

In addition to investor protections provided by the Listing Standards requirements, the design of the proposed rule change provides safeguards against price manipulation and provides a reliability test for stability in reasonable time period for qualifying the price of the underlying security. The proposed rule change requires that the "covered security" have a price on the primary market above \$3.00 for five days prior to notifying OCC of OneChicago's intent to list and trade the single stock future. This provision is designed to prevent the manipulation of the price of the "covered security" immediately prior to the listing of a single stock future. First, the price of a "covered security" must be above \$3.00 for five business days, which makes it more difficult for someone to enter the underlying market to manipulate the price. In addition, the price of the "covered security" must be on the primary market, *i.e.*, NYSE, Amex or Nasdaq, which would be more liquid and thus more difficult to manipulate. In determining to list any single stock futures, OneChicago must ensure that its own systems, including price dissemination system, have the capacity to handle the potential increased capacity requirements.

Section 6(h)(3)(C) of the Act requires that Listing Standards for security futures "be no less restrictive than comparable Listing Standards for options traded on a national securities exchange * * *."¹² The Commission has approved a similar rule change for the CBOE.¹³ Since CBOE has a comparable Listing Standard, OneChicago believes that the proposed rule change meets the requirement of section 6(h)(3)(C) of the Act.¹⁴

2. Statutory Basis

The proposed rule change is consistent with section 6(b)(5) of the Act¹⁵ in that it promotes competition, is designed to prevent fraudulent and manipulative acts and practices, and is designed to protect investors and the public interest. The proposed rule change would promote competition and is designed to protect investors and the public interest by providing products that could be used by investors for hedging and speculative purposes, while at the same time providing investor protection through the design of the proposed rule change and the

Listing Standard requirements that would be applicable.

B. Self-Regulatory Organization's Statement on Burden on Competition

OneChicago believes that the proposed rule change will not unduly burden competition. In fact, OneChicago believes the proposed rule change would promote competition by permitting OneChicago to list a broader array of single stock futures, without jeopardizing investor protection.

C. Self-Regulatory Organization's Statement of Comments on the Proposed Rule Change Received From Members, Participants, or Others

Comments on the proposed rule change have not been solicited and no comments on the proposed rule change have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective on January 23, 2003, except that the technical changes made in Amendment Nos. 1 and 2 have become effective on January 24, 2003, and February 4, 2003, respectively. Within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of section 19(b)(1) of the Act.¹⁶

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change conflicts with the Act. Persons making written submissions should file nine copies of the submission with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Comments also may be submitted electronically to the following e-mail address: rule-comments@sec.gov. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in

the Commission's Public Reference Room. Copies of these filings also will be available for inspection and copying at the principal office of OneChicago. All submissions should refer to File No. SR-OC-2003-01 and should be submitted by March 12, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁷

Deputy Secretary.
