ENVIRONMENTAL PROTECTION AGENCY

[FRL-7552-3]

Notice of Vacature of Specific Applicability Determinations Concerning National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces that EPA has vacated two applicability determinations concerning the National Emission Standards for Hazardous Air Pollutants (NESHAP) for Secondary Aluminum Production, 40 CFR part 63, subpart RRR, which were previously made by EPA in response to requests submitted by the U.S. Granules Corporation. EPA has determined that these two applicability determinations reflect conflicting constructions concerning the applicability of Subpart RRR to operations like those conducted at the U.S. Granules facilities, and that the retention of such conflicting constructions is inappropriate as a matter of law and policy. Now that these determinations have been vacated, EPA will commence a process to adopt a single uniform construction of Subpart RRR which will apply to all operations like those conducted at the U.S. Granules facilities.

FOR FURTHER INFORMATION CONTACT: For specific questions concerning the actions described in this notice, contact Scott Throwe at EPA by phone at: (202) 564-7013, or by e-mail at: throwe.scott@epa.gov. For general questions concerning the Applicability Determination Index maintained by the EPA Office of Enforcement and

Compliance Assurance (OECA), contact Maria Malave at EPA by phone at: (202) 564-7027, or by e-mail at: malave.maria@epa.gov.

SUPPLEMENTARY INFORMATION: This notice announces the vacature of two applicability determinations made concerning the NESHAP for Secondary Aluminum, 40 CFR part 63, subpart RRR. An applicability determination concerning the U.S. Granules facility in Plymouth, Indiana was made by the EPA Region 5 Air Enforcement and Compliance Assurance Branch on August 21, 2002, in response to a request for such a determination by U.S. Granules dated August 14, 2002. Notice of this applicability determination (Control No. M020112) was published in the **Federal Register** on February 13, 2003. 68 FR 7373. The decision to vacate this determination was subsequently announced in a letter to U.S. Granules dated June 19, 2003.

An applicability determination concerning the U.S. Granules facility in Henrietta, Missouri was made by the EPA Region 7 Air Permitting and Compliance Branch on October 22, 2002, in response to a request for such a determination by U.S. Granules dated October 11, 2002. Notice of this applicability determination (Control No. M020117) was also published in the **Federal Register** on February 13, 2003. 68 FR 7373. The decision to vacate this determination was subsequently announced in a letter to U.S. Granules dated June 23, 2003.

After issuance of these two applicability determinations, EPA determined that these determinations reflect conflicting constructions concerning the applicability of Subpart RRR to operations like those conducted at the U.S. Granules facilities. EPA also determined that the retention of such conflicting constructions would be inappropriate as a matter of law and policy. Accordingly, EPA decided to vacate both of these applicability determinations and to commence a process to adopt a single uniform construction of Subpart RRR which will apply to all operations like those conducted at the U.S. Granules facilities.

The vacature of each of the applicability determinations concerning U.S. Granules facilities described in this notice was final and effective on the date that the letter announcing that vacature was signed. This notice is being published to assure that parties other than U.S. Granules who may be interested in these determinations are also notified that they have been vacated. In addition to this notice, EPA

will update the Applicability Determination Index maintained by OECA to reflect the vacature of these determinations.

Dated: August 20, 2003.

Michael S. Alushin,

Director, Compliance Assessment and Media Programs Division, Office of Compliance.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than September 26, 2003.

A. Federal Reserve Bank of Philadelphia (Michael E. Collins, Senior Vice President) 100 North 6th Street, Philadelphia, Pennsylvania 19105-1521:

1. *KNBT Bancorp Inc.*, Bethlehem, Pennsylvania; to become a bank holding company by acquiring 100 percent of the voting shares of Keystone Savings Bank, Bethlehem, Pennsylvania, and
