

Highway 301 North, Suite 1000, Tampa, FL 33619.

**FOR FURTHER INFORMATION CONTACT:** Steven Atran, Population Dynamics Statistician, Gulf of Mexico Fishery Management Council; telephone: 813-228-2815.

**SUPPLEMENTARY INFORMATION:** The AP and Reef Fish SSC will be convened to review and comment on a proposed Amendment 21 to the Reef Fish Fishery Management Plan (FMP) to extend the time period for the Madison/Swanson and Steamboat Lumps marine reserves beyond their June 16, 2004 expiration date.

The Madison/Swanson and Steamboat Lumps marine reserves were implemented on June 19, 2000 with a 4-year sunset provision. The Madison/Swanson site is approximately 115 square nautical miles in size and is located about 40 nautical miles southwest of Apalachicola City, FL. Steamboat Lumps is approximately 104 square nautical miles in size and is located about 95 nautical miles west of Tarpon Springs, FL. Within each area, fishing is prohibited for all species except for highly migratory species, i.e., tunas, marlin, oceanic sharks, sailfishes, and swordfish. These marine reserves were created primarily to protect a portion of the gag spawning aggregations and to protect a portion of the offshore population of male gag. The areas are also suitable habitat and provide protection for many other species, such as scamp, red grouper, warsaw grouper, speckled hind, red snapper, red porgy, and others. If action is not taken to continue the reserves, they will cease to exist after June 16, 2004.

A copy of the agenda can be obtained by contacting the Council (see addresses above).

Although non-emergency issues not contained in the agenda may come before the AP/SSC for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (MSFCMA), those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305 (c) of the MSFCMA, provided the public has been notified of the Council's intent to take final action to address the emergency.

The listening stations are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the

Council (see **ADDRESSES**) by April 21, 2003.

Dated: April 9, 2003.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 032803D]

#### Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Applications for Exempted Fishing Permits (EFPs)

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notification of a proposal for an EFP to conduct experimental fishing; request for comments.

**SUMMARY:** The Administrator, Northeast Region, NMFS (Regional Administrator) has made a preliminary determination that an EFP application submitted by the Mount Desert Oceanarium (MDO) of Southwest Harbor, ME, contains all of the required information and warrants further consideration. The EFP would allow one fishing vessel to fish for, retain, and land small numbers of regulated multispecies, monkfish, spiny dogfish, and several unmanaged species for the purpose of public display. NMFS has made a preliminary determination that the activities authorized under this EFP would be consistent with the goals and objectives of the Fishery Management Plans (FMPs) for the managed species. However, further review and consultation may be necessary before a final determination is made to issue the EFP. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

**DATES:** Comments on this notification must be received at the appropriate address or fax number (see **ADDRESSES**) on or before April 29, 2003.

**ADDRESSES:** Comments should be sent to Patricia Kurkul, Regional Administrator, Northeast Regional Office, NMFS, One Blackburn Drive, Gloucester, MA 01930. Mark on the outside of the envelope "Comments on MDO Exempted Fishing Permit Application."

**FOR FURTHER INFORMATION CONTACT:** Paul H. Jones, Fishery Policy Analyst, 978-281-9273, fax 978-281-9135, e-mail Paul.H.Jones@noaa.gov.

**SUPPLEMENTARY INFORMATION:** The MDO of Southwest Harbor, ME, submitted an application for an EFP on February 14, 2003, to collect several species of fish for public display. The target species would include winter flounder (blackbacks), witch flounder (dabs), yellowtail flounder, American plaice (grey sole), Atlantic halibut, monkfish, eel pouts, sculpins, sea ravens, Atlantic cod, wolfish, spiny dogfish, little skate, barndoor skate, and various species of the Phyla Arthropoda (not including lobsters) and Echinodermata.

A single chartered vessel would use a shrimp trawl with 2-inch (5.08-cm) mesh to collect marine fish with approximately 2-tows per day over a 2-day period from May 12, 2003, through May 20, 2003, and over a 2-day period from June 23, 2003, through June 30, 2003. Tow lengths would be between 10 minutes to 1 hour. The specimens would be cared for in chilled and aerated seawater while on board the fishing vessel and would be transferred live to tanks the day they are caught. The fish would be brought to shore, maintained in tanks for public display for a period of time not to exceed 5 months, and would be returned to the sea in October 2003.

Collection would be made using a 2-inch (5.08-cm) mesh shrimp net within the Small Mesh Northern Shrimp Fishery Exemption Area (Area) off Maine. Since the shrimp fishery would be closed at the time of collection, an exemption from the Northeast multispecies minimum mesh regulation of 6-inch (15.24-cm) diamond/6.5-inch (16.51-cm) square mesh at 50 CFR 648.80(a)(2) for vessels operating in the Area would be required. If the target species cannot be found in the Area, an exemption from the Northeast multispecies minimum mesh regulation of 6-inch (15.24-cm) diamond/6.5-inch (16.51-cm) square mesh at 50 CFR 648.80(a)(2) would be required to allow collection farther east and southeast in portions of the Gulf of Maine/Georges Bank Regulated Mesh Area.

In addition, the applicant has requested exemptions from monkfish and multispecies days-at-sea requirements at 50 CFR 648.92 and 648.82. The target species would include winter flounder (blackbacks), witch flounder (dabs), yellowtail flounder, American plaice (grey sole), Atlantic halibut, monkfish, eel pouts, sculpins, sea ravens, Atlantic cod, wolfish, spiny dogfish, little skate,

barndoor skate, and various species of the Phyla Arthropoda (not including lobsters) and Echinodermata.

The applicant would retain a maximum of six fish per species, juveniles and adults combined with the exception of Atlantic halibut. The applicant would only be permitted to retain a total of one Atlantic halibut with a minimum length of 36 inches (91.44 cm). The applicant has requested exemption from minimum fish sizes and possession limits at 50 CFR 648.83, 648.86, 648.89, 648.93, 648.94 (multispecies and monkfish fisheries); 648.103, 648.105 (summer flounder fishery); 648.124, 648.125 (scup fishery); and 648.143, 648.145 (black sea bass fishery).

Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 8, 2003.

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Request for Public Comments on Commercial Availability Request under the African Growth and Opportunity Act (AGOA)

April 10, 2003.

**AGENCY:** The Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for public comments concerning a request for a determination that certain light- and medium-weight dyed warp pile cotton velvet, for use in apparel articles, cannot be supplied by the domestic industry in commercial quantities in a timely manner.

**SUMMARY:** On April 8, 2003, the Chairman of CITA received a petition from Crystal Apparel Limited of Hong Kong and Sinotex Mauritius Limited in Mauritius alleging that certain light- and medium-weight dyed warp pile cotton velvet for use in men's and boys' jackets and pants and women's and girls' jackets, dresses, skirts, pants, and shorts cannot be supplied by the domestic industry in commercial quantities in a timely manner. It requests that such apparel articles of such fabrics be eligible for preferential treatment under the AGOA. CITA hereby solicits public comments on this request, in particular

with regard to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by April 29, 2003, to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, D.C. 20230.

**EFFECTIVE DATE:** April 14, 2003.

**FOR FURTHER INFORMATION CONTACT:** Anna Flaaten, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

#### SUPPLEMENTARY INFORMATION:

**Authority:** Section 112(b)(5)(B) of the AGOA, Section 1 of Executive Order No. 13191 of January 17, 2001.

#### Background

The AGOA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States or a beneficiary country. The AGOA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more beneficiary sub-Saharan African countries from fabric or yarn that is not formed in the United States or a beneficiary sub-Saharan African country, if it has been determined that such fabric or yarns cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures in the Federal Register that it will follow in considering requests. (66 FR 13502).

On April 8, 2003, the Chairman of CITA received a petition from Crystal Apparel Limited of Hong Kong and Sinotex Mauritius Limited in Mauritius alleging that certain light- and medium-weight dyed warp pile cotton velvet, classified in subheading 5801.25.00 of the Harmonized System of the United States, with the following specifications, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the AGOA for certain jackets, dresses, skirts, pants and shorts, that are cut and sewn

in one or more beneficiary sub-Saharan African countries from such fabrics:

1. Name: light-weight dyed warp pile velvet  
HTS subheading: 5801.25.00  
Fiber Composition: 100 percent combed cotton  
Yarn: 230 g/m<sup>2</sup> to 260 g/m<sup>2</sup>  
Construction:  
Woven Fabric - 96 x 98  
Warp - 42/2 ply + 42/2 ply  
Weft - 32 single yarn  
  
Woven Fabric - 96 x 102  
Warp - 42/2 ply + 60/2 ply  
Weft - 32 single yarn
2. Name: medium-weight dyed warp pile velvet  
HTS subheading: 5801.25.00  
Fiber Composition: 97 to 98 percent cotton, up to 3 percent spandex yarn  
Yarn: 280 g/m<sup>2</sup> to 330 g/m<sup>2</sup>  
Construction:  
Woven Fabric - 110 x 84  
Warp - 42/2 ply + 50/2 ply  
Weft - 30 single yarn + 40 denier spandex  
  
Woven Fabric - 126 x 84  
Warp - 42/2 ply + 50/2 ply  
Weft - 30 single yarn + 40 denier spandex

CITA is soliciting public comments regarding this request, particularly with respect to whether such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other products that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the fabrics for the purposes of the intended use. Comments must be received no later than April 29, 2003. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, Room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the yarn or fabric stating that it produces the fabrics that are the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure for the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230.
