After 1983, the trust funds will be reimbursed on a current basis for employer-employee taxes on such wage credits for service after 1983. A lump-sum payment to the OASDI trust funds representing the amount of uncashed benefit checks (including interest) issued in the past. In the future, the trust funds will be credited on a regular basis. All transfers made for uncashed benefit checks will be subject to the annual appropriation process. Transfers in each year from the Treasury Department to the OASDI trust funds amounts equal to income tax receipts attributable to inclusion of Social Security benefits in taxable income. For tax credits for part of the 1984 employment FICA tax and part of the tax on self-employment income under SECA for 1984–89, see table 2.A5.
1993	Interfund borrowing	Transfers in each year from the Treasury Department to the HI trust fund of amounts equal to income tax receipts attributable to the increased portions of Social Security benefits included in taxable income under the 1993 Act.
1981		Interfund borrowing permitted among OASI, DI, and HI trust funds as needed until Dec. 31, 1982. For all or part of any loan to be repaid, the managing trustee determines if assets of borrowing trust fund(s) are sufficient for that purpose. Interest with respect to any outstanding loan balance at a rate equal to the rate earned by lending trust fund is transferred from time to time.
1983		Interfund borrowing reauthorized among OASI, DI, and HI trust funds for calendar years 1983–87, with provisions for scheduled repayment, no later than Dec. 31, 1989, of principal and interest (including amounts borrowed in 1982).
