

CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to www.epa.gov/edocket.

Affected Entities: Entities potentially affected by this action are refrigeration and air-conditioning service and repair shops; plumbing, heating, and air-conditioning contractors; refrigerated transport service dealers; scrap metal recyclers; automobile dismantlers and recyclers. Additional entities affected include Clean Air Act section 608 technician certification programs, equipment certification programs, refrigerant wholesalers and reclaimers, and other establishments that perform refrigerant removal, service, and/or disposal.

Title: "National Refrigerant Recycling and Emissions Reduction Program" (OMB Control No. 2060-0256; EPA ICR No. 1626.08) expiring 7/31/03.

Abstract: In 1993, EPA promulgated regulations under section 608 of the Clean Air Act Amendments of 1990 for the recycling of ozone depleting refrigerants, specifically chlorofluorocarbons (CFCs) and hydrofluorocarbons (HCFCs), in air-conditioning and refrigeration equipment. These regulations were published on May 14, 1993 (58 FR 28660) and codified in 40 CFR subpart F (§ 82.150 *et seq.*).

The mandatory reporting and recordkeeping requirements are found at 40 CFR 82.166, and are used to judge the effectiveness of EPA regulations aimed at reducing emissions of ozone-depleting substances and meet the United States' obligation under the Montreal Protocol to reduce the use and emissions of ozone depleting substances (ODSs) to the lowest achievable level. The reporting and recordkeeping requirements affect persons who sell or distribute any class I or class II substance for use as a refrigerant; purchasers of any class I or class II refrigerants who employ certified technicians; EPA-approved refrigerant recovery equipment testing organizations; EPA-approved technician certification programs; EPA-certified refrigerant reclaimers; persons disposing (including metal scrap recyclers) of small appliances, motor vehicle air-conditioners (MVACs), and MVAC-like appliances; persons servicing appliances normally containing 50 or more pounds of refrigerant; owners/operators of appliances normally

containing 50 or more pounds of refrigerant; and service technicians certified under 40 CFR 82.161.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Burden Statement: Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The annual burden is reported in this notice by annual respondent burden. This estimate includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources;

complete and review the collection of information; and transmit or otherwise disclose the information. This ICR renewal does not include any burden for third-party or public disclosures that were not previously reviewed and approved by OMB.

The annual burden hours for this collection of information are estimated as follows: 16 hours for the two EPA-approved equipment testing organizations; 1,125 hours for an estimated 2,250 service establishments that will change ownership or enter the market; 12.5 hours for an estimated 25 disposal establishments that change ownership or enter the market; 10,000 hours for the maintenance of copies of signed statements by an estimated 500 disposal establishments; 40 hours for certification of an estimated 20 refrigerant reclaimers that change ownership or enter the market; 400 hours for reclaimer reporting from an estimated 70 respondents; 40,000 hours for an estimated 5,000 refrigerant wholesalers to maintain records of refrigerant sales transactions; 300 hours for an estimated 10 technician certification programs applying for first-time approval; 1,600 hours for 100 technician certification programs to maintain records; 96,000 hours for an estimated 330,000 technicians acquiring certification and maintaining certification cards; 268,500 hours for an estimated 2,003,850 owners of refrigeration and air-conditioning equipment to maintain records on refrigerant and equipment; and 990 hours for an estimated 210 owners of industrial process refrigeration equipment.

Dated: March 4, 2003.

Drusilla Hufford,

Division Director, Global Programs Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7462-4]

Investigator Initiated Grants: Request for Applications

AGENCY: Environmental Protection Agency.

ACTION: Notice of requests for applications.

SUMMARY: This notice provides information on the availability of fiscal year 2003 investigator initiated grants program announcements, in which the areas of research interest, eligibility and submission requirements, evaluation

criteria, and implementation schedules are set forth. Grants will be competitively awarded following peer review.

DATES: Receipt dates vary depending on the specific research areas within the solicitations.

SUPPLEMENTARY INFORMATION: In its Requests for Applications (RFA) the U.S. Environmental Protection Agency invites research applications in the following areas of special interest to its mission: (1) Epidemiologic Research on Health Effects of Long-Term Exposure to Ambient Particulate Matter and Other Air Pollutants, (2) Consequences of Global Change for Air Quality: Spatial Patterns in Air Pollution Emissions, (3) Microbial Risk in Drinking Water, (4) Environmental Statistics Research: Novel Analyses of Environmental Data, (5) Aggregate Exposure Assessment for Pesticides: Longitudinal Case Studies of Human Exposure-Related Behavior and (6) Valuation for Environmental Policy.

CONTACTS: (1) Epidemiologic Research on Health Effects of Long-Term Exposure to Ambient Particulate Matter and Other Air Pollutants—*Glenn.Barbara@EPA.GOV*, (2) Consequences of Global Change for Air Quality: Spatial Patterns in Air Pollution Emissions—*Winner.Darrell@epa.gov*, (3) Microbial Risk in Drinking Water—*Nolt-Helms.Cynthia@epa.gov*, (4) Environmental Statistics Research: Novel Analyses of Environmental Data—*Saint.Chris@epa.gov*, (5) Aggregate Exposure Assessment for Pesticides: Longitudinal Case Studies of Human Exposure-Related Behavior—*Saint.Chris@epa.gov*, (6) Valuation for Environmental Policy—*Wheeler.William@epa.gov*

FOR FURTHER INFORMATION CONTACT: The complete program announcement can be accessed on the Internet at <http://www.epa.gov/ncer>, under “announcements.” The required forms for applications with instructions are accessible on the Internet at <http://es.epa.gov/ncer/rfa/forms/downlf.html>. Forms may be printed from this site.

Dated: February 25, 2003.

Peter W. Preuss,

Director, National Center for Environmental Research.

Pollution Prevention Grants and Announcement of Financial Assistance Programs Eligible for Review; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA expects to have approximately \$5 million available in fiscal year 2003 grant/cooperative agreement funds under the Pollution Prevention (P2) grant program. Grants/cooperative agreements will be awarded under the authority of the Pollution Prevention Act (PPA) of 1990, subject to the availability of funds at the time of award. The Pollution Prevention Act of 1990 and 40 CFR part 35, subpart B authorize EPA to award grant funds to State, Tribes, and Intertribal Consortia programs that address the reduction or elimination of pollution across environmental media (air, land, and water) and to strengthen the efficiency and effectiveness of pollution prevention technical assistance programs in providing source reduction information to businesses. This notice describes the procedures and criteria for the award of these grants.

FOR FURTHER INFORMATION CONTACT: *For general information contact:* Barbara Cunningham, Acting Director, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (202) 554–1404; e-mail address: *TSCA-Hotline@epa.gov*.

For technical information contact: Lena Ferris, Pollution Prevention Division (7409), Office Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (202) 564–8831; e-mail address: *ferris.lena@epa.gov*.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to States (including state universities), Tribes and Intertribal Consortia. This notice may, however, be of interest to local governments, private universities, private nonprofit entities, private businesses, and individuals who are not eligible for this grant program. If you have any questions regarding the

applicability of this action to a particular entity, contact the technical person listed in the **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPPT–2002–0076. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102–Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566–1744 and the telephone number for the OPPT Docket, which is located in the EPA Docket Center, is (202) 566–0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>. This document will also be available at the EPA P2 Web site at <http://www.epa.gov/p2>. A frequently updated electronic version of 40 CFR part 35 is available at http://www.access.gpo.gov/nara/cfr/cfrhtml_00/Title_40/40cfr35_00.html and of 40 CFR part 31 at http://www.access.gpo.gov/nara/cfr/cfrhtml_00/Title_40/40cfr31_00.html, both beta sites currently under development.

An electronic version of the public docket is available through EPA’s electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select “search,” then key in the appropriate docket identification number.
