

(3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. Rule 19b-4(f)(6)(iii) also requires a self-regulatory organization to provide the Commission with written notice of its intent to file a proposed rule change pursuant to Rule 19b-4(f)(6), along with a brief description and text of the proposed rule change, at least five business days prior to filing the proposed rule change, or such shorter time as the Commission designates. The NYSE has requested that the Commission waive both the five-day pre-filing notice requirement and the 30-day operative delay to allow the NYSE to implement the systems change needed to continue trading stocks priced at \$100,000 or higher without interruption.

Although the Commission ordinarily would expect a proposed rule change to modify the minimum price variation to be filed pursuant to section 19(b)(2) of the Act,<sup>9</sup> the Commission believes that, under the narrow circumstances presented by the current proposal, it is appropriate for the NYSE to file the proposal pursuant to section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder. In this regard, the Commission notes that the proposed ten-cent minimum price variation would apply solely to equity securities priced at \$100,000 or higher and that the trading of such securities raises unique technological issues for the Exchange. For the same reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, and the Commission designates the proposal to be operative upon filing with the Commission.<sup>10</sup> Finally, the Commission has waived the five-day pre-filing notice requirement.

At any time within 60 days of the filing of such proposed rule change, the

Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NYSE. ## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. WTO/DS-281]

### WTO Dispute Settlement Proceeding Regarding Antidumping Measures on Cement From Mexico

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Office of the United States Trade Representative ("USTR") is providing notice that the Government of Mexico has requested the establishment of a dispute settlement panel under the Marrakesh Agreement Establishing the World Trade Organization ("WTO Agreement") regarding various measures relating to the antidumping duty order on gray portland cement and cement clinker ("cement") from Mexico. Mexico alleges that determinations made by U.S. authorities concerning this product, and certain related matters, are inconsistent with Articles 1, 2, 3, 4, 5, 6, 8, 9, 10, 11, 12, 18 and Annex II of the Agreement of Implementation of Article VI of the General Agreements on Tariffs and Trade 1994 ("AD Agreement"), Articles VI and X of the General Agreement on Tariffs and Trade 1994 ("GATT 1994"), and Article XVI:4 of the WTO Agreement. USTR invites written comments from the public concerning the issues raised in this dispute.
