BILLING CODE 3510-DR-C

## DEPARTMENT OF DEFENSE

[OMB Control Number 0704-0369]

### Information Collection Requirement; Defense Federal Acquisition Regulation Supplement; Rights in Technical Data and Computer Software

**AGENCY:** Department of Defense (DoD).

**ACTION:** Notice and request for comments regarding a proposed extension of an approved information collection requirement.

**SUMMARY:** In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. DoD invites comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection for use through November 30, 2003. DoD proposes that OMB extend its approval for use through November 30, 2006.

**DATES:** DoD will consider all comments received by September 29, 2003.

**ADDRESSES:** Respondents may submit comments directly on the World Wide Web at <http://emissary.acq.osd.mil/dar/dfars.nsf/pubcomm>. As an alternative, respondents may e-mail comments to: [dfars@acq.osd.mil](mailto:dfars@acq.osd.mil). Please cite OMB Control Number 0704-0369 in the subject line of e-mailed comments.

Respondents that cannot submit comments using either of the above methods may submit comments to: Defense Acquisition Regulations Council, Attn: Mr. Euclides Barrera, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062; facsimile (703) 602-0350. Please cite OMB Control Number 0704-0369.

At the end of the comment period, interested parties may view public

comments on the World Wide Web at <http://emissary.acq.osd.mil/dar/dfars.nsf>.

**FOR FURTHER INFORMATION CONTACT:** Mr. Euclides Barrera, (703) 602-0296. The information collection requirements addressed in this notice are available electronically via the Internet at: <http://www.acq.osd.mil/dp/dars/dfars.html>. Paper copies are available from Mr. Euclides Barrera, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062.

**SUPPLEMENTARY INFORMATION:** *Title and OMB Number:* Defense Federal Acquisition Regulation Supplement (DFARS) Subpart 227.71, Rights in Technical Data, and Subpart 227.72, Rights in Computer Software and Computer Software Documentation, and related provisions and clauses of the Defense Federal Acquisition Regulation Supplement (DFARS); OMB Control Number 0704-0369.

*Needs and Uses:* DFARS Subparts 227.71 and 227.72 prescribe the use of solicitation provisions and contract clauses containing information collection requirements that are associated with rights in technical data and computer software. DoD needs this information to implement 10 U.S.C. 2320, Rights in technical data, and 10 U.S.C. 2321, Validation of proprietary data restrictions. DoD uses the information to recognize and protect contractor rights in technical data and computer software that are associated with privately funded developments; and to ensure that technical data delivered under a contract is complete and accurate and satisfies contract requirements.

*Affected Public:* Businesses or other for-profit and not-for-profit institutions.

*Annual Burden Hours:* 1,235,970.

*Number of Respondents:* 54,925.

*Responses Per Respondent:* 26.

*Annual Responses:* 1,403,170.

*Average Burden Per Response:* .9 hours.

*Frequency:* On occasion.

### Summary of Information Collection

DoD uses the following DFARS provisions and clauses in solicitations and contracts to require offerors and contractors to identify and mark data or software requiring protection from unauthorized release or disclosure in accordance with 10 U.S.C. 2320:

252.227-7013, Rights in Technical Data'Noncommercial Items.

252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation.

252.227-7017, Identification and Assertion of Use, Release, or Disclosure Restrictions.

252.227-7018, Rights in Noncommercial Technical Data and Computer Software—Small Business Innovation Research (SBIR) Program.

In accordance with 10 U.S.C. 2320(a)(2)(D), DoD may disclose limited rights data to persons outside the Government, or allow those persons to use limited rights data, if the recipient agrees not to further release, disclose, or use the data. Therefore, the clause at DFARS 252.227-7013, Rights in Technical Data—Noncommercial Items, requires the contractor to identify and mark data or software that it provides with limited rights.

In accordance with 10 U.S.C. 2321(b), contractors and subcontractors at any tier must be prepared to furnish written justification for any asserted restriction on the Government's rights to use or release data. The following DFARS clauses require contractors and subcontractors to maintain adequate records and procedures to justify any asserted restrictions:

252.227-7019, Validation of Asserted Restrictions—Computer Software.

252.227-7037, Validation of Restrictive Markings on Technical Data.

In accordance with 10 U.S.C. 2320, DoD must protect the rights of contractors that have developed items, components, or processes at private expense. Therefore, the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends, requires a contractor or subcontractor to submit a use and non-disclosure agreement when it obtains data from the Government to which the Government has only limited rights.

The provision at DFARS 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government, requires an offeror to identify any technical data or computer software that it previously delivered, or will deliver, under any Government contract. DoD needs this information to avoid paying for rights in technical data or computer software that the Government already owns.

In accordance with 10 U.S.C. 2320(b)(7), a contractor that delivers or makes technical data available to the Government must furnish written assurance that the technical data is complete and accurate and satisfies contract requirements. The clause at DFARS 252.227-7036, Declaration of

Technical Data Conformity, implements this requirement.

**Michele P. Peterson,**

*Executive Editor, Defense Acquisition Regulations Council.*

BILLING CODE 5001-08-P

## DEPARTMENT OF EDUCATION

RIN 1820-ZA24

### National Institute on Disability and Rehabilitation Research (NIDRR)

**AGENCY:** Office of Special Education and Rehabilitative Services, Department of Education.

**ACTION:** Notice of final priority.

**SUMMARY:** The Assistant Secretary for Special Education and Rehabilitative Services announces a final priority for Collaborative Research Projects in Traumatic Brain Injury (TBI) under the Disability and Rehabilitation Research Projects (DRRP) Program under the National Institute on Disability and Rehabilitation Research (NIDRR) for fiscal year (FY) 2003 and later years. We take this action to focus research attention on areas of national need. We intend this priority to improve the rehabilitation services and outcomes for individuals with disabilities.

**EFFECTIVE DATE:** This priority is effective August 29, 2003.

**FOR FURTHER INFORMATION CONTACT:** Donna Nangle. Telephone: (202) 205-5880.

If you use a telecommunications device for the deaf (TDD), you may call the TDD number at (202) 205-4475 or via the Internet: [donna.nangle@ed.gov](mailto:donna.nangle@ed.gov)

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

#### SUPPLEMENTARY INFORMATION:

#### Disability and Rehabilitation Research Projects (DRRP) Program

The purpose of the DRRP Program is to plan and conduct research, demonstration projects, training, and related activities that help to maximize the full inclusion and integration of individuals with disabilities into society and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (the Act). An applicant for assistance under this program must demonstrate in its application how it will address, in

whole or in part, the needs of individuals with disabilities from minority backgrounds (34 CFR 350.40(a)). The approaches an applicant may take to meet this requirement are found in 34 CFR 350.40(b).

#### General DRRP Requirements

- Involve, as appropriate, individuals with disabilities or their family members, or both, and persons who are members of groups that have traditionally been underrepresented in all aspects of the research as well as in design of clinical services and dissemination activities.

- Demonstrate knowledge of culturally appropriate methods of data collection, including understanding of culturally sensitive measurement approaches.

- Collaborate with other related projects, including the other funded Traumatic Brain Injury Model Systems (TBIMS) projects.

This priority supports the goals of President Bush's New Freedom Initiative (NFI) and is in concert with NIDRR's Long-Range Plan (the Plan). The NFI can be accessed on the Internet at: <http://www.whitehouse.gov/news/freedominitiative/freedominitiative.html>

The Plan can be accessed on the Internet at: <http://www.ed.gov/offices/OSERS/NIDRR/Products>.

We published a notice of proposed priority for the Collaborative Research Projects in Traumatic Brain Injury (TBI) in the **Federal Register** on April 16, 2003 (68 FR 18601). No comments were received. There are no significant differences between the notice of proposed priority and this notice of final priority.

**Note:** This notice does not solicit applications. In any year in which we choose to use this priority, we invite applications through a notice in the **Federal Register**. A notice inviting applications for FY 2003 awards was published in the **Federal Register** on May 14, 2003 (68 FR 26171). When inviting applications we designate the priority as absolute, competitive preference, or invitational. The effect of each type of priority follows:

**Absolute priority:** Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

**Competitive preference priority:** Under a competitive preference priority, we give competitive preference to an application by either (1) Awarding additional points, depending on how well or the extent to which the application meets the priority (34 CFR 75.105(c)(2)(i)); or (2) selecting an application that meets the priority over an application of comparable merit that

does not meet the priority (34 CFR 75.105(c)(2)(ii)).

**Invitational priority:** Under an invitational priority, we are particularly interested in applications that meet the invitational priority. However, we do not give an application that meets the priority a competitive or absolute preference over other applications (34 CFR 75.105(c)(1)).

#### Background

The background statement for the following priority was published in the notice of proposed priority on April 16, 2003 (68 FR 18601).

#### Priority

The Assistant Secretary intends to fund Traumatic Brain Injury collaborative research projects for the purpose of generating new knowledge through research to improve treatment and services delivery outcomes for persons with TBI. A collaborative research project must:

(1) Collaborate with three or more of the 16 NIDRR TBI Model Systems projects. The three can include the lead project plus additional projects;

(2) Conduct research on questions of significance to TBI rehabilitation, using clearly identified research designs such as randomized control trials, observational research methodologies, or longitudinal studies. The research must focus on areas identified in the NFI and the Plan, ensuring that each project has sufficient sample size and methodological rigor to generate robust findings. Areas of interest include health and function, technology for function, community integration and independent living, employment, and long-term outcomes.

(3) Disseminate research findings to clinical and consumer audiences, using accessible formats.

(4) Evaluate impact of research findings on improved outcomes for persons with TBI.

#### Selection Criterion

The emphasis on research rigor plus the importance of the collaborative research program require a modification to the selection criteria for this program. The Secretary will add a criterion to reflect increased emphasis on research management. This criterion reads as follows: There must be a clearly delineated plan for research management, with focus on quality controls for data collection, management of research protocols, and provisions for oversight at collaborating sites.
