

standard over the next three years. However, we have assumed that one furnace will be rebuilt per year and that each facility will make a major adjustment once per year which will require revising its operational plan.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 229 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners or operators of secondary lead smelters.

Estimated Number of Respondents: 23.

Frequency of Response: Semiannual and initially.

Estimated Total Annual Hour Burden: 16,034 hours.

Estimated Total Capital and Operations & Maintenance (O & M) Annual Costs: \$150,000 which includes zero annualized capital/startup costs and \$150,000 annual O&M costs.

Changes in the Estimates: There is an increase of one hour in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens due to the rounding-off of the mathematical calculations. There was no increase in the number of new or modified sources. The increase in the annual cost, is due to the use of an updated revised hourly pay rate from the United States Department of Labor.
