

Six alternatives are considered in detail in the FSEIS. Alternative 1, no action, continues the current direction of implementing available disease-management practices based on site-specific analysis. Alternative 2 uses the same management practices but adds a risk key to clarify the environmental conditions that require implementation of additional site-specific practices, and identifies and emphasizes protection within uninfested 7th field watersheds. Alternative 3 includes almost all elements of Alternative 2 and adds additional protections for 32 currently uninfested 6th field watersheds. Alternative 4 removes existing disease management practices but accelerates the resistant breeding program to provide resistant stock for all areas within ten years. Alternative 5 also removes existing disease management practices and stops development of resistant seed for remaining undeveloped breeding zones. Alternative 6 incorporates all elements of Alternative 2 and adds additional protections for uninfested 7th field watersheds. The preferred alternative is Alternative 2. A decision to select one of the action alternatives would amend the management direction in one FS Land and Resource Management Plan and three BLM Resource Management Plans in the planning area.

The FSEIS addresses deficiencies identified in a February 12, 2003, U.S. District Court decision, which held the Resource Management Plan EIS for the Coos Bay District and a related project Environmental Assessment did not adequately analyze the cumulative effects of management activities on the health of Port-Orford-cedar outside the project area.

The analysis considers the entire natural range of Port-Orford-cedar, but only plans within the Oregon portion of the range are proposed for amendment at this time. The responsible official for lands administered by the Forest Service is the Forest Supervisor for the Siskiyou and Rogue River National Forests. The responsible official for public lands administered by the BLM is the State Director, Oregon State Office.

Dated: January 15, 2004.

Associate State Director, Oregon and Washington, Bureau of Land Management.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0006).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under "30 CFR 256, Leasing of Sulphur or Oil and Gas in the Outer Continental Shelf," and related forms. This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements.

DATES: Submit written comments by February 26, 2004.

ADDRESSES: You may submit comments either by fax (202) 395-6566 or e-mail (*OIRA_DOCKET@omb.eop.gov*) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0006). Mail or hand carry a copy of your comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817. If you wish to e-mail your comments to MMS, the address is: *rules.comments@mms.gov*. Reference Information Collection 1010-0006 in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT: Arlene Bajusz, Rules Processing Team (703) 787-1600. You may also contact Arlene Bajusz to obtain a copy, at no cost, of the regulations and forms that require the subject collection of information.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR 256, Leasing of Sulphur or Oil and Gas in the Outer Continental Shelf.

OMB Control Number: 1010-0006.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the

OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition. The Energy Policy and Conservation Act of 1975 (EPCA) prohibits certain lease bidding arrangements (42 U.S.C. 6213 (c)).

The Independent Offices Appropriations Act of 1952 (IOAA), 31 U.S.C. 9701, authorizes Federal agencies to recover the full cost of services that provide special benefits. Under the Department of the Interior's (DOI) policy implementing the IOAA, MMS is required to charge the full cost for services that provide special benefits or privileges to an identifiable non-Federal recipient above and beyond those that accrue to the public at large.

Instruments of transfer of a lease or interest are subject to cost recovery, and MMS regulations specify filing fees for these transfer applications.

The MMS uses the information required by 30 CFR 256 to determine if applicants are qualified to hold leases in the OCS. Specifically, MMS uses the information to:

- Verify the qualifications of a bidder on an OCS lease sale. Once the required information is filed with MMS, a qualification number is assigned to the bidder so that duplicate information is not required on subsequent filings.

- Develop the semiannual List of Restricted Joint Bidders. This identifies parties ineligible to bid jointly with each other on OCS lease sales, under limitations established by the EPCA.

- Ensure the qualification of assignees. Once a lease is awarded, the transfer of a lessee's interest to another qualified party must be approved by an MMS regional director.

- Obtain information and nominations on oil and gas leasing, exploration, and development and production. Early planning and consultation ensure that all interests and concerns are communicated to us for future decisions in the leasing process.

- Document that a leasehold or geographical subdivision has been surrendered by the record title holder.

- Verify that lessees have adequate bonding coverage. Respondents must submit their bonds certification forms:

Form MMS–2028, “Outer Continental Shelf Mineral Lessee’s and Operator’s Bond,” and Form MMS–2028A, “Outer Continental Shelf Mineral Lessee’s and Operator’s Supplemental Plugging & Abandonment Bond.” The MMS uses these documents to hold the surety libel for the obligations and liability of the principal/lessee or operator.

Frequency: The frequency of reporting is annual and on occasion.
Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and gas or sulphur lessees, as well as the affected States and local governments.
Estimated Reporting and Recordkeeping “Hour” Burden: The estimated annual “hour” burden for this

information collection is a total of 19,668 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, MMS assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Estimated Reporting and Recordkeeping “Non-Hour Cost” Burden: The estimated “non-hour cost” burden for this information collection is a total of \$577,575 rounded to \$578,000. This cost burden is for filing fees associated with submitting requests for approval of instruments of transfer (\$185 per application) or to file nonrequired documents for record purposes (\$25 per filing) according to § 256.64(a)(8).

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the

information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on September 10, 2003, MMS published a **Federal Register** notice (68 FR 53390) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 256.0 provides the OMB control number for the information collection requirements imposed by the 30 CFR 256 regulations. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. MMS has received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB

has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by February 26, 2004.

Public Comment Policy: MMS’s practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law; however, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.
