In accordance with section 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends

for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 69 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to

the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration Web site at <http://www.ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington,

DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of October 2003. If the Department does not receive, by the last day of October 2003, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: September 26, 2003.

Antidumping Duty Order: Barium Carbonate from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Antidumping Duty Order.

EFFECTIVE DATE: October 1, 2003.

FOR FURTHER INFORMATION CONTACT: David Layton or Tisha Loeper-Viti at (202) 482-0371 or (202) 482-7425, respectively; AD/CVD Enforcement, Office 5, Group II, Import Administration, Room 1870, International Trade Administration, U.S. Department of Commerce, 14th

Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 6, 2003, the Department of Commerce (the Department) published its final determination in the antidumping duty investigation of barium carbonate from the People's Republic of China (PRC). See *Notice of Final Determination of Sales at Less Than Fair Value: Barium Carbonate from the People's Republic of China*, 68 FR 46577 (August 6, 2003).

Scope of Order

The merchandise covered by this order is barium carbonate, regardless of form or grade. The product is currently classifiable under subheading 2836.60.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of this proceeding is dispositive.

Antidumping Duty Order

On September 19, 2003, in accordance with section 735(d) of the Tariff Act of 1930, as amended, (the Act), the International Trade Commission notified the Department of its final determination that the industry in the United States producing barium carbonate is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of the subject merchandise from the PRC.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct the U.S. Bureau of Customs and Border Protection (BCBP) to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the subject merchandise exceeds the export price or constructed export price of the subject merchandise for all relevant entries of barium carbonate from the PRC. The antidumping duties will be assessed on all (1) unliquidated entries of barium carbonate subject to this order, entered, or withdrawn from warehouse, for consumption on or after March 17, 2003, the date of publication of the Department's preliminary determination in the **Federal Register**¹, and before September 13, 2003; and (2) merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination in the

¹ See *Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Barium Carbonate from the People's Republic of China*, 68 FR 12664 (March 17, 2003).

Federal Register. The Department terminated the suspension of liquidation for entries of subject merchandise, pursuant to section 733(d) of the Act, on September 13, 2003. Entries of barium carbonate from the PRC made between September 13, 2003 and the day preceding the publication of the ITC's notice of final determination in the **Federal Register**, are not liable for the assessment of antidumping duties.

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, the BCBP will require, at the same time as importers would normally deposit estimated duties, a cash deposit equal to the estimated weighted-average antidumping duty margins as noted below. The "PRC-Wide Rate" applies to all exporters of subject merchandise not specifically listed. The weighted-average dumping margins are as follows:

Manufacturer/exporter	Weighted-Average Margin (percent)
Qingdao Red Star Chemical Import & Export Co., Ltd.	34.44%
PRC-Wide Rate	81.30%

This notice constitutes the antidumping duty order with respect to barium carbonate from the PRC, pursuant to section 736(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is issued and published in accordance with section 736(a) of Act and 19 CFR 351.211.

Dated: September 25, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.
