

Truck Rental and Leasing Association,¹³ and a hearing was held on January 23, 2006.¹⁴ In addition, EPA received written comments for the Docket of this proceeding from several commenters, including additional submissions from CARB and some of the parties who testified at the public hearing, submissions from the Owner-Operators Independent Drivers Association, the Truckload Carriers Association, the California Trucking Association, the Pacific Merchant Shipping Association, and the Agricultural and Food Transporters Conference of American Trucking Associations, and a supplemental submission from CARB responding to matters raised by some industry parties in their written comments.¹⁵ Accordingly, EPA has made this authorization decision based on the information submitted by CARB in its requests, and the information presented to the Agency at the public hearing and in the comments received after the hearing.

C. Authorization Decision

EPA received hearing testimony and written comments from industry parties who opposed the CARB request for authorization request on various grounds. After review of the information submitted by CARB and other parties to the record of this Docket, however, EPA finds that those opposing the authorization request have not met the burden of demonstrating that California's regulations do not satisfy the statutory criteria of section 209(e). For this reason, EPA is granting California authorization to enforce its TRU ATCM regulations. A full explanation of EPA's decision, including our review of comments received, is contained in our Decision Document, which may be obtained as

¹³ Letter from Glenn P. Kedzie, American Trucking Association to Robert M. Doyle, USEPA, dated January 27, 2005, Docket Entry 2005-0123-0014, and letter from Thomas James, Truck Rental and Leasing Association to Robert M. Doyle, USEPA, dated December 1, 2005, Docket entry OAR-2005-0123-0015.

¹⁴ EPA received testimony from: Michael Terris, Anthony Andreoni and Rod Hill, California Air Resources Board; Robert Digges, American Trucking Association; Corey England, C.R. England Co.; James Lyons, Sierra Research; Thomas James, Truck Rental and Leasing Association, Andrew Stopka, National Lease Company; Thomas Richichi, Beveridge & Diamond Law Firm, on behalf of the American Trucking Association, and John Kaburick, Earl L. Henderson Trucking Company and on behalf of the Truckload Carriers Association. Written statements presented at this hearing and the hearing transcript appear in the Docket as Docket Entries OAR-2005-0123-0013 and OAR-2005-0123-0017 through OAR-2005-0123-0023.

¹⁵ These comments can be found in the Docket as Docket entries OAR-2005-0123-0024 through OAR-2005-0123-0031.

explained above in the "Addresses" section of this Notice.

My decision will affect not only persons in California but also persons outside the State who would need to comply with California's TRU ATCM regulations to enter California with such engines. For this reason, I hereby determine and find that this is a final action of national applicability.

Under section 307(b)(1) of the Act, judicial review of this final action may be sought only in the United States Court of Appeals for the District of Columbia Circuit. Petitions for review must be filed by March 17, 2009. Under section 307(b)(2) of the Act, judicial review of this final action may not be obtained in subsequent enforcement proceedings.

As with past authorization decisions, this action is not a rule as defined by Executive Order 12866. Therefore, it is exempt from review by the Office of Management and Budget as required for rules and regulations by Executive Order 12866.

In addition, this action is not a rule as defined in the Regulatory Flexibility Act, 5 U.S.C. 601(2). Therefore, EPA has not prepared a supporting regulatory flexibility analysis addressing the impact of this action on small business entities.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, does not apply because this action is not a rule, for purposes of 5 U.S.C. 804(3).

Finally, the Administrator has delegated the authority to make determinations regarding authorizations under section 209(e) of the Act to the Assistant Administrator for Air and Radiation.

Dated: January 9, 2009.

Robert J. Meyers,

Principal Deputy Assistant Administrator for Air and Radiation.
