

determined that this was not a significant adverse comment because MSHA's standard, 30 CFR 56/57.14131, addresses seat belts for off-road trucks and NHTSA's standard, 49 CFR 571.209, applies to over-the-road "passenger cars, multipurpose passenger vehicles, trucks, and buses" (49 CFR 571.209 S2). The comment is beyond the scope of this rulemaking, does not explain why the direct final rule is inappropriate, does not challenge the rule's underlying premise, and does not explain why the direct final rule would be ineffective or unacceptable without a change.
