

site (<http://www.ferc.gov>) under the "e-Filing" link.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of that document on that resource agency.

Based on feedback received on the IIP/SD1 and the project site visit, AquaEnergy will prepare a Scoping Document 2 (SD2). SD2 will include a revised list of issues based on the meeting and written comments. AquaEnergy expects to issue SD2 on October 27, 2003.

All interested individuals, organizations, and agencies are invited and encouraged to attend the meetings and site visit and to assist in the identification of environmental issues that should be included in SD2.

We are asking federal, state, local, and tribal agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the Commission's EA. Agencies who would like to request cooperating agency status should file such a request (original and eight copies) with the Secretary at the aforementioned address. Please put the docket number, DI-02-3-002, on the first page of your filing.

For further information regarding the informational and scoping meeting and project site visit or to be added to the mailing list for the project, please contact Ms. Mary Jane Parks of AquaEnergy or Nicholas Jayjack of the Commission's staff at (202) 502-6073.

A copy of the IIP/SD1 is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site <http://www.ferc.gov> using the "FERRIS" link. #### eLibrary (Federal Energy Regulatory Records Information System); Notice Announcing Renaming of Ferris to eLibrary

August 11, 2003.

On May 13, 2002, the Commission issued a Notice announcing the establishment of the Federal Energy Regulatory Records Information System, or FERRIS. This online system replaced three document management systems that were previously available at the Commission's Internet Web site: the Commission Issuance Posting System (CIPS), the Record Information Management System (RIMS), and the Docket Sheet System.

The Commission now gives notice that, effective August 11, 2003, FERRIS is renamed to eLibrary. This action coincides with the launch of the Commission's new Internet Web site today at <http://www.ferc.gov>.

The name eLibrary is in keeping with the e-Government services the Commission has planned as part of its FERC Online initiatives. See [www.ferc.gov/docs-filing/ferconline.asp](http://www.ferc.gov/docs-filing/ferconline.asp).

eLibrary will have essentially the same features as FERRIS. Over the next coming year, eLibrary will be improved to meet the needs of the Commission's customers. eLibrary users will also continue to see references to FERRIS. The referenced materials will be changed to eLibrary over the next couple of months.

[Docket No. RM98-1-000]

#### Regulations Governing Off-the-Record Communications; Public Notice

August 12, 2003.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or prohibited off-the-record communication relevant to the merit's of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of prohibited and exempt communications recently received in the Office of the Secretary. The communications listed are grouped by docket numbers. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary (FERRIS) link. **Public Utility District No. 1 of Franklin County, Project No. 12116-001; Notice of Surrender of Preliminary Permit**

August 8, 2003.

Take notice that Public Utility No. 1 of Franklin County, permittee for the proposed Esquatzel Hydroelectric Project, has requested that its preliminary permit be terminated. The permit was issued on February 7, 2002, and would have expired on January 31, 2005. The project would have been located at the termination of the Esquatzel Wasteway into the Columbia River in Franklin County, Washington.

The permittee filed the request on July 1, 2003, and the preliminary permit for Project No. 12116 shall remain in effect through the thirtieth day after issuance of this notice unless that day is a Saturday, Sunday, or holiday as described in 18 CFR 385.2007, in which case the permit shall remain in effect through the first business day following that day. New applications involving this project site, to the extent provided for under 18 CFR part 4, may be filed on the next business day.

[Docket Nos. RM02-4-001, PL02-1-001]

**Critical Energy Infrastructure Information; Notice of Filing Instructions**

August 8, 2003.

On July 23, 2003, the Commission issued Order No. 630-A which required that persons filing information that warrants special treatment as Non-Internet Public, Critical Energy Infrastructure Information (CEII) or Privileged must separate the information into clearly marked volumes. Pursuant to the Order, the Secretary is providing instructions for the filing of documents that contain Non-Internet, CEII, or Privileged material. The filing instructions are attached to this Notice and will be posted on the Commission's Web site.

[Docket Nos. RM02-4-001 and PL02-1-001; Order No. 630-A]

**Critical Energy Infrastructure Information (CEII); Filing Instructions for Non-Internet Public, CEII, or Privileged Material**

Revised August 8, 2003.

On July 23, 2003, the Commission issued Order No. 630-A, a Final Rule on Rehearing of Order No. 630. The order requires that persons filing information that warrants special treatment as Non-Internet Public, CEII, or Privileged must separate the information into clearly marked volumes. The order also directs the Secretary of the Commission to provide instructions for submitting information in these categories. This document sets forth those instructions.

The Federal Energy Regulatory Records Information System (FERRIS) is the Commission's online document management system for all documents filed with or issued by the Commission, except those under a Protective Order. The Commission incorporates into FERRIS descriptive information about each document, and provides either full or limited access to the document depending on whether the document contains Non-Internet Public, CEII, or Privileged material.

Persons filing information that warrants special treatment as Non-Internet Public, CEII, or Privileged must organize the information as follows:

1. Separate Public, Non-Internet Public, CEII, and Privileged material into clearly-marked binders or separate sections.
2. Insert a page in the Public volume/section at each place where Non-Internet Public, CEII, or Privileged material has been removed. The page must identify the volume or section containing the removed material.
3. The first page of each volume or section (cover sheet) must include information sufficient to identify the filer, title of the submission, volume number (e.g., Vol. 1 of 4) and a description of the material contained therein. Stamp or clearly mark all pages that are Non-Internet Public or CEII with the applicable designation (refer to the attached table). The cover sheet for each volume or section also must be stamped or marked accordingly.
4. Submit the following number of copies of each volume or separate section:
  - a. *Public*: Original + Required number of copies.
  - b. *Non-Internet Public*: Original + Required number of copies.
  - c. *CEII*: Original + two copies.
  - d. *Privileged*: Original only. Refer to the applicable Commission regulation for the required number of copies.
5. Do not submit documents containing Non-Internet Public, CEII, or
