**SECURITIES AND EXCHANGE
COMMISSION**

[Release No. 34-56655; File No. SR-BSE-2007-47]

Self-Regulatory Organizations; Boston Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Listing of Options Series With \$2.50 Strike Price Intervals Between \$50 and \$75

October 12, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 4, 2007, the Boston Stock Exchange, Inc. ("BSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange has designated this proposal as non-controversial under Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Supplementary Material to Section 6 of Chapter IV of the Rules of the Boston Options Exchange ("BOX") pertaining to \$2.50 strike price intervals. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.bostonoptions.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NYSE has substantially prepared summaries, set forth in Sections A, B, and C below,

of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend the BOX rules to clarify its existing practice of listing options series with \$2.50 strike price intervals for strike prices between \$50 and \$75 on those option classes that have been selected as part of the \$2.50 Strike Price Program,⁵ provided that the \$2.50 strike price intervals between \$50 and \$75 are no more than \$10 from the closing price of the underlying stock in its primary market on the preceding day. For example, if an options class has been selected as part of the \$2.50 Strike Price Program, and the underlying security closes at \$48.50 in its primary market, the Exchange may list strike prices of \$52.50 and \$57.50 on the next business day. If an underlying security closes at \$54.00, the Exchange may list strike prices of \$52.50, \$57.50, and \$62.50 on the next business day.

The proposed rule change is intended to provide customers with greater flexibility in their investment choices for options on stocks priced between \$50 and \$75. Similar proposals have been approved and adopted at competitor exchanges, resulting in additional trading opportunities, creation of increased flexibility in trading decisions, and affording customers more precision in their investment strategies.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, because it is designed to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

⁵ See BOX Rules Ch. IV, Sec. 6, Supp. Mat. .03. Pursuant to the existing terms of the \$2.50 Strike Price Program, BOX is permitted to list strike prices at \$2.50 intervals where the strike price is greater than \$25 but less than \$50 on 200 option classes selected by the various options exchanges for participation in the program.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the Exchange has designated the proposed rule change as one that does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days after the date of filing (or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest), the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹ The Exchange has asked the Commission to waive the operative delay to permit the proposed rule change to become operative prior to the 30th day after filing.¹⁰

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it would benefit investors by clarifying the terms of BOX's \$2.50 Strike Price Program, and would promote competition by bringing the rules regarding BOX's program into agreement with the rules of other options exchanges with similar programs.¹¹ Therefore, the Commission designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and

arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
