SUPPLEMENTARY INFORMATION:

Background

The NACMCF was established in March 1988, in response to a recommendation in a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current charter for the NACMCF and other information about the Committee are available for viewing on the NACMCF homepage at http://www.fsis.usda.gov/About_FSYS/NACMCF/index.asp.

The Committee provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services concerning the development of microbiological criteria by which the safety and wholesomeness of food can be assessed. For example, the Committee assists in the development of criteria for microorganisms that indicate whether food has been processed using good manufacturing practices.

Appointments to the Committee will be made by the Secretary of Agriculture after consultation with the Secretary of Health and Human Services to ensure that recommendations made by the Committee take into account the needs of the diverse groups served by the Department. Membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Given the complexity of issues, the full Committee expects to meet at least once yearly, and the meetings will be announced in the **Federal Register**. The subcommittees will meet as deemed necessary by the chairperson and will be held as working group meetings in an open public forum. The subcommittee meetings will not be announced in the **Federal Register**. FSIS will announce the agenda and subcommittee working group meetings through the Constituent Update available on-line at <http://www.fsis.usda.gov>. NACMCF holds subcommittee working group meetings in order to accomplish the work of NACMCF; all work accomplished by the subcommittees is reviewed and approved by the full Committee during

a public meeting of the full Committee, as announced in the **Federal Register**. The subcommittee may invite technical experts to present information for consideration by the subcommittee. All data and records available to the full Committee are expected to be available to the public at the time the full Committee reviews and approves the work of the subcommittee.

Appointment to the Advisory Committee is a two-year term; renewable for a total of three consecutive terms. Members must be prepared to work outside of scheduled Committee and subcommittee meetings, and may be required to assist in document preparation. Committee members serve on a voluntary basis; however, travel reimbursement and per diem are available.

Regarding Nominees Who Are Selected

All nominees who are selected must submit a USDA Advisory Committee Membership Background Information form AD-755, available on-line at: <http://www.fsis.usda.gov/FSISForms/AD-755.pdf>.

In particular to their appointment, SGEs must complete the Office of Government Ethics (OGE) 450 Confidential Financial Disclosure Report, as new entrants before rendering any advice, or prior to their first meeting. All members will be reviewed for conflict of interest pursuant to 18 U.S.C. 208 in relation to specific NACMCF work charges. Financial disclosure updates will be required of members before each meeting. Members must report any changes in financial holdings requiring additional disclosure. OGE 450 forms are available on-line at http://www.usoge.gov/pages/forms_pubs_otherdocs/fpo_files/forms/fr450fill_03.pdf.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it both on-line through the FSIS Web page located at <http://www.fsis.usda.gov> and the NACMCF Web page at http://www.fsis.usda.gov/About_FSYS/NACMCF/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or

would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

[Docket No. 04-039N]

National Advisory Committee on Microbiological Criteria for Foods; Renewal

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice of Re-chartering of Committee.

SUMMARY: This notice is announcing the re-chartering of the National Advisory Committee on Microbiological Criteria for Foods (NACMCF). The Committee has been renewed in cooperation with the Department of Health and Human Services (HHS). The establishment of the Committee was recommended by a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current charter for the NACMCF is available for viewing on the NACMCF homepage at http://www.fsis.usda.gov/About_FSYS/NACMCF_Charter/.

FOR FURTHER INFORMATION CONTACT: Karen Thomas, Advisory Committee Specialist, United States Department of Agriculture (USDA), Food Safety and Inspection Service, Room 333 Aerospace Center, 1400 Independence Avenue, SW., Washington, DC 20250-3700. Background materials are available for inspection on the Web at the above address or by contacting Ms. Thomas at (202) 690-6620.

SUPPLEMENTARY INFORMATION:

Background

The United States Department of Agriculture (USDA) is charged with the

administration and the enforcement of the Federal Meat Inspection Act (FMIA), the Poultry Products Inspection Act (PPIA), and the Egg Products Inspection Act (EPIA). The Secretary of HHS is charged with the administration and enforcement of the Federal Food, Drug, and Cosmetic Act (FFDCA). These Acts help protect consumers by assuring that food products are wholesome, not adulterated, and properly marked, labeled and packaged.

In order to assist the Secretaries in carrying out their responsibilities under the FMIA, PPIA, EPIA, and FFDCA, the NACMCF has been re-chartered. The Committee will be charged with advising and providing recommendations to the Secretaries on the development of microbiological criteria by which the safety and wholesomeness of food can be assessed, including criteria for microorganisms that indicate whether foods have been adequately and appropriately processed.

Re-chartering of this Committee is necessary and in the public interest because of the need for external expert advice on the range of scientific and technical issues that must be addressed by the Federal sponsors in meeting their statutory responsibilities. The complexity of the issues to be addressed requires that the Committee meet at least twice per year.

Members will be appointed by the Secretary of USDA after consultation with the Secretary of HHS. Because of their interest in the matters to be addressed by this Committee, advice on membership appointments will be requested from the Department of Commerce's National Marine Fisheries Service, the Department of Defense's Veterinary Service Activity, and the Centers for Disease Control and Prevention.
