

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, Washington, DC 20503. Commenters are encouraged to submit responses electronically by e-mail to oir_submission@omb.eop.gov or via fax to (202) 395-6974. Commenters should include the following subject line in their response "Comment: [insert OMB number], [insert abbreviated collection name, e.g., "Upward Bound Evaluation"]]. Persons submitting comments electronically should not submit paper copies.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: June 1, 2007.

Angela C. Arrington,

IC Clearance Official, Regulatory Information Management Services, Office of Management.

Office of Postsecondary Education

Type of Review: New.

Title: Application for Grants under the Business and International Education (BIE) Program.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 100.

Burden Hours: 10,000.

Abstract: This is an application to participate in the Title VI Business and International Education Program which provides grants to institutions of higher education to internationalize the business curriculum and to conduct outreach activities that will assist the local community in competing in the global arena.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1890-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Requests for copies of the information collection submission for OMB review may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 3369. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue, SW, Potomac Center, 9th Floor, Washington, DC 20202-4700. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202-245-6623. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

BILLING CODE 4000-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8323-7]

EPA Science Advisory Board Staff Office; Request for Nominations of Candidates for the EPA Clean Air Scientific Advisory Committee and the Science Advisory Board

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency's (EPA) Science Advisory Board (SAB) Staff Office is soliciting nominations for consideration of membership on EPA's Clean Air Scientific Advisory Committee (CASAC), and EPA's Science Advisory

Board (SAB or Board) and its Subcommittees.

DATES: Nominations should be submitted in time to arrive no later than July 9, 2007.

FOR FURTHER INFORMATION CONTACT: Nominators unable to submit nominations electronically as described below, may submit a paper copy by contacting Ms. Patricia L. Thomas, U.S. EPA SAB Staff Office (Mail Code 1400F), 1200 Pennsylvania Avenue, NW., Washington, DC 20460 (FedEx/Courier address: U.S. EPA SAB, Suite 3600, 1025 F Street, NW., Washington DC 20004), (202) 343-9974 (telephone), (202) 233-0643 (fax), or via e-mail at thomas.patricia@epa.gov. General inquiries regarding the work of the CASAC and SAB may be directed to Dr. Anthony F. Maciorowski, Deputy Director, U.S. EPA SAB Staff Office, (202) 343-9983 (telephone), or via e-mail at maciorowski.anthony@epa.gov.

Background: Established by statute, the CASAC (42 U.S.C. 7409) and SAB (42 U.S.C. 4365) are chartered Federal Advisory Committees that provide independent scientific and technical peer review, consultation, advice and recommendations directly to the EPA Administrator on a wide variety of EPA science activities. As Federal Advisory Committees, the CASAC and SAB conduct business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. C) and related regulations. Generally, CASAC and SAB meetings are announced in the **Federal Register**, conducted in public view, and provide opportunities for public input during deliberations. Additional information about these Federal Advisory Committees may be found on the SAB Web site at: <http://www.epa.gov/sab>.

Members of the CASAC, the SAB, and their Subcommittees constitute a distinguished body of non-EPA scientists, engineers, economists, and social scientists that are nationally and internationally recognized experts in their respective fields. Members are appointed by the EPA Administrator for a period of three years, with the possibility of re-appointment to a second three-year term. This notice specifically requests nominations for the chartered CASAC, the chartered SAB and its Subcommittees.

Expertise Sought: Established in 1977 under the Clean Air Act (CAA) Amendments, the chartered CASAC reviews and offers scientific advice to the EPA Administrator on technical aspects of national ambient air quality standards for criteria pollutants. As required under the CAA section 109(d),

CASAC will be composed of seven members, with at least *one member of the National Academy of Sciences, one physician, and one person representing State air pollution control agencies*. The SAB Staff office is specifically seeking nominations of experts for CASAC that fulfill one or more of the foregoing statutory requirements.

The chartered SAB (or Board) was established in 1978 by the Environmental Research, Development and Demonstration Act to provide independent advice to the Administrator on general scientific and technical matters underlying the Agency's policies and actions. All the work of the SAB is under the direction of the Board. The chartered Board provides strategic advice to the EPA Administrator on a variety of EPA science and research issues and programs, and reviews and approves all SAB Subcommittee and Panel reports. The chartered SAB consists of about thirty members. The SAB Staff Office is seeking nominations of experts for the chartered Board in the following disciplines: *Environmental economics; behavioral and decision sciences; epidemiology and public health; bioengineering and alternative energy sources*.

The SAB Ecological Processes and Effects Committee (EPEC) provides scientific advice and recommendation to protect, sustain and restore the integrity of ecosystems. The SAB Staff office is seeking nominations of experts for the EPEC in the following disciplines: *Landscape ecology; terrestrial ecology; and valuation of ecological systems and services*.

The SAB Environmental Economics Advisory Committee (EEAC) provides advice on methods and analyses related to economics, costs, and benefits of EPA environmental programs. The SAB Staff office is seeking nominations of experts for the EEAC in the following disciplines: *Environmental economics; cost-benefit analysis; uncertainty analysis; climate change mitigation; agricultural economics; marine resource economics; emissions trading; and market mechanisms and incentives*.

The SAB Environmental Engineering Committee (EEC) provides advice on environmental engineering, remediation, and control. The SAB Staff office is seeking nominations of experts for the EEC in *environmental technology and sustainability*.

The SAB Exposure and Human Health Committee (EHHC) provides advice on the development and use of guidelines for human health effects, exposure assessment, and risk assessment. The SAB Staff office is seeking nominations

of experts for the EHHC in the following disciplines: *Carcinogenesis; reproductive and developmental effects; neurotoxicology; epidemiology; and public health*.

The Radiation Advisory Committee (RAC) provides advice on radiation protection, radiation science, and radiation risk assessment. The SAB Staff office is seeking nominations of experts for the RAC in the following disciplines: *Dose-response; risk assessment; radiological and biological modeling; medical physics; and risk communication pertinent radiation and public health*.

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to these chartered advisory committees and subcommittees. Individuals may self-nominate. Qualified nominees will demonstrate appropriate scientific education, training, and experience to evaluate basic and applied science issues addressed by these advisory committees. Successful nominees will have distinguished themselves professionally and be available to invest the time and effort in providing advice and recommendations on the development and application of science at EPA. Nominations should be submitted in electronic format (preferred) following the instructions for "Nominating Experts to a Chartered Advisory Committee or Standing Committee" provided on the SAB Web site. The form can be accessed through the SAB Nomination Form link on the blue navigational bar on the SAB Web site at: <http://www.epa.gov/sab>. To be considered, all nominations should include the information requested on that form.

Nominators are asked to identify the specific committee(s) for which nominees would like to be considered. The nominating form requests contact information about: The person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; and a biographical sketch of the nominee indicating current position, educational background; research activities; and recent service on other national advisory committees or national professional organizations. Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB Web site, should contact Ms. Patricia L. Thomas as indicated above in this notice. Non-electronic submissions must follow the same format and contain the same information as the

electronic form. The SAB Staff Office will acknowledge receipt of nominations.

Candidates invited to serve will be asked to submit the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows EPA to determine whether there is a statutory conflict between that person's public responsibilities as a Special Government Employee and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded at the SAB Web site at: <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>. This form should not be submitted as part of a nomination.

The SAB Staff Office seeks candidates who possess the necessary domains of knowledge, and relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation) to adequately address scientific issues facing the Agency. The primary criteria to be used in evaluating potential nominees will be scientific and/or technical expertise, knowledge, and experience. Additional criteria that will be used to evaluate technically qualified nominees will include: the absence of financial conflicts of interest; scientific credibility and impartiality; availability and willingness to serve; and the ability to work constructively and effectively on committees. The selection of new members will also include consideration of the collective breadth and depth of scientific perspectives; a balance of scientific perspectives; continuity of knowledge and understanding of EPA missions and environmental programs, and diversity factors (e.g., geographical areas and professional affiliations) for each of the chartered committees and subcommittees.

Dated: June 1, 2007.

Vanessa T. Vu,
Director, EPA Science Advisory Board Staff Office.
