International Services Surveys: BE-185, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Final rule.

SUMMARY: This final rule amends regulations of the Bureau of Economic Analysis, Department of Commerce (BEA) to set forth the reporting requirements for the BE-185, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Foreign Persons. This survey replaces a similar but more limited survey, the BE-85, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Unaffiliated Foreign Persons. A new agency form number and survey title are being introduced because the survey program is being reconfigured to begin collection of data on transactions with affiliated foreigners using the same survey instruments as are used to collect information on transactions with unaffiliated foreigners. This change will allow respondents to report financial services transactions with foreign persons on one quarterly survey, rather than on as many as three different quarterly surveys. The BE-185 survey will be conducted quarterly beginning with the first quarter of 2007.

The BE-185 survey data will be used to update universe estimates from similar data reported on the BE-80, Benchmark Survey of Financial Services Transactions Between U.S. Financial Services Providers and Unaffiliated Foreign Persons and on the benchmark and quarterly direct investment surveys that were administered to collect data on transactions with affiliated foreign persons.

DATES: This final rule will be effective March 7, 2007

SUPPLEMENTARY INFORMATION: In the November 16, 2006 *Federal Register*, 71 FR 66706, BEA published a notice of proposed rulemaking setting forth reporting requirements for the BE-185, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Foreign Persons. No comments were received on the proposed rule. Thus, the proposed rule is adopted without change. This final rule amends 15 CFR Part 801.9 to replace the reporting requirements for the BE-85, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Unaffiliated Foreign

Persons, with requirements for the BE-185, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Foreign Persons.

Description of Changes

The BE-185 survey is a mandatory survey and will be conducted, beginning with transactions for the first quarter of 2007, by BEA under the International Investment and Trade in Services Survey Act (22 U.S.C. 3101-3108). For the initial quarter of coverage, BEA will send the survey to potential respondents in March of 2007; responses will be due by May 15, 2007.

The BE-185 will collect all the same information as the BE-85 but will also include financial services transactions with affiliated parties (i.e., with foreign affiliates, foreign parents, and foreign affiliates of foreign parents). BEA is currently collecting these transactions on its quarterly direct investment surveys (the BE-577, Direct Transactions of U.S. Reporter with Foreign Affiliate, the BE-605, Transactions of U.S. Affiliate, except a U.S. Banking Affiliate, with Foreign Parent, and the BE-605 Bank, Transactions of U.S. Banking Affiliate with Foreign Parent). These transactions with affiliated parties that are collected on BEA's quarterly direct investment surveys will now be collected on the BE-185 instead. In addition, the BE-185 will bifurcate the category for brokerage services into two categories, by collecting information on services related to equities transactions separately from other brokerage services.

Survey Background

The Bureau of Economic Analysis (BEA), U.S. Department of Commerce, will conduct the BE-185 survey under the International Investment and Trade in Services Survey Act (22 U.S.C. 3101-3108), hereinafter, "the Act" and Section 5408 of the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100-418, 15 U.S.C. 4908(b)). Section 4(a) of the Act (22 U.S.C. 3103(a)) provides that the President shall, to the extent he deems necessary and feasible, conduct a regular data collection program to secure current information related to international investment and trade in services and publish for the use of the general public and United States Government agencies periodic, regular, and comprehensive statistical information collected pursuant to this subsection.

In Section 3 of Executive Order 11961, as amended by Executive Orders 12318 and 12518, the President

delegated the responsibilities under the Act for performing functions concerning international trade in services to the Secretary of Commerce, who has redelegated them to BEA. The survey will provide a basis for updating estimates of the universe of financial services transactions between U.S. and foreign persons. The data are needed to monitor trade in financial services; analyze its impact on the U.S. and foreign economies; compile and improve the U.S. international transactions, national income and product, and input-output accounts; support U.S. commercial policy on financial services; assess and promote U.S. competitiveness in international trade in services; and improve the ability of U.S. businesses to identify and evaluate market opportunities.

Executive Order 12866

This final rule has been determined to be not significant for purposes of E.O. 12866.

Executive Order 13132

This final rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federal assessment under E.O. 13132.

Paperwork Reduction Act

The collection-of-information in this final rule has been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act.

Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection displays a currently valid Office of Management and Budget Control Number. The OMB control number for the BE-185 is 0608-0065; the collection will display this number.

The BE-185 quarterly survey is expected to result in the filing of reports containing mandatory data from approximately 175 respondents on a quarterly basis, or 700 annually. The respondent burden for this collection of information will vary from one respondent to another, but is estimated to average 10 hours per response (40 hours annually), including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total respondent burden for the BE-185 survey is estimated at 7,000 hours, compared to 5,000 hours estimated for

the previous BE-85 survey. The increase in burden is a result of the inclusion of transactions with affiliated foreign persons.

Comments regarding this burden estimate or any other aspect of this collection of information should be addressed to: Director, Bureau of Economic Analysis (BE-1), U.S. Department of Commerce, Washington, DC 20230, fax: 202-606-5311; and the Office of Management and Budget, O.I.R.A., Paperwork Reduction Project 0608-0065, Attention PRA Desk Officer for BEA, via e-mail at pbugg@omb.eop.gov or by fax at 202-395-7245.

Regulatory Flexibility Act

The Chief Counsel for Regulation, Department of Commerce, has certified to the Chief Counsel for Advocacy, Small Business Administration, under provisions of the Regulatory Flexibility Act (5 U.S.C. 605(b)), that this rule will not have a significant economic impact on a substantial number of small entities. The factual basis for this certification was published with the proposed rule. No comments were received regarding the economic impact of this rule. As a result, no final regulatory flexibility analysis was prepared.

■ For the reasons set forth in the preamble, BEA amends 15 CFR Part 801, as follows:

PART 801—SURVEY OF INTERNATIONAL TRADE IN SERVICES BETWEEN U.S. AND FOREIGN PERSONS

■ 1. The authority citation for 15 CFR Part 801 continues to read as follows:

Authority: 5 U.S.C. 301; 15 U.S.C. 4908; 22 U.S.C. 3101-3108; and E.O. 11961, 3 CFR, 1977 Comp., p. 86, as amended by E.O. 12318, 3 CFR, 1981 Comp., p. 173, and E.O. 12518, 3 CFR, 1985 Comp., p. 348.

■ 2. Revise § 801.9(c)(4). to read as follows:

§ 801.9 Reports required.

(c) Quarterly surveys. * * *

(4) BE-185, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Foreign Persons:

(i) A BE-185, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Foreign Persons, will be conducted covering the first quarter of the 2007 calendar year and every quarter thereafter.

(A) *Who must report—(1) Mandatory reporting.* Reports are required from each U.S. person who is a financial services provider or intermediary, or whose consolidated U.S. enterprise includes a separately organized subsidiary or part that is a financial services provider or intermediary, and that had sales of covered services to foreign persons that exceeded \$20 million for the previous fiscal year or expects sales to exceed that amount during the current fiscal year, or had purchases of covered services from foreign persons that exceeded \$15 million for the previous fiscal year or expects purchases to exceed that amount during the current fiscal year. These thresholds should be applied to financial services transactions with foreign persons by all parts of the consolidated U.S. enterprise combined that are financial services providers or intermediaries. Because the thresholds are applied separately to sales and purchases, the mandatory reporting requirement may apply only to sales, only to purchases, or to both sales and purchases. Quarterly reports for a year may be required retroactively when it is determined that the exemption level has been exceeded.

(i) The determination of whether a U.S. financial services provider or intermediary is subject to this mandatory reporting requirement may be based on the judgment of knowledgeable persons in a company who can identify reportable transactions on a recall basis, with a reasonable degree of certainty, without conducting a detailed records search.

(ii) Reporters who file pursuant to this mandatory reporting requirement must provide data on total sales and/or purchases of each of the covered types of financial services transactions and must disaggregate the totals by country.

(2) *Voluntary reporting.* If a financial services provider or intermediary, or all of a firm's subsidiaries or parts combined that are financial services providers or intermediaries, had covered sales of \$20 million or less, or covered purchases of \$15 million or less during the previous fiscal year, and if covered sales or purchases are not to exceed these amounts in the current fiscal year, a person is requested to provide an estimate of the total for each type of service for the most recent quarter. Provision of this information is

voluntary. The estimates may be based on the reasoned judgment of the reporting entity. Because these thresholds apply separately to sales and purchases, voluntary reporting may apply only to sales, only to purchases, or to both.

(B) *BE-185 definition of financial services provider.* The definition of financial services provider used for this survey is identical in coverage to Sector 52 B Finance and Insurance, and holding companies that own or influence, and are principally engaged in making management decisions for these firms (part of Sector 55 B Management of Companies and Enterprises) of the North American Industry Classification System, United States, 2002. For example, companies and/or subsidiaries and other separable parts of companies in the following industries are defined as financial services providers: Depository credit intermediation and related activities (including commercial banking, savings institutions, credit unions, and other depository credit intermediation); nondepository credit intermediation (including credit card issuing, sales financing, and other nondepository credit intermediation); activities related to credit intermediation (including mortgage and nonmortgage loan brokers, financial transactions processing, reserve, and clearinghouse activities, and other activities related to credit intermediation); securities and commodity contracts intermediation and brokerage (including investment banking and securities dealing, securities brokerage, commodity contracts dealing, and commodity contracts brokerage); securities and commodity exchanges; other financial investment activities (including miscellaneous intermediation, portfolio management, investment advice, and all other financial investment activities); insurance carriers; insurance agencies, brokerages, and other insurance related activities; insurance and employee benefit funds (including pension funds, health and welfare funds, and other insurance funds); other investment pools and funds (including open-end investment funds, trusts, estates, and agency accounts, real estate investment trusts, and other financial vehicles); and holding companies that own, or influence the management decisions of, firms principally engaged in the aforementioned activities.

(C) *Covered types of services.* The BE-185 survey covers the following types of financial services transactions (purchases and/or sales) between U.S. financial services providers and foreign persons: Brokerage services related to

equities transactions; other brokerage services; underwriting and private placement services; financial management services; credit-related services, except credit card services; credit card services; financial advisory and custody services; securities lending services; electronic funds transfer services; and other financial services.

International Services Surveys: BE-125, Quarterly Survey of Transactions in Selected Services and Intangible Assets With Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Final rule.

SUMMARY: This final rule amends regulations of the Bureau of Economic Analysis, Department of Commerce (BEA) to set forth the reporting requirements for the BE-125, Quarterly Survey of Transactions in Selected Services and Intangible Assets with Foreign Persons. This survey replaces a similar but more limited survey, the BE-25, Quarterly Survey of Transactions with Unaffiliated Foreign Persons in Selected Services and in Intangible Assets. A new agency form number and survey title are being introduced because the survey program is being reconfigured to begin collection of data on transactions with affiliated foreigners using the same survey instruments as are used to collect information on transactions with unaffiliated foreigners and because services once collected on an annual basis will now be collected quarterly. This change will allow respondents to report transactions in services and intangible assets with foreign persons on one quarterly survey, rather than on as many as three different quarterly surveys and one annual survey. The BE-125 survey will be conducted quarterly beginning with the first quarter of 2007.

The BE-125 survey data will be used to update universe estimates from similar data reported on the BE-120, Benchmark Survey of Transactions in

Selected Services and Intangible Assets with Foreign Persons and on the benchmark and quarterly direct investment surveys that were administered to collect data on transactions with affiliated foreign persons.

DATES: This final rule will be effective March 7, 2007.

FOR FURTHER INFORMATION CONTACT: Obie G. Whichard, Chief, International Investment Division (BE-50), Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; e-mail obie.whichard@bea.gov; or phone (202) 606-9890.

SUPPLEMENTARY INFORMATION: In the November 20, 2006 *Federal Register*, 71 FR 67086, BEA published a notice of proposed rulemaking setting forth reporting requirements for the BE-125, Quarterly Survey of Transactions in Selected Services and Intangible Assets with Foreign Persons. No comments were received on the proposed rule. Thus, the proposed rule is adopted without change. This final rule amends 15 CFR 801.9 to replace the reporting requirements for the BE-25, Quarterly Survey of Transactions with Unaffiliated Foreign Persons in Selected Services and in Intangible Assets, with requirements for the BE-125, Quarterly Survey of Transactions in Selected Services and Intangible Assets with Foreign Persons.

Description of Changes

The BE-125 survey is a mandatory survey and will be conducted, beginning with transactions for the first quarter of 2007, by BEA under the International Investment and Trade in Services Survey Act (22 U.S.C. 3101-3108), hereinafter, "the Act." For the initial quarter of coverage, BEA will send the survey to potential respondents in March of 2007; responses will be due by May 15, 2007.

The BE-125 will collect information now reported on the BE-25, Quarterly Survey of Transactions Between U.S. and Unaffiliated Foreign Persons in Selected Services and in Intangible Assets, and will also include services transactions that BEA is currently collecting on the BE-22, Annual Survey of Selected Services Transactions Between U.S. and Unaffiliated Foreign Persons, and services transactions with affiliated parties (i.e., with foreign affiliates, foreign parents, and foreign affiliates of foreign parents). In addition to discontinuing the BE-25, BEA also will discontinue the BE-22 at the time the BE-125 is implemented. BEA is currently collecting information on the transactions with affiliated parties on its
