

to occur at or near that published life limit.

Proposed Requirements of This AD

Since an unsafe condition has been identified that is likely to exist or develop on other RR model RB211-535E4-B-37 and RB211-535E4-B-75 turbofan engines of the same type design that are used on airplanes registered in the United States, the proposed AD would require removing from service HP turbine discs, P/N's UL27680, UL27681, UL39766, and UL39767 before reaching the new life limit of 15,000 CSN.

Economic Analysis

There are approximately 400 RR model RB211-535E4-B-37 and RB211-535E4-B-75 turbofan engines in the worldwide fleet containing the affected HP turbine discs, P/N's UL27680, UL27681, UL39766, and UL39767. The FAA estimates that 346 engines installed on airplanes of U.S. registry will be affected by this AD, that it will take approximately 112 work hours per engine to replace an affected disc, and that the average labor rate is \$60 per work hour. The FAA estimates that the prorated cost of the life reduction per engine would be approximately \$64,000. Based on these figures, the total cost of the AD to remove from service the HP turbine discs at the new life limit of 15,000 CIS, rather than the former life limit of 20,000 CIS, is estimated to be \$24,469,120.

Regulatory Analysis

This proposed rule does not have federalism implications, as defined in Executive Order 13132, because it would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the FAA has not consulted with state authorities prior to publication of this proposed rule.

For the reasons discussed above, I certify that this proposed regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A copy of the draft regulatory evaluation prepared for this action is contained in the Rules Docket. A copy of it may be obtained by contacting the Rules Docket at the

location provided under the caption **ADDRESSES**.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding the following new airworthiness directive:

Rolls-Royce plc: Docket No. 2002-NE-12-AD.

Applicability: This airworthiness directive (AD) is applicable to Rolls-Royce plc (RR) model RB211-535E4-B-37 and RB211-535E4-B-75 turbofan engines with high pressure (HP) turbine disc, P/N UL27680, UL27681, UL39766, or UL39767 installed. These engines are installed on, but not limited to Boeing 757 and Tupolev Tu204 airplanes.

Note 1: This airworthiness directive (AD) applies to each engine identified in the preceding applicability provision, regardless of whether it has been modified, altered, or repaired in the area subject to the requirements of this AD. For engines that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Compliance with this AD is required as indicated, unless already done. To prevent corrosion-induced cracking of the HP turbine disc which could cause an uncontained HP turbine disc failure and damage to the airplane, do the following:

(a) Remove HP turbine disc from service before accumulating 15,000 cycles-since-new (CSN).

(b) After the effective date of this AD, do not install any HP turbine disc listed in this AD that exceeds 15,000 CSN.

Alternative Methods of Compliance

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Engine

Certification Office (ECO). Operators must submit their request through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, ECO.

Note 2: Information concerning the existence of approved alternative methods of compliance with this airworthiness directive, if any, may be obtained from the ECO.

Special Flight Permits

(d) Special flight permits may be issued in accordance with §§ 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be done.

Issued in Burlington, Massachusetts, on November 6, 2002.

Claimant Identification Pilot Projects

AGENCY: Social Security Administration.

ACTION: Notice of proposed rulemaking.

SUMMARY: We propose to conduct pilot projects wherein we will request photographic identification from individuals filing for title II and title XVI disability benefits in specified geographic areas covered by the pilot projects. In addition, we would require individuals to allow us to take their photograph and we would make these photographs a part of the claims folder. We would permit an exception to the photograph requirement when an individual has a sincere religious objection. This process would strengthen the integrity of the disability claims process by helping to ensure that the individual filing the application is the same individual examined by the consultative examination (CE) physician.

DATES: To consider your comments, we must receive them no later than January 14, 2003.

ADDRESSES: You may give us your comments by using our Internet site facility (*i.e.*, Social Security Online) at <http://www.ssa.gov/regulations>, e-mail to regulations@ssa.gov; by telefax to (410) 966-2830; or by letter to the Commissioner of Social Security, P.O. Box 17703, Baltimore, MD 21235-7703.

You may also deliver them to the Office of Process and Innovation Management, Social Security Administration, 2109 West Low Rise Building, 6401 Security Boulevard, Baltimore, MD 21235-6401, between 8 a.m. and 4:30 p.m. on regular business days. SUPPLEMENTARY INFORMATION:

Purpose of the Pilot Project

The purpose of the claimant identification pilots is to test and gather information in the use of photographic identification to address the issue of complicit impersonation in the disability claims process. Complicit impersonation is accomplished when an individual, posing as the intended claimant, and with the consent of the claimant, responds to a consultative examination appointment in order to misrepresent the claimant's true medical condition or provides false or misleading information that affects eligibility during interviews with SSA field office employees. SSA and the Office of the Inspector General (OIG) have noticed an upward trend in the number of such instances. It has become apparent that we need to strengthen our procedures for identity verification. We believe that the technology for the photographic identification process is currently available and could be implemented over a short time frame. The photographic identification process should give SSA an economical yet effective means of providing improved identity documents to CE physicians.

We anticipate that it will be readily accepted by the public. We will evaluate the results of the pilot and expand or modify the procedures accordingly.

How We Would Conduct the Pilot Project

We propose to conduct the pilots in the following designated geographic areas:

- (1) All SSA field offices in the State of South Carolina.
- (2) The Augusta, Georgia SSA field office.
- (3) All SSA field offices in the State of Kansas.
- (4) Selected SSA field offices located in New York City.

The pilots would be in effect for a six-month period of time and would begin upon the effective date of the final rules.

Who Would Be Affected

Individuals filing for title II and/or title XVI disability benefits at a Social Security office in the designated areas noted above would be required to participate in the claimant identification pilots. Individuals filing via the Internet or by telephone would also be included. We will be monitoring any possible impact that the pilot procedures might have on SSA's initiative to encourage the filing of applications online via the Internet.

Providing Photographic Identification

While not part of the regulatory requirement, each individual would be asked to provide some form of photographic identification. This identification would be photocopied and the copy made a part of the SSA claims folder. SSA personnel would continue to follow regular identification procedures by asking the individuals questions based on information in the SSA database to ensure that the individuals are who they hold themselves out to be. SSA personnel would obtain additional identifying information if there is a doubt about the identity of the individual. If the individual does not have photographic identification available or does not wish to provide it to us, SSA personnel would not require it but will still follow regular identification procedures as before the pilots went into effect.

Photographs Taken by SSA

Also as part of the claimant identification pilots, each individual filing for disability benefits at a location participating in the pilot program would be required to have a photograph taken by SSA personnel, regardless of whether the individual provides the photographic identification discussed

above. A copy would be made of this image and placed in the SSA claims folder. Images would also be stored electronically and accessed by authorized SSA and Disability Determination Service (DDS) personnel.

If We Request a Consultative Examination

If DDS personnel request a consultative examination (CE) for the individual, a hard copy image of the photograph would be made available to the person conducting the CE. This would help to determine whether the individual presenting himself or herself for examination is the same individual who presented himself or herself as the individual filing for disability benefits. We would ask the CE physician to copy the individual's own photographic identification when the physician was not provided with a photo or a copy of a photographic identification previously taken by SSA personnel.

Other Situations

This same procedure would be used to verify the identity of pilot participants in the following situations:

- After allowance, subsequent interviews for payment purposes.
- Continuing Disability Reviews (CDR).
- SSI Redeterminations.
- If denied, appeals and any associated CE.

Explanation of Proposed Changes

Section 404.617 Pilot Program for Photographic Identification of Disability Benefit Applicants in Designated Geographic Areas

In this new section we are proposing to require individuals filing for title II disability benefits to have their photograph taken by the Social Security Administration. We would permit an exception to the photograph requirement when an individual has a sincere religious objection.

Section 416.327 Pilot Program for Photographic Identification of Disability Benefit Applicants in Designated Geographic Areas

In this new section we are proposing to require individuals filing for title XVI disability benefits to have their photograph taken by the Social Security Administration. We would permit an exception to the photograph requirement when an individual has a sincere religious objection.

Federal Register Notice for Modifying Privacy Act System of Records

A formal notice that will modify the Privacy Act system of records for the

Claims Folder System will be published in the **Federal Register** to reflect the new information to be collected during the pilot projects.

Regulatory Procedures

Clarity of These Regulations

Executive Order 12866, as amended by Executive Order 13258, requires each agency to write all rules in plain language. In addition to your substantive comments on these proposed rules, we invite your comments on how to make these proposed rules easier to understand. For example:

- Have we organized the material to suit your needs?
- Are the requirements in the rules clearly stated?

- Do the rules contain technical language or jargon that isn't clear?
- Would a different format (grouping and order of sections, use of headings, paragraphing) make the rules easier to understand?
- Would more (but shorter) sections be better?
- Could we improve clarity by adding tables, lists, or diagrams?
- What else could we do to make the rules easier to understand?

Executive Order 12866, as Amended by Executive Order 13258

The Office of Management and Budget (OMB) has reviewed these proposed rules in accordance with Executive Order 12866, as amended by Executive Order 13258. Because of the pilot's short

time duration and limited geographic coverage, we expect any costs or savings to be negligible (*i.e.*, less than \$2.5 million).

Regulatory Flexibility Act

We certify that these proposed rules will not have a significant economic impact on a substantial number of small entities because they affect only individuals or States. Thus, a regulatory flexibility analysis as provided in the Regulatory Flexibility Act, as amended, is not required.

Paperwork Reduction Act

These proposed rules contain reporting requirements as shown in the following table.

Section	Annual number of re-sponses	Frequency of response	Average burden per response (minutes)	Estimated annual burden (hours)
404.617	13,910	1	5	1,159
416.327	14,080	1	5	1,173
Total	27,990	2,332

An Information Collection Request has been submitted to OMB for clearance. We are soliciting comments on the burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility and clarity; and on ways to minimize the burden on respondents, including the use of automated collection techniques or other forms of information technology. Comments may be mailed or faxed to the Office of Management and Budget and the Social Security Administration at the following addresses/fax numbers:

Office of Management and Budget, Attn: OMB Desk Officer, Rm. 10235, New Executive Office Building, 725 17th St., NW., Washington, DC 20503, Fax No. 202-395-6974.

Social Security Administration, Attn: SSA Reports Clearance Officer, Rm. 1-A-20 Operations Building, 6401 Security Boulevard, Baltimore, MD 21235-6401, Fax No. 410-965-6400.

Comments can be received between 30 and 60 days after publication of this notice and will be most useful if received by SSA within 30 days of publication.

Jo Anne B. Barnhart,
Commissioner of Social Security.

For the reasons set out in the preamble, we propose to amend part 404, subpart G of chapter III, title 20 Code of Federal Regulations and part 416, subpart C of chapter III title 20 Code of Federal Regulations as follows:

PART 404—FEDERAL OLD-AGE, SURVIVORS AND DISABILITY INSURANCE (1950—)

Subpart G—[Amended]

1. The authority citation for subpart G of part 404 continues to read as follows:

Authority: Secs. 202(i), (j), (o), (p), and (r), 205(a), 216(i)(2), 223(b), 228(a), and 702(a)(5)

of the Social Security Act (42 U.S.C. 402(i), (j), (o), (p), and (r), 405(a), 416(i)(2), 423(b), 428(a), and 902(a)(5)).

2. Add new § 404.617 under the existing heading, APPLICATIONS, to read as follows:

§ 404.617 Pilot program for photographic identification of disability benefit applicants in designated geographic areas.

(a) To be eligible for Social Security disability insurance benefits in the designated pilot geographic areas during the time period of the pilot, you or a person acting on your behalf must give SSA permission to take your photograph and make this photograph a part of the claims folder. You must give us this permission when you apply for benefits and/or when we ask for it at a later time. Failure to cooperate will result in denial of benefits. We will permit an exception to the photograph requirement when an individual has a sincere religious objection. This pilot will be in effect for a six-month period after the final rules become effective.

(b) *Designated pilot geographic areas means:*

(1) All SSA field offices in the State of South Carolina.

(2) The Augusta, Georgia SSA field office.

(3) All SSA field offices in the State of Kansas.

(4) Selected SSA field offices located in New York City.

PART 416—SUPPLEMENTAL SECURITY INCOME FOR THE AGED, BLIND AND DISABLED

Subpart C—[Amended]

3. The authority citation for subpart C of part 416 continues to read as follows:

Authority: Secs. 702(a)(5), 1611, and 1631(a), (d), and (e) of the Social Security Act (42 U.S.C. 902(a)(5), 1382, and 1383(a), (d), and (e)).

4. Add new § 416.327 under the existing heading, APPLICATIONS, to read as follows:

§ 416.327 Pilot program for photographic identification of disability benefit applicants in designated geographic areas.

(a) To be eligible for SSI disability benefits in the designated pilot geographic areas during the time period of the pilot, you or a person acting on your behalf must give SSA permission to take your photograph and make this photograph a part of the claims folder. You must give us this permission when you apply for benefits and/or when we ask for it at a later time. Failure to cooperate will result in denial of benefits. We will permit an exception to the photograph requirement when an individual has a sincere religious objection. This pilot will be in effect for a six-month period after the final rules become effective.

(b) *Designated pilot geographic areas means:*

(1) All SSA field offices in the State of South Carolina.

Federal Old-Age, Survivors, and Disability Insurance and Supplemental Security Income; Collection of Overdue Program and Administrative Debts Using Administrative Wage Garnishment

AGENCY: Social Security Administration.

ACTION: Proposed rules.

SUMMARY: We propose to modify our regulations dealing with the collection of program overpayment debts that arise under titles II and XVI of the Social

Security Act (the Act) and administrative debts owed to us. Specifically, we propose to make some changes and establish new regulations that will establish our rules on the use of administrative wage garnishment (AWG) to collect such debts when they are past due. AWG is a process whereby we order the debtor's employer to withhold and pay to us up to 15 percent of the debtor's disposable pay every payday until the debt is repaid. The employer is required by law to comply with our AWG order.

DATES: To be sure your comments are considered, we must receive them no later than January 14, 2003.

ADDRESSES: You may give us your comments by using: our Internet site facility (*i.e.*, Social Security Online) at <http://www.ssa.gov/regulations/>, e-mail to regulations@ssa.gov, by telefax to (410) 966-2830 or by letter to the Commissioner of Social Security, P.O. SUPPLEMENTARY INFORMATION: Section 31001(o)(1) of Public Law 104-134 amended Chapter 37, subchapter II, of title 31, United States Code, by adding section 3720D to permit Federal agencies to use AWG to recover past due debts. We propose to pursue AWG to collect past due program overpayment debts incurred under title II and title

XVI of the Act and past due administrative debts (*see* 20 CFR 422.306(a) for examples of administrative debts). The proposed regulations discussed below would implement 31 U.S.C. 3720D under the guidance provided by the Department of the Treasury at 31 CFR 285.11.

Explanation of Changes to Regulations

We propose to create a new subpart E in part 422 of our regulations containing the rules we will use to collect both title II and title XVI program overpayments and administrative debts by AWG. Proposed subpart E would include sections that would explain the conditions for our use of AWG, the rights of the debtor and the responsibilities of the employer.

In proposed § 422.401, we describe the scope of this subpart—our use of AWG under 31 U.S.C. 3720D to recover past due debts that you owe.

Proposed § 422.402 contains definitions of several terms used in the new subpart, including:

- Paragraph (a), defining “administrative wage garnishment” as the process whereby we order your employer to withhold from your disposable pay and send the amount withheld to us;
- Paragraph (b), defining the term “debt” to mean any amount of money or property that we determine is owed to the United States government and that arises from a program that we administer or an activity that we perform;
- Paragraph (c), defining the term “disposable pay” to mean the amount equal to your total compensation from an employer (including, among other things, wages or salary, bonuses, commissions and vacation pay) after deduction of health insurance premiums and amounts withheld as required by law other than amounts withheld under court order.

Proposed § 422.403 would provide that, subject to certain exceptions and conditions, we would use AWG to collect any debt that is past due. We may use AWG concurrently with other practices, such as, tax refund offset and other administrative offset conducted by the Department of the Treasury and referral of information about the debt to consumer reporting agencies. *See* paragraph (a). We would not use AWG to collect a debt from salary or wages paid by the United States Government. If you have been separated involuntarily from employment, we will not use AWG against you until you have been re-employed continuously for at least 12 months. *See* paragraph (b).
