

of municipal fund securities, the safeguards provided by Rule G-28 are not needed in the context of this market.

(2) Basis

The MSRB has adopted the proposed rule change pursuant to Section 15B(b)(2)(C) of the Exchange Act, which authorizes the MSRB to adopt rules that shall: Be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities, to remove impediments to and perfect the mechanism of a free and open market in municipal securities, and, in general, to protect investors and the public interest.

The MSRB believes that the proposed rule change is consistent with the Exchange Act in that it amends an existing MSRB rule to better accommodate the unique characteristics of municipal fund securities, thereby removing impediments to a free and open market in such securities and promoting the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The MSRB does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act since it would apply equally to all brokers, dealers and municipal securities dealers effecting transactions in municipal fund securities.

On January 7, 2002, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, the Nasdaq Stock Market, Inc. and secondary classes of stock, bid price compliance and monitoring periods, categories of securities eligible for initial inclusion on Nasdaq, and the market capitalization compliance period. On November 1, 2002, NASD filed Amendment No. 1 to the proposed rule change.¹ On December 2, 2002, NASD filed Amendment No. 2 to the proposed rule change.² Notice of the proposed rule change, as amended, was published for comment in the **Federal Register** on December 9, 2002.³ The Commission received no comments regarding the proposal.

The Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities association.⁴ The Commission finds that the proposal is consistent with the requirements of Section 15A(b)(6) of the Act,⁵ which requires, among other things, that the rules of a registered national securities association be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the Commission believes that the proposal should provide greater transparency and consistency to Nasdaq's listing standards.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶ that the proposed rule change (SR-NASD-2002-89) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁷
