

1. Memorandum item 1, collects information on the number and amount of deposit accounts of (a) \$100,000 or less and (b) more than \$100,000. This information provides the basis for calculating "simple estimates" of the amount of insured and uninsured deposits. The captions for these memorandum items explicitly refer to \$100,000, which is the current deposit insurance limit. Given the purpose of these memorandum items, the dollar amount cited in the caption will be changed if the deposit insurance limit were to change. The revision will ensure that such a change occurs automatically as a function of the deposit insurance limit in effect on the report date.

#### **Schedule S—Securitization and Asset Sale Activities**

Splitting item 2.b., "Standby letters of credit, subordinated securities, and other enhancements," into two items, one for securitization credit enhancements that are on-balance sheet assets and another for other credit enhancements. This will be accomplished by adding a new item 2.c., "Standby letters of credit and other enhancements," where branches and agencies will disclose the unused portion of standby letters of credit and the maximum contractual amount of recourse or other credit exposure not in the form of an on-balance sheet asset that has been provided or retained in connection with the securitization structures reported in item 1 of Schedule S. This revision will enable the agencies to better understand the types of credit support that branches and agencies are providing to their securitizations, including which types are typically used for different types of securitized loans. The revisions will also achieve consistency with the changes to the Reports of Condition and Income (Call Report) filed by insured commercial banks and FDIC-supervised savings banks.

#### **Request for Comment**

Comments submitted in response to this Notice will be shared among the agencies and will be summarized or included in the Board's request for OMB approval. All comments will become a matter of public record. Written comments should address the accuracy of the burden estimates and ways to minimize burden as well as other relevant aspects of the information collection requests. Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the agencies' functions,

including whether the information has practical utility;

(b) The accuracy of the agencies' estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

Board of Governors of the Federal Reserve System, February 27, 2003.
