

SUPPLEMENTARY INFORMATION:**Background**

On April 1, 2004, the Department published the notice of initiation of the sunset review of the antidumping duty order on FCOJ from Brazil.¹ On April 16, 2004, the Department received a Notice of Intent to Participate from Florida Citrus Mutual; Citrus Belle; Citrus World, Inc.; Peace River Citrus Products, Inc.; and Southern Gardens Citrus Processors Corporation (collectively "domestic interested parties") within the deadline specified in section 315.218(d)(1)(i) of the Department's regulations. The domestic interested parties claimed interested party status under section 771(9)(C) of the Act, as U.S. producers of FCOJ. On May 3, 2004, the Department received complete substantive responses from the domestic interested parties within the deadline specified in section 351.218(d)(3)(i) of the Department's regulations. We did not receive responses from any respondent interested parties to this proceeding, except a participation waiver from Citrovita Agro Industrial, Ltda., a respondent interested party. See response of Citrovita Agro Industrial, Ltda., "FCOJ from Brazil Sunset Review: Clarification" (May 10, 2004). As a result, pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(C)(2) of the Department's regulations, the Department determined to conduct an expedited review of this order.

Scope of the Order

The merchandise covered by this order is FCOJ from Brazil. The merchandise is currently classifiable under subheading 2009.11.00 of the Harmonized Tariff Schedule United States ("HTS"). The HTS subheading is provided for convenience and customs purposes. The written description remains dispositive.

Analysis of Comments Received

All issues raised in these reviews are addressed in the "Issues and Decision Memorandum" ("Decision Memo") from Ronald K. Lorentzen, Acting Director, Office of Policy, Import Administration, to James J. Jochum, Assistant Secretary for Import Administration, dated August 30, 2004, which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely

to prevail if the order were to be revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in room B-099 of the main Commerce Building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>, under the heading "September 2004." The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Reviews

We determine that revocation of the antidumping duty order on FCOJ from Brazil would be likely to lead to continuation or recurrence of dumping at the following percentage weighted-average percentage margins:

Manufacturers/exporters/producers	Weighted average margin (percent)
Citrovita	15.98
All Others	1.96

We are issuing and publishing the results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: August 30, 2004.

Assistant Secretary for Import Administration.

Natural Bristle Paint Brushes and Brush Heads From the People's Republic of China and Certain Hot-Rolled Flat-Rolled Carbon-Quality Steel Products From Japan; Extension of Final Results of Expedited Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for final results of expedited sunset reviews: natural bristle paint brushes and brush heads from the People's Republic of China and certain hot-rolled flat-rolled carbon-quality steel products from Japan.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for its final results in the

expedited sunset reviews of the antidumping duty orders on natural bristle paint brushes and brush heads from the People's Republic of China ("PRC") and certain hot-rolled flat-rolled carbon-quality steel products ("hot-rolled steel") from Japan. Based on adequate responses from the domestic interested parties and inadequate responses from respondent interested parties, the Department is conducting expedited sunset reviews to determine whether revocation of the antidumping duty orders would lead to the continuation or recurrence of dumping. As a result of this extension, the Department intends to issue final results of these sunset reviews on or about October 15, 2004.

EFFECTIVE DATE: September 7, 2004.

FOR FURTHER INFORMATION CONTACT: Hilary E. Sadler, Esq. (PRC) or Martha Douthit (Japan), Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4340 or 482-5050.

Extension of Final Results

In accordance with section 751(c)(5)(C)(ii) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat sunset reviews as extraordinarily complicated if the issues are complex in order to extend the period of time under section 751(c)(5)(B) of the Act for making a sunset determination. As discussed below, the Department has determined that these reviews are extraordinarily complicated. On May 3, 2004, the Department published its notice of initiation of sunset reviews of the antidumping duty orders on natural bristle paint brushes and brush heads from the PRC and hot-rolled steel from Japan. See *Initiation of Five-Year (Sunset) Reviews*, 69 FR 24118 (May 3, 2004). The Department determined that it would conduct expedited sunset reviews of these antidumping duty orders based on responses from the domestic interested parties and no responses from the respondent interested parties to the notice of initiation. The Department's final results of these reviews were scheduled for August 31, 2004; however, the Department needs additional time for its analysis to examine certain complex issues. Specifically in the natural bristle paint brushes and brush heads case, the Department is analyzing issues surrounding import volumes. Concerning hot-rolled steel, the Department needs additional time to analyze the issues raised by the parties.

¹ See *Initiation of Five-Year ("Sunset") Reviews*, 69 FR 17129 (April 1, 2004) ("Initiation Notice").

Therefore, Department needs additional time for its analysis in making its final determinations.

Because of the complex issues in these proceedings, the Department will extend the deadline for issuance of the final results. Thus, the Department intends to issue the final results on or about October 15, 2004, in accordance with sections 751(c)(5)(B) and (C)(ii) of the Act.

Dated: August 31, 2004.

Assistant Secretary for Import Administration.

Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe From Romania: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review and Preliminary Determination Not To Revoke in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Preliminary Results of Antidumping Duty Administrative Review.

SUMMARY: In response to a request by S.C. Silcotub S.A. (Silcotub), a producer/exporter of subject merchandise, and in response to a request by United States Steel Corporation (the petitioner), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain small diameter carbon and alloy seamless standard, line, and pressure pipe (seamless pipe) from Romania. The period of review (POR) is August 1, 2002, through July 31, 2003.

We preliminarily find that sales have been made below normal value (NV). If these preliminary results are adopted in our final results of administrative review, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on the subject merchandise that was exported by Silcotub and entered during the POR. Because the preliminary margin for Silcotub in this review is above *de minimis*, we also preliminarily determine not to revoke the order in part with respect to that company. Finally, we are rescinding the review of

S.C. Petrotub S.A. (Petrotub) because the petitioner withdrew its request for a review of that company.

EFFECTIVE DATE: September 7, 2004.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2000, the Department published an antidumping duty order on certain small diameter carbon and alloy seamless standard, line, and pressure pipe from Romania. *See Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe From Romania*, 65 FR 48963 (August 10, 2000). On August 1, 2003, the Department published a notice of opportunity to request an administrative review of this order. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 68 FR 45218. On August 29, 2003, in accordance with 19 CFR 351.213(b)(2), Silcotub requested a review. In addition, in accordance with 19 CFR 351.222(e), Silcotub requested that the Department revoke the order with regard to Silcotub, pursuant to 19 CFR 351.222(b)(2). On September 2, 2003, the petitioner requested reviews of Silcotub and Petrotub, producers/exporters of certain small diameter carbon and alloy seamless standard, line, and pressure pipe from Romania.

On September 30, 2003, the Department published a notice of initiation of administrative review of the antidumping duty order on certain small diameter carbon and alloy seamless standard, line, and pressure pipe from Romania, covering the period August 1, 2002, through July 31, 2003.

Initiation of Antidumping and Countervailing Duty Administrative Reviews, Request for Revocation in Part and Deferral of Administrative Review, 68 FR 56262. On March 31, 2004, the Department published a notice of *Extension of the Time Limit for the Preliminary Results of Antidumping Duty Administrative Review* (69 FR 16893), extending the deadline for the issuance of the preliminary results by 90 days. On July 2, 2004, the Department published a second notice of *Extension of the Time Limit for the Preliminary*

Results of Antidumping Duty Administrative Review (69 FR 16893), extending the deadline for the issuance of the preliminary results until no later than August 30, 2004. We are conducting this review under Section 751(a) of the Tariff Act of 1930, as amended (the Act).

Romania's designation as a non-market-economy (NME) country remained in effect until January 1, 2003.¹ Since the first five months of the period of review (POR) fell before Romania's graduation to market-economy status and the last seven months of this POR came after its graduation, in its antidumping questionnaire to Silcotub, dated November 14, 2003, the Department determined that it would treat Romania as an NME country from August 1, 2002, through December 31, 2002, and a market-economy (ME) country from January 1, 2003, through July 31, 2003. The first part of this notice refers to the NME portion of the POR (NME POR) and the Department's NME methodology, and the second part of this notice refers to the ME portion of the POR (ME POR) and the Department's ME methodology. In the section of this notice entitled *Preliminary Results of the Review*, we have calculated a weighted-average dumping margin reflecting the margin we calculated for the NME POR and the dumping margin we calculated for the ME POR. This weighted-average figure reflects the margin of dumping for the entire POR.

Partial Rescission of Antidumping Duty Administrative Review

On November 12, 2003, the petitioner withdrew its request for a review of Petrotub. Because there was no other request for a review of Petrotub and because the letter withdrawing its request for a review was timely filed, we are rescinding the review with respect to Petrotub in accordance with 19 CFR 351.213(d)(1).

¹ In *Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe from Romania: Final Results of Antidumping Duty Administrative Review*, 68 FR 12672, 12673 (March 17, 2003), the Department reviewed the non-market-economy status of Romania and determined to reclassify Romania as a market economy for purposes of antidumping and countervailing duty proceedings, pursuant to section 771(18)(A) of the Act, effective January 1, 2003. *See Memorandum from Lawrence Norton, Import Policy Analyst, to Joseph Spetrini, Acting Assistant Secretary for Import Administration: Antidumping Duty Administrative Review of Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe from Romania—Non-Market Economy Status Review* (March 10, 2003).
