collected for the purpose of awarding a grant. The Department of Labor will use the information collected through this "Solicitation for Grant Applications" to ensure that grants are awarded to the applicant best suited to perform the functions of the grant. Applicants must submit this information in order to be considered for award of this grant. Unless otherwise specifically noted in this announcement, we will not consider information submitted in the respondent's application to be confidential.

Signed at Washington, DC, this 1st day of May, 2007.

James W. Stockton,

*Employment and Training Administration,
Grant Officer.*

BILLING CODE 4510-FT-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Proposed Information Collection Request Submitted for Public Comment and Recommendations; Slope and Shaft Sinking Plans

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

DATES: Submit comments on or before July 9, 2007.

ADDRESSES: Send comments to U.S. Department of Labor, Mine Safety and Health Administration, Debbie Ferraro, Management Services Division, 1100 Wilson Boulevard, Room 2171, Arlington, VA 22209-3939. Commenters are encouraged to send their comments on a computer disk, or via E-mail to Ferraro.Debbie@dol.gov, along with an original printed copy. Ms. Ferraro can

be reached at (202) 693-9821 (voice), or (202) 693-9801 (facsimile).

FOR FURTHER INFORMATION CONTACT:

Contact the employee listed in the ADDRESSES section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background

The standard 30 CFR 77.1900 was enacted in 1971 and was amended in 1982 and again in 1995. The standard requires underground coal mine operators to develop a prudent engineered design plan to develop a slope or shaft whenever an operator decides to open such a coal mine. The plan is required by the standard and is to be reviewed and approved by MSHA before the actual hazardous work begins.

II. Desired Focus of Comments

Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection related to Slope and Shaft Sinking Plans. MSHA is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

A copy of the proposed information collection request may be viewed on the Internet by accessing the MSHA Home Page (<http://www.msha.gov>) and selecting "Rules and Regs" then "Paperwork Reduction Act Supporting Statements", or by contacting the employee listed above in the **FOR FURTHER INFORMATION CONTACT** section of this notice for a hard copy.

III. Current Actions

The 78 slope or shaft development plans that MSHA receives on an annual basis, are reviewed to ensure that the required work is performed in a safe manner, and it protects those miners

performing the work. Prudent engineering design does evolve along with improved machinery to perform the work, but there has not been any revision to the requirements for such a plan. Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection related to Slope and Shaft Sinking Plans.

Type of Review: Extension.

Agency: Mine Safety and Health Administration.

Title: Slope and Shaft Sinking Plans.

OMB Number: 1219-0019.

Recordkeeping: Records are normally required to be kept for 3 years.

Affected Public: Business or other for-profit.

Cite/Reference/Form/etc: 30 CFR 77.1900.

Total Respondents: 65.

Frequency: On occasion.

Total Responses: 65.

Estimated Total Burden Hours: 1,300.

Total Burden Cost (operating/maintaining): \$1,061.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated at Arlington, Virginia, this 2nd day of May, 2007.

David L. Meyer,

Director, Office of Administration and Management.

BILLING CODE 4510-43-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (07-034)]

Notice of Intent To Grant Partially Exclusive License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to grant partially exclusive license.

SUMMARY: This notice is issued in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i). NASA hereby gives notice of its intent to grant a partially exclusive worldwide license to practice the inventions described and claimed in NASA Case Number LAR-16571-1 entitled "Magnetic Field Response Sensor For Conductive Media," U.S. Patent 7,075,295; NASA Case Number LAR-16571-2 entitled "Magnetic Field Response Sensor For Conductive Media," U.S. Patent

Application Number 11/421,886; NASA Case Number LAR-16908-1 entitled "Magnetic Field Response Measurement Acquisition System," U.S. Patent 7,086,593; NASA Case Number LAR-17155-1 entitled "Wireless Fluid Level Measuring System," U.S. Patent Application Number 11/229,438; NASA Case Number LAR-17280-1 entitled "Magnetic Field Response Measurement Acquisition System," U.S. Patent Number 7,159,774; and NASA Case Number LAR-17480-1 entitled "A Method To Calibrate Magnetic Response Fluid-Level Sensors Using Complete Sensor Immersion In Fluid," U.S. Patent Application Number 60/908,698, to Caplan Taylor Enterprises LLC, having its principal place of business in Newport News, Virginia. The field of use may be limited to marine. The patent rights in these inventions have been or will be assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective partially exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7.

DATES: The prospective partially exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NASA receives written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. Competing applications completed and received by NASA within fifteen (15) days of the date of this published notice will also be treated as objections to the grant of the contemplated partially exclusive license.

Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

ADDRESSES: Objections relating to the prospective license may be submitted to Patent Counsel, Office Chief Counsel, NASA Langley Research Center, MS 141, Hampton, VA 23681-2199. Telephone (757) 864-3221; Facsimile (757) 864-9190.

FOR FURTHER INFORMATION CONTACT: Robin W. Edwards, Patent Attorney, Office of Chief Counsel, NASA Langley Research Center, MS 141, Telephone (757) 864-3230; Facsimile (757) 864-9190. Information about other NASA inventions available for licensing can be found online at <http://techtracs.nasa.gov/>.
