The program rates determined in this final determination do not differ from those determined in the preliminary determination. The final net rate for all Indian producers/exporters of subject merchandise is listed below in the "Suspension of Liquidation" section of this notice.

EFFECTIVE DATE: December 8, 2003.

FOR FURTHER INFORMATION CONTACT: Robert Copyak at (202) 482-2209 or Alicia Kinsey at (202) 482-4793, Office of AD/CVD Enforcement VI, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, Room 4012, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:**Background**

The petition in this investigation was filed by American Spring Wire Corp., Insteel Wire Products Company, and Sumiden Wire Products Corp. (collectively, the petitioners). On July 8, 2003, the Department published the preliminary determination. See *Notice of Preliminary Affirmative Countervailing Duty Determination: Prestressed Concrete Steel Wire Strand from India*, 68 FR 40629 (July 8, 2003) (*Preliminary Determination*), which is on file in room B-099 in the Central Records Unit of the main Commerce building (CRU).

In accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), we aligned this final determination with the final determination in the antidumping duty investigation of PC strand from India. See *Preliminary Determination*, 68 FR

40629, 40631. We invited interested parties to comment on the Department's findings in the *Preliminary Determination*. On August 27, 2003, we received comments from petitioners supporting the Department's preliminary analysis. We received no other comments. This investigation covers all producers/exporters of subject merchandise in India for the period April 1, 2001, through March 31, 2002.

Scope of the Investigation

The merchandise subject to this investigation is prestressed concrete steel wire (PC strand), which is steel strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand.

The merchandise under this investigation is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

Analysis of Comments Received

The Department's positions on the subsidy programs addressed in this case are discussed in the "Issues and Decision Memorandum" (Decision Memorandum) from Holly A. Kuga, Acting Deputy Assistant Secretary, AD/CVD Enforcement II, to James J. Jochum, Assistant Secretary for Import Administration, dated December 1, 2003, which is hereby adopted by this notice. This public memorandum, which is on file in the CRU, also contains the recommended adverse facts available program rates and the adverse facts available total net subsidy rate. A complete version of the Decision Memorandum can be accessed on the World Wide Web at <http://www.ia.ita.doc.gov>, under the heading "Federal Register Notices." The paper copy on file in the CRU and the electronic version of the Decision Memorandum are identical in content.

Suspension of Liquidation

In accordance with section 703(b) of the Act, we have calculated the following countervailing duty rate for all Indian producers/exporters of subject merchandise:

Producer/exporter	Net subsidy rate
All producers/exporters.	62.92% <i>ad valorem</i>

In accordance with our preliminary affirmative determination, we instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of prestressed concrete steel wire strand from India, which were entered or withdrawn from warehouse, for consumption on or after July 8, 2003, the date of the publication of our preliminary determination in the **Federal Register**. In accordance with section 703(d) of the Act, we instructed the CBP to discontinue the suspension of liquidation for merchandise entered on or after November 5, 2003, but to continue the suspension of liquidation of entries made between July 8, 2003, and November 4, 2003.

If the International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty order, reinstate suspension of liquidation under section 706(a) of the Act for all entries, and require a cash deposit of estimated countervailing duties for such entries of merchandise in the amount indicated above. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided that the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Import Administration.

Return or Destruction of Proprietary Information

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO.

This determination is published pursuant to sections 705(d) and 777(i) of the Act.

Dated: December 1, 2003.

within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is January 8, 2004); and

(c) the panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.
