

(b) *Effects of impairment not overcome.* The individual has not overcome the effects of the individual's impairment of employability through employment in, or qualifying for employment in, an occupation consistent with his or her abilities, aptitudes, and interests. This situation includes an individual who qualifies for a suitable job, but who does not obtain or keep the job for reasons beyond his or her control.

(Authority: 38 U.S.C. 3102)

(c) *Contribution of the service-connected disability(ies) to the individual's overall vocational impairment.* (1) Except as provided in paragraph (c)(3) of this section, the service-connected disability(ies) must contribute in substantial part to the individual's overall vocational impairment. This means that the disability(ies) must have an identifiable, measurable, or observable causative effect on the overall vocational impairment, but need not be the sole or primary cause of the employment handicap.

(2) When determining the individual's overall vocational impairment, the CP or VRC will consider the factors identified in § 21.50(c).

(3) For determinations made on applications for vocational rehabilitation filed on or after March 30, 1995, but before October 9, 1996, the individual's service-connected disability(ies) need not contribute to the individual's overall vocational impairment.

(Authority: 38 U.S.C. 3101, 3102)

■ 4. Revise § 21.52 to read as follows:

§ 21.52 Determining serious employment handicap.

(a) *Requirements for determining serious employment handicap.* For each individual who is found to have an employment handicap, a CP or VRC must make a separate determination of whether the individual has a serious employment handicap. For the purposes of an initial evaluation under § 21.50, a serious employment handicap will be found to exist only if a CP or VRC determines that the individual meets each of the following conditions:

(1) *Significant vocational impairment.* The individual has a significant vocational impairment; that is, a significant impairment of the ability to prepare for, obtain, or keep employment in an occupation consistent with his or her abilities, aptitudes, and interests, considering the factors described in § 21.50 and paragraph (b) of this section.

(2) *Effects of significant impairment not overcome.* The individual has not

overcome the effects of the significant vocational impairment through employment in, or qualifying for employment in, an occupation consistent with his or her abilities, aptitudes, and interests. This includes an individual who qualifies for a suitable job, but who does not obtain or keep the job for reasons beyond his or her control.

(Authority: 38 U.S.C. 3102)

(3) *Contribution of the service-connected disability(ies) to the individual's overall significant vocational impairment.* (i) Except as provided in paragraph (a)(3)(ii) of this section, the service-connected disability(ies) must contribute in substantial part to the individual's overall significant vocational impairment. This means that the disability(ies) must have an identifiable, measurable, or observable causative effect on the overall significant vocational impairment, but need not be the sole or primary cause of the serious employment handicap.

(Authority: 38 U.S.C. 3101)

(ii) For determinations made on applications for vocational rehabilitation filed on or after March 30, 1995, but before October 9, 1996, the individual's service-connected disability(ies) need not contribute to the individual's overall significant vocational impairment.

(b) *Factors for assessment during the initial evaluation, when determining whether a significant vocational impairment exists.* The combination of all restrictions and their effects on the individual define the extent of the vocational impairment and its significance. When determining whether the individual has a significant vocational impairment, VA will develop and assess the following factors and their effects:

- (1) Number of disabling conditions;
- (2) Severity of disabling condition(s);
- (3) Existence of neuropsychiatric condition(s);
- (4) Adequacy of education or training for suitable employment;
- (5) Number, length, and frequency of periods of unemployment or underemployment;
- (6) A pattern of reliance on government support programs, such as welfare, service-connected disability compensation, nonservice-connected disability pension, worker's compensation, or Social Security disability;
- (7) Extent and complexity of services and assistance the individual needs to achieve rehabilitation;

(8) Negative attitudes toward individuals with disabilities and other evidence of restrictions on suitable employment, such as labor market conditions; discrimination based on age, race, gender, disability or other factors; alcoholism or other substance abuse; and

(9) Other factors that relate to preparing for, obtaining, or keeping employment consistent with the individual's abilities, aptitudes, and interests.

Approval and Promulgation of Implementation Plans; Texas; El Paso County Carbon Monoxide Redesignation to Attainment, and Approval of Maintenance Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: On January 23, 2007 (72 FR 2776), EPA published a direct final rule approving the redesignation of the El Paso, Texas, carbon monoxide (CO) nonattainment area to attainment for the CO National Ambient Air Quality Standard (NAAQS) and the CO maintenance plan with its associated Motor Vehicle Emission Budgets (MVEBs). EPA also found the MVEBs adequate. The direct final action was published without prior proposal because EPA anticipated no adverse comment. EPA stated in the direct final rule that if EPA received relevant adverse comment by February 22, 2007, EPA would publish a timely withdrawal in the **Federal Register**. EPA

New York: Incorporation by Reference of State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Immediate final rule.

SUMMARY: The Solid Waste Disposal Act, as amended, commonly referred to as the Resource Conservation and Recovery Act (RCRA), allows the Environmental Protection Agency (EPA) to authorize States to operate their hazardous waste management programs in lieu of the Federal program. EPA uses the regulations entitled "Approved State

Hazardous Waste Management Programs" to provide notice of the authorization status of State programs and to incorporate by reference those provisions of the State regulations that will be subject to EPA's inspection and enforcement. This rule does not incorporate by reference the New York hazardous waste statutes. The rule codifies in the regulations the prior approval of New York's hazardous waste management program and incorporates by reference authorized provisions of the State's regulations. In addition, this document corrects errors made in the program revision table in Section G published in the January 11, 2005 **Federal Register** authorization document for New York.

DATES: This regulation is effective May 25, 2007, unless EPA receives adverse written comment on this regulation by the close of business April 25, 2007. If EPA receives such comments, it will publish a timely withdrawal of this immediate final rule in the **Federal Register** informing the public that this rule will not take effect. The Director of the Federal Register approves this incorporation by reference as of May 25, 2007 in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.
