Dear Mrs. I take the present opportunity to  
thank you for the letter of the 1st and thought  
to have from you that you better found me well and  
I hope this will find you the same there is not  
I have been all winter only about my own  
business and I am glad that he is there and I don't  
do get enough of him and I think they will and I don't  
see any thing to hinder the best from coming to me  
why day now and I think the school see how the things  
going I am glad to hear that Clara is getting better and  
I should like to be at home and have a talk with you  
but till you have many things I have done to think  
I had time and had and heart within the last year and  
I am in hope the time is close at hand when I can be  
your own mind then the best of the school for the  
I don't take one from you again unless there is at our  
I don't I hope that my share be the same with you  
I have a place among the living I don't see children  
within in the world that is enough to fill the heart of  
any one in the place with all that but there are
