SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the Class E airspace area extending upward from 700 feet above the surface of the earth at Sioux Center, IA. An examination of controlled airspace for Sioux Center, IA revealed discrepancies in the Sioux Center Municipal Airport airport reference point, computation of required controlled airspace and appropriate application of magnetic variation. This amendment incorporates the revised Sioux Center Municipal Airport airport reference point, redefines Class E airspace around Sioux Center Municipal Airport at the 6.5-mile radius versus the 6-mile radius, applies the appropriate magnetic variation to the Class E airspace extension and brings the legal description of the Sioux Center, IA Class E airspace area into compliance with FAA Order 7400.2E, Procedures for Handling Airspace Matters. This area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface on the earth are published in paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment

period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comment on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FA-2003-15455/Airspace Docket No. 03-ACE-53." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulation adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" Under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Docket No. FAA-2003-15077; Airspace Docket No. 03-ACE-45]

Modification of Class E Airspace; Pochontas, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments; correction.

SUMMARY: This action corrects a direct final rule; request for comments that

was published in the **Federal Register** on Friday, May 23, 2003, (68 FR 28121) [FR Doc. 03-13047]. It corrects an error in the dimension and legal description of the Pocahontas, IA Class E airspace area.

DATES: This direct final rule is effective on 0901 UTC, September 4, 2003.

FOR FURTHER INFORMATION CONTACT:

Kathy Randolph, Air Traffic Division, Airspace Branch, ACE-520C, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2525.

SUPPLEMENTARY INFORMATION:

History

Federal Register document 03-13047, published on Friday, May 23, 2003, (68 FR 28121) modified Class E airspace at Pocahontas, IA. The modification was to correct the Pocahontas Municipal Airport, IA airport reference point used in the legal description of the Pocahontas, IA Class E airspace area and to bring the airspace area into compliance with FAA Order 7400.2E, Procedures for handling Airspace Matters. The information published, however, did not correct a previous error in the volume of Class E airspace necessary at Pocahontas, IA and did not bring the airspace area into compliance with the order. This action rectifies the oversight and does bring the Pocahontas, IA Class E airspace into compliance with FAA Order 7400.2E.

■ Accordingly, pursuant to the authority delegated to me, the Pocahontas, IA Class E airspace, as published in the **Federal Register** on Friday, May 23, 2003, (68 FR 28121), [FR Doc. 03-13047] is corrected as follows:

§ 71.1 [Corrected]

■ On page 28122, Column 1, last paragraph, second and fifth lines from bottom, change "6-mile radius" to read "6.4-mile radius."

Issued in Kansas City, MO, on July 1, 2003.

Modification of Class E Airspace; Vinton, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action modifies Class E airspace at Vinton, IA. An examination of controlled airspace for Vinton, IA revealed discrepancies in the Vinton Veterans Memorial Airpark airport reference point used in the legal description for the Vinton, IA Class E airspace area. This action corrects the discrepancies by modifying the Vinton, IA Class E airspace area. It also incorporates the revised Vinton Veterans Memorial Airpark airport reference point in the Class E airspace legal description.

DATES: This direct final rule is effective on 0901 UTC, October 30, 2003. Comments for inclusion in the Rules Docket must be received on or before August 21, 2003.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001.
