[Release No. 34-55306; File No. SR-DTC-2006-21]

### Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify Fee in Connection With Its Offering of a Mechanism by Which It Collects and Passes-Through Fees Owed by Participants to American Depository Receipt Agents for Certain Issues

February 15, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> notice is hereby given that on December 29, 2006, The Depository Trust Company (“DTC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by DTC. DTC filed the proposed rule change pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>2</sup> and Rule 19b-4(f)(2)<sup>3</sup> thereunder so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the rule change from interested parties.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the rule change is to modify DTC’s fee for offering the mechanism by which it collects and passes-through fees owed by participants to American Depository Receipt (“ADR”) agents for certain issues.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.<sup>4</sup>

#### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Typically, an ADR agent is authorized under its agreement with the issuer to impose a custody fee on holders of the issue. A common practice for collection of this fee is for the ADR agent to subtract the amount of the fee from the gross dividend payable to the ADR holders. This practice is effectuated by DTC announcing to participants both the gross dividend rate and the net dividend rate after deduction of the ADR custody fee, and the ADR agent paying DTC the net dividend and DTC allocating the net dividend to participants. However, a number of ADR issues do not pay periodic dividends, which prevents the associated fees from being collected through the above-described mechanism.

Pursuant to discussions with industry representatives and in order to facilitate a more efficient ADR fee collection process, DTC recently introduced a mechanism by which it collects from participants and passes through to ADR agents custody fees for issues that do not pay periodic dividends as such fees are reported to DTC by the ADR agents.<sup>5</sup> DTC discussed that proposal with three divisions of the Securities Industry Association (“SIA”), the Corporate Actions Division, Dividends Division, and Securities Operations Divisions (“SOD”). The SOD Regulatory and Clearance Committee prepared and sent to DTC a memorandum on DTC’s proposal. The memorandum concluded that DTC should collect such fees through its normal monthly billing process.<sup>6</sup>

In order to cover costs incurred in collecting fees associated with ADR issues that do not pay periodic dividends, DTC currently retains a collection charge equal to three percent (3%) of the ADR agent fee amount collected from each participant up to a maximum of \$4,000 per CUSIP per participant position. DTC does not retain a fee if the computed collection charge is less than \$50.

Due to recently implemented processing improvements, DTC has determined that the costs incurred in providing the collection function have decreased. DTC is modifying the fee it

retains for this service by changing the frequency of the charge from one levied per CUSIP per participant position to one levied per CUSIP only. DTC is also changing the maximum amount collected from \$4,000 per CUSIP per participant position to \$10,000 per CUSIP. DTC projects that these changes will result in an overall reduction in the charges DTC retains for this service in an amount consistent with the overall reduction in the cost of offering the service. The modified fee became effective January 2, 2007.

DTC believes the proposed rule change is consistent with Section 17A of the Act,<sup>7</sup> as amended, because it updates its fee schedule. As such, it provides for the equitable allocation of fees among its participants and aligns fees for services with the associated cost to deliver the service.

#### B. Self-Regulatory Organization’s Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition.

#### C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments relating to the proposed rule change have not yet been solicited or received. DTC will notify the Commission of any written comments received by DTC.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>8</sup> and Rule 19b-4(f)(2)<sup>9</sup> thereunder because the rule establishes a due, fee, or other charge. At any time within sixty days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

[Release No. 34-55289; File No. SR-ISE-2007-04]

**Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Network Fee Changes**

February 13, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on January 17, 2007, the International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the ISE. The ISE has designated this proposal as one establishing or changing a due, fee, or other charge applicable only to a member under section 19(b)(3)(A)(ii) of the Act,<sup>3</sup> and rule 19b-4(f)(2) thereunder,<sup>4</sup> which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The ISE is proposing to amend its Schedule of Fees to adopt a tiered structure for one of the Exchange's network fees. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and at <http://www.iseoptions.com>.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the ISE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The ISE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The purpose of this proposed rule change is to amend the Exchange's Schedule of Fees to adopt a tiered structure for the Ethernet/Managed Service Provider fee charged to members.

The Ethernet/Managed Service Provider fee is a fee charged to ISE members to access the ISE's trading system via an Ethernet connection or a third-party managed service provider. The Ethernet/Managed Service Provider connection carries the same information (such as quotation and trade information) as other forms of connection (such as T-1 and T-3 point-to-point connections) and does not require any changes to the Exchange's surveillance or communications rules. There is no change to, or impact on, the Exchange's trading systems as a result of this method of connection.

An Ethernet/Managed Service Provider connection enables users to acquire bandwidth in megabit increments. The ISE currently charges members \$25.00 per Megabit (MB), and members may purchase up to 15MBs. The Exchange recently launched a new service whereby members will now be able to purchase up to 1000MBs. To bring this network fee in line with the new service, the ISE proposes to establish a new pricing structure for connection speeds. Specifically, the ISE proposes to charge members \$100.00 per month for a member's purchase of up to 10MBs of connection speed, \$250.00 per month for the purchase of 11 to 100MBs of connection speed, and \$500.00 per month for the purchase of 101MBs to 1GB (1000MBs) of connection speed. These fees will be charged on a per connection basis. As noted above, the Exchange previously limited any connection to a maximum of 15MBs. The Exchange notes that the fees proposed herein are intended to cover and reasonably relate to its costs in rolling out and supporting the new service.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under section 6(b)(4)<sup>5</sup> that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, these fees will enable the Exchange to cover
