List of Subjects in 28 CFR Part 16

Administrative practices and procedures, Courts, Freedom of Information, and Privacy.

Pursuant to the authority vested in the Attorney General by 5 U.S.C. 552a and delegated to me by Attorney General Order No. 793-78, it is proposed to amend 28 CFR part 16 as follows:

PART 16—PRODUCTION OR DISCLOSURE OF MATERIAL OR INFORMATION

1. The authority for part 16 continues to read as follows:

Authority: 5 U.S.C. 301, 552, 552a, 552b(g), and 553; 18 U.S.C. 4203(a)(1); 28 U.S.C. 509, 510, 534; 31 U.S.C. 3717, and 9701.

2. Section 16.74 is revised to read as follows:

§ 16.74 Exemption of National Security Division System-limited access.

(a) The following system of records is exempted from subsections (c)(3) and (4); (d); (e)(1), (2), (3), (4)(G), (H) and (I), (5) and (8); (f); (g); and (h) of the Privacy Act pursuant to 5 U.S.C. 552a(j)(2), (k)(1), (2) and (5): Foreign Intelligence and Counterintelligence Records System (JUSTICE/NSD-001). These exemptions apply only to the extent that information in the system is subject to exemption pursuant to 5 U.S.C. 552a(j)(2), (k)(1), (2), and (5).

(b) Exemptions from the particular subsections are justified for the following reasons:

(1) *Subsection (c)(3)*. To provide the target of a surveillance or collection activity with the disclosure accounting records concerning him or her would hinder authorized United States intelligence activities by informing that individual of the existence, nature, or scope of information that is properly classified pursuant to Executive Order 12958, as amended, and thereby cause damage to the national security.

(2) *Subsection (c)(4)*. This subsection is inapplicable to the extent that an exemption is being claimed for subsection (d).

(3) *Subsection (d)(1)*. Disclosure of foreign intelligence and counterintelligence information would interfere with collection activities, reveal the identity of confidential sources, and cause damage to the national security of the United States. To ensure unhampered and effective collection and analysis of foreign intelligence and counterintelligence information, disclosure must be precluded.

(4) *Subsection (d)(2)*. Amendment of the records would interfere with ongoing intelligence activities thereby causing damage to the national security.

(5) *Subsections (d)(3) and (4)*. These subsections are inapplicable to the extent exemption is claimed from (d)(1) and (2).

(6) *Subsection (e)(1)*. It is often impossible to determine in advance if intelligence records contained in this system are relevant and necessary, but, in the interests of national security, it is necessary to retain this information to aid in establishing patterns of activity and provide intelligence leads.

(7) *Subsection (e)(2)*. Although this office does not conduct investigations, the collection efforts of agencies that supply information to this office would be thwarted if the agencies were required to collect information with the subject's knowledge.

(8) *Subsection (e)(3)*. To inform individuals as required by this subsection could reveal the existence of collection activity and compromise national security. For example, a target could, once made aware that collection activity exists, alter his or her manner of engaging in intelligence or terrorist activities in order to avoid detection.

(9) *Subsections (e)(4)(G), (H) and (I), and (f)*. These subsections are inapplicable to the extent that this system is exempt from the access provisions of subsection (d).

(10) *Subsection (e)(5)*. It is often impossible to determine in advance if intelligence records contained in this system are accurate, relevant, timely and complete, but, in the interests of national security, it is necessary to retain this information to aid in establishing patterns of activity and providing intelligence leads.

(11) *Subsection (e)(8)*. Serving notice could give persons sufficient warning to evade intelligence collection and anti-terrorism efforts.

(12) *Subsections (g) and (h)*. These subsections are inapplicable to the extent that this system is exempt from

other specific subsections of the Privacy Act.

Dated: April 27, 2007.

Lee J. Lofthus,

Assistant Attorney General for Administration.

Background and Purpose

The S.R. 1172 Bridge at Sunset Beach has zero vertical clearance to vessels when in the closed position at mean high water.

The North Carolina Department of Transportation (NCDOT) owns and

operates this single-lane, floating steel-barge, swing-span referred to as a pontoon drawbridge. Current regulations set out at 33 CFR 117.821 (a)(5) require the bridge to open on signal for commercial vessels at all times; and on the hour on signal for pleasure vessels between 7 a.m. and 7 p.m., April 1 to November 30, except that on Saturdays, Sundays, and Federal holidays, from June 1 through September 30, the bridge shall open on signal on the hour between 7 a.m. and 9 p.m.

NCDOT and the residents of the Town of Sunset Beach requested a change to the operating regulations for the S.R. 1172 Bridge in an effort to improve the schedule for both roadway and waterway users. The S.R. 1172 Bridge provides the only route on and off Sunset Beach Island. This proposal would not change the requirement for the bridge to open on signal at any time for commercial vessels.

The Coast Guard reviewed the bridge logs for 2005 and 2006 provided by NCDOT which illustrate a small decrease in the numbers of vessels passing through the bridge during the spring, summer, and fall over the past year. Most vessels transiting the area in the spring and fall are operated by owners commonly referred to as "snowbirds". Owners of these transitory recreational vessels are either traveling north to south towards a warmer climate in the fall or south to north towards a cooler climate in the spring which can result in frequent bridge openings due to increased vessel numbers. During the spring and fall months, the flow of recreational vessels is constant.

There were approximately 10,461 and 11,429 vessel passages occurring in 2006 and 2005, respectively, over an eight-month period (during the peak boating season from April to November) according to records furnished by the NCDOT. (See Table A)
