

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. ER02-2001-000]

Electric Quarterly Reports; Revised Public Utility Filing Requirements; Notice of Extension of Time

February 11, 2003.

On December 19, 2002, the Commission issued Order 2001-C (published 12/27/02, Vol. 67 FR 79077), requiring future Electric Quarterly Reports to be filed using the new Electric Quarterly Report Submission Software. The fourth quarter Electric Quarterly Reports were originally due to be filed on or before January 31, 2003. This deadline was previously extended to February 14, 2003.

On February 10, 2003, a bug was found in the program that inactivated some of the error checking on imported transaction data. The submission capability was temporarily disabled in order to preclude erroneous data from being filed at the Commission. A new version of the software was released today which reactivated the edit checks. This version will be automatically uploaded to the respondents' computers upon opening the Electric Quarterly Report application. Utilities that had previously imported data which passed the data integrity checks may find that some of their data will not pass the current edits.

In consideration of this situation, we would like to allow utilities more time to correct their data to ensure that they can file successfully. Notice is hereby given that the time to file the fourth quarter 2002 Electric Quarterly Report is extended to and including February 21, 2003.

Magalie R. Salas,
Secretary.

III. How Can I Respond to this Action?

A. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit III.B. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2003-0003. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov,

Attention: Docket ID Number OPP-2003-0003. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit III.A. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number OPP-2003-0003.

Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit II.A.

B. How Should I Submit CBI To the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM

clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

C. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the collection activity.
7. Make sure to submit your comments by the deadline in this notice.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

D. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

IV. What Information Collection Activity or ICR Does this Action Apply to?

EPA is seeking comments on the following ICR:

Title: Recordkeeping Requirements for Certified Applicators Using 1080 Collars on Livestock.

ICR numbers: EPA ICR No. 1249.07, OMB Control No. 2070-0074.

ICR status: This ICR is a renewal of an existing ICR that is currently approved by OMB and is due to expire September 30, 2003.

Abstract: This ICR affects approximately 75 certified pesticide applicators who utilize 1080 toxic collars for livestock protection. Four states (Montana, New Mexico, South Dakota, and Wyoming) monitor the program, and five pesticide registrants are required to keep records of: (1) Number of collars purchased; (2) number of collars placed on livestock; (3) number of collars punctured or ruptured; (4) apparent cause of puncture or rupture; (5) number of collars lost or unrecovered; (6) number of collars in use and in storage; and (7) location and species data on each animal poisoned as an apparent result of the toxic collar. Applicators maintain records, and the registrants/lead agencies do monitoring studies and submit the reports. These records are monitored by either the: State lead agencies; EPA regional offices; or the registrants. EPA receives annual monitoring reports from registrants or State lead agencies. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register**, are listed in 40 CFR part 9, and included on the related collection instrument or form, if applicable.

V. What are EPA's Burden and Cost Estimates for this ICR?

Under the PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this ICR is estimated to be 3,353 hours. The following is a summary of the estimates taken from the ICR:

Respondents/affected entities: Certified pesticide applicators who utilize 1080 collars for livestock protection; state agencies that implement a 1080 collar monitoring program in Montana, New Mexico, South Dakota, or Wyoming; one of five registrants required to keep records pertaining to use of 1080 collars for livestock protection.

Estimated total number of potential respondents: 84.

Frequency of response: Annual.

Estimated total/average number of responses for each respondent: 3.

Estimated total annual burden hours: 3,353.

Estimated total annual burden costs: \$40,792.

VI. Are There Changes in the Estimates from the Last Approval?

Total respondent costs associated with this program rose from \$38,448 to \$40,792. Total agency costs rose from \$8,845 to \$10,150. Changes to total costs associated with this program are due to the increase in labor rates, reflecting the most current estimates.

VII. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
