II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it had received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In connection with the implementation of the Linkage, the Exchange proposes to add an interpretation to CBOE Rule 6.7. The proposed Interpretation .04 would provide that the Linkage, as used to send orders and other information to or from the Exchange, is a facility or service afforded by the Exchange for purposes of CBOE Rule 6.7, and that the Options Clearing Corporation ("Clearing Corporation") shall have no liability to members of the Exchange or to associated persons of the members with respect to the use, non-use or inability to use the Linkage, including, without limitation, the content of orders, trades, or other business facilitated through the Linkage, the truth or accuracy of the content of messages or other information transmitted through the Linkage, or otherwise.

2. Statutory Basis

The CBOE believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that by limiting certain types of liability against the Exchange and Clearing Corporation with respect to the Linkage, Clearing Corporation will have

the capability to continue to develop and enhance the Linkage, thereby facilitating transactions in securities, removing impediments to and perfecting the mechanism of a free and open market and a national market system and protecting investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The CBOE neither solicited nor received written comments concerning the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the CBOE consents, the Commission will:

- (A) by order approve such proposed rule change, as amended; or
- (B) institute proceedings to determine whether the proposed rule change, as amended, should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filings will also be available for inspection and copying at

the principal office of the CBOE. All submissions should refer to File No. SR-CBOE-2003-22 and should be submitted by September 9, 2003.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48327; File No. SR-CHX-2003-26]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the Chicago Stock Exchange, Inc. Relating to Member Entry of Trade Information for Reporting and Dissemination

August 12, 2003.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 7, 2003, the Chicago Stock Exchange, Inc. ("CHX") filed with the Securities and Exchange Commission the proposed rule change as described in Items I, II and III below, which the CHX has prepared. The CHX filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(5) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The CHX proposes to amend CHX Article XXI, Rule 3, which governs delivery of trade tickets for reporting and dissemination. The proposed rule change would modify the rule to give members the alternative of entering trade information directly, rather than having to deliver the trade tickets to CHX personnel. The text of the proposed rule change is available at the CHX and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it had received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of those statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CHX Article XXI, Rule 3 governs delivery of trade tickets for reporting and dissemination. The rule currently permits trades executed on the CHX floor to be reported in two ways: (1) Executions initiated through the CHX's MAX® system are automatically reported to the CHX for dissemination; and (2) other executions that occur on the trading floor must be written on a ticket and delivered to CHX personnel for entry into the CHX's systems. The proposed rule change would amend CHX Article XXI, Rule 3 to give members the alternative of entering trade information themselves, using technological enhancements that the CHX has approved, rather than delivering the trade tickets to CHX personnel for entry.

The CHX believes that the proposed rule change would modernize the rule by enabling a CHX member to report a transaction by inputting the trade information into a CHX-approved system. As an initial matter, this proposal would allow CHX floor brokers to enter trades themselves via the Brokerplex™ stations that the CHX has provided to them.⁵ In the future, the CHX may develop additional technological enhancements that permit other CHX floor members to report transactions in a more automated manner.⁶ In short, the proposed rule change makes it clear that CHX members may make use of this new technology to enter information about a

⁵ The Brokerplex system is a front-end system that allows a floor broker to keep an automated record of his or her orders. It is not an order execution system, although it can send orders to the CHX's MAX system for execution in accordance with applicable order execution rules.

⁶ The CHX states that the development of these additional technologies is not currently a significant systems priority.

transaction directly for dissemination to the market.

2. Statutory Basis

The CHX believes the proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).⁷ The CHX believes the proposal is consistent with Section 6(b)(5) of the Act⁸ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement of Burden on Competition

The CHX does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments Regarding the Proposed Rule Change Received From Members, Participants or Others

The CHX neither solicited nor received written comments with respect to this proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(5) thereunder¹⁰ because it constitutes a change in an existing order-entry or trading system of a self-regulatory organization that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not have the effect of limiting access to or availability of the system. At any time within 60 days after the filing of the proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
