

Verification

In accordance with section 782(i)(1) of the Act, we will verify the information submitted in these investigations prior to making our final determinations.

Suspension of Liquidation

In accordance with section 703(d)(1)(A)(i) of the Act, we calculated an individual rate for each exporter/manufacturer of the subject merchandise. We preliminarily determine the total estimated net countervailable subsidy rates to be:

Exporter/manufacturer	Net subsidy rate (hard red spring wheat) (percent)	Net subsidy rate (durum wheat) (percent)
Canadian Wheat Board	3.94	3.94
All Others	3.94	3.94

In accordance with sections 777A(e)(2)(B) and 705(c)(5)(A) of the Act, we have set the "all others" rate as CWB's rate because it is the only exporter/manufacturer investigated.

In accordance with section 703(d) of the Act, we are directing the Customs Service to suspend liquidation of all entries of certain durum wheat and hard red spring wheat from Canada which are entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register**, and to require a cash deposit or bond for such entries of the merchandise in the amounts indicated above.

ITC Notification

In accordance with section 703(f) of the Act, we will notify the ITC of our determinations. In addition, we are making available to the ITC all nonprivileged and nonproprietary information relating to these investigations. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order, without the written consent of the Assistant Secretary for Import Administration.

In accordance with section 705(b)(2) of the Act, if our final determinations are affirmative, the ITC will make its final determinations within 45 days after the Department makes its final determinations.

Public Comment

Case briefs for these investigations must be submitted no later than one week after the issuance of the last

verification report. Rebuttal briefs must be filed within five days after the deadline for submission of case briefs. A list of authorities relied upon, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes.

Section 774 of the Act provides that the Department will hold a public hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. If a request for a hearing is made in this investigation, the hearing will tentatively be held two days after the deadline for submission of the rebuttal briefs at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, within 30 days of the publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.

These determinations are published pursuant to sections 703(f) and 777(i) of the Act.

Dated: March 3, 2003.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Establishment of a Team Under the National Construction Safety Team Act

AGENCY: National Institute of Standards and Technology, United States Department of Commerce.

ACTION: Notice.

SUMMARY: The Director of the National Institute of Standards and Technology (NIST), Technology Administration,

United States Department of Commerce, announces the establishment of a National Construction Safety Team pursuant to the National Construction Safety Team Act. The Team was established to investigate the building failure at The Station nightclub in West Warwick, Rhode Island.

DATES: The Team was established on February 27, 2003.

ADDRESSES: Dr. James E. Hill, Deputy Director, Building and Fire Research Laboratory, National Institute of Standards and Technology, Mail Stop 8600, Gaithersburg, MD 20899-8600, telephone number (301) 975-5900. Members of the public are encouraged to submit to the Team non-privileged evidence that is relevant to the subject matter of the NIST investigation described in this notice. Such evidence may be submitted to the address contained in this section. Confidential information will only be accepted pursuant to an appropriate nondisclosure agreement.

FOR FURTHER INFORMATION CONTACT: Dr. James E. Hill, Deputy Director, Building and Fire Research Laboratory, National Institute of Standards and Technology, Mail Stop 8600, Gaithersburg, MD 20899-8600, telephone number (301) 975-5900.

SUPPLEMENTARY INFORMATION:

Authority: 15 U.S.C. 7301 *et seq.*, 15 CFR part 270.

Background

The National Construction Safety Team Act ("Act"), Pub. L. 107-231, codified at 15 U.S.C. 7301 *et seq.*, was enacted to provide for the establishment of investigative teams ("Teams") to assess building performance and emergency response and evacuation procedures in the wake of any building failure that has resulted in substantial loss of life or that posed significant potential of substantial loss of life. The purpose of investigations by Teams is to improve the safety and structural integrity of buildings in the United States. As stated in the statute, a Team will (1) Establish the likely technical cause or causes of the building failure; (2) evaluate the technical aspects of evacuation and emergency response procedures; (3) recommend, as necessary, specific improvements to building standards, codes, and practices based on the findings made pursuant to (1) and (2); and recommend any research and other appropriate actions needed to improve the structural safety of buildings, and improve evacuation and emergency response procedures, based on the findings of the investigation.

Pursuant to the Act, on February 27, 2003, the Director of the National Institute of Standards and Technology (NIST), Technology Administration, United States Department of Commerce, established a Team to investigate the building failure at The Station nightclub in Warwick, Rhode Island. The Team may include members who are Federal employees and members who are not Federal employees. Team members who are Federal employees are governed by the Federal conflict of interest laws. Team members who are not Federal employees will be Federal government contractors, and conflicts of interest related to their service on the Team will be governed by FAR Subpart 9.5, Organizational and Consultant Conflicts of Interest, which will be incorporated by reference into all such contracts.

On January 30, 2003, NIST published an interim final rule with a request for public comments, establishing 15 CFR part 270, National Construction Safety Teams. The interim final rule contains general provisions regarding implementation of the Act and establishes procedures for the collection and preservation of evidence obtained and the protection of information created as part of investigations conducted pursuant to the Act, including guiding the disclosure of information under section 7 of the Act (§§ 270.350, 270.351, and 270.352) and guiding the Teams in moving and preserving evidence (§ 270.330). The interim final rule became effective upon publication. The procedures contained in the interim final rule apply to the investigation announced in this notice.

Members of the public are encouraged to submit to the Team non-privileged evidence that is relevant to the subject matter of the NIST investigation described in this notice. Such evidence may be submitted to the address contained in the **ADDRESSES** section of this notice. Confidential information will only be accepted pursuant to an appropriate nondisclosure agreement.

DEPARTMENT OF DEFENSE

Office of the Secretary

Proposed Collection; Comment Request

AGENCY: Office of the Assistant Secretary of Defense for Public Affairs, DoD.

ACTION: Notice.

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Assistant Secretary of Defense for Public Affairs announces the proposed extension of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by May 9, 2003.

ADDRESSES: Written comments and recommendations on the proposed information collection should be sent to The Office of the Assistant Secretary of Defense for Public Affairs, Attn: CR&PL (Mr. Michael Byers), 1400 Defense, The Pentagon, Washington, DC 20301-1400.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the above address, or call the Directorate for Programs and Community Relations, at (703) 695-6108.

Title; Associated Form; and OMB Number: "Request for Armed Forces Participation in Public Events (Non-Aviation)," DD Form 2536, and "Request for Military Aerial Support," DD Form 2535, OMB Number 0704-0290.

Needs and Uses: The information collection requirement is necessary to evaluate the eligibility of events to receive Armed Forces community relations support and to determine whether requested military assets are available.

Affected Public: Individuals or households; State or local governments; Federal agencies or employees; non-profit institutions.

Annual Burden Hours: 5,547.

Number of Respondents: 43,000.

Responses per Respondent: 1.

Average Burden per Response: 8 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are individuals or representatives of Federal and non-Federal government agencies, community groups, non-profit organizations, and civic organizations requesting Armed Forces support for patriotic events conducted in the civilian domain. DD Forms 2535 and 2536 record the type of military support requested, event data, and sponsoring organization information. The completed forms provide the Armed Forces the minimum information necessary to determine whether an event is eligible for military participation and whether the desired support permissible and/or available. If the forms are not provided, the review process is greatly increased because the Armed Forces must make additional written and telephonic inquiries with the event sponsor. In addition, use of the forms reduces the event sponsor's preparation time because the forms provide a detailed outline of information required, eliminate the need for a detailed letter, and contain concise information necessary for determining appropriateness of military support. Use of the forms is essential to reduce preparation and processing time, increase productivity, and maximize responsiveness to the public.
