

seed potato producers from all the counties in Area No. 2. This rule would not change the number of handler representatives on the Committee, which would remain at five. Each position would continue to have an alternate with the same qualifications as the member.

Potato production in Saguache County has increased significantly in recent years. Increased potato acreage has been the primary reason for the production increase. Colorado's Saguache County and Chaffee County comprise a nominating district within Area No. 2 and currently have one member and alternate member serving on the Committee. The Committee believes that an additional member from this area would benefit both the Committee and the industry. With certified potato seed production representing a significantly important segment of the Area No. 2 potato crop, the Committee also believes that the addition of a certified seed producer position would add a fresh perspective to its membership and would provide better representation for the San Luis Valley potato industry. Authority for this action is provided in § 948.53 of the order.

Once implemented, this rule would cause a small increase in the Committee's cost of administering the order. For example, overall costs associated with Committee members' travel to attend meetings would increase due to the additional members requiring compensation. The increased cost, however, should be offset by the non-economic benefits derived by providing a greater number of producers the chance to participate as members of the Committee, as well as the service the increased Committee expertise and diversity would provide to the San Luis Valley potato industry. Regardless, the costs associated with this rule are not expected to be disproportionately greater or less for small producers and handlers than for larger entities.

The Committee discussed alternatives to this change. In considering its goals of providing additional representation in response to the greater production in Saguache County and the significant certified seed potato production throughout the San Luis Valley, the Committee looked at various alternatives to the current method of representation. For example, the Committee considered combining the counties in Area No. 2 into fewer subdivisions, or districts, in order to keep the Committee the same size while providing for greater representation to certain districts. After considerable discussion, however, the Committee

determined that the only equitable method of handling the representation problem was to add additional members and leave the current subdivisions unchanged.

This proposed rule would increase the number of member and alternate member positions on the Committee. Since the two-year Committee terms are arranged so that approximately one-half terminate each year, this action would increase by four the number of background statements requiring completion in a two-year period. It is estimated that the time needed to complete the forms by producers who are nominated to serve in the two additional member and two additional alternate member positions would be less than two minutes per response, or a total of 8 minutes, which would not substantially impact the total burden hours. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), these additional information collection requirements have been previously approved by the Office of Management and Budget (OMB) under OMB Control No. 0581-0178.

As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies. USDA has not identified any relevant Federal rules that duplicate, overlap or conflict with this proposed rule.

The Committee's meeting was widely publicized throughout the San Luis Valley and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the March 20, 2003, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. In addition, interested persons are invited to submit information on the regulatory and informational impacts of this action on small businesses.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 15-day comment period is provided to allow interested persons the chance to respond to this proposal. Fifteen days is deemed appropriate because this rule would need to be in place as soon as possible so that the Committee can nominate members and alternate

members for the two new producer positions as soon as possible. All written comments timely received will be considered before a final determination is made on this matter.

Regulation K; Docket No. R-1147

International Banking Operations

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) is

seeking public comment on a proposal to require Edge and Agreement corporations and U.S. branches, agencies and other offices of foreign banks supervised by the Board to establish and maintain procedures reasonably designed to assure and monitor compliance with the Bank Secrecy Act and the regulations issued thereunder.

DATES: Written comments on all aspects of the proposal are welcome and must be received on or before June 30, 2003.

ADDRESSES: Comments should refer to Docket No. R-1147 and may be mailed to Ms. Jennifer J. Johnson, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue, NW, Washington, DC 20551. However, because paper mail in the Washington area and at the Board of Governors is subject to delay, please consider submitting your comments by e-mail to

regs.comments@federalreserve.gov, or faxing them to the Office of the Secretary at 202-452-3819 or 202-452-3102. Members of the public may inspect comments in Room MP-500 between 9:00 a.m. and 5:00 p.m. on weekdays pursuant to 261.12, except as provided in 261.14, of the Board's Rules Regarding Availability of Information, 12 CFR 261.12 and 261.14.

SUPPLEMENTARY INFORMATION:

I. Background

In 1987, the federal bank supervisory agencies amended their respective regulations to require the banks, savings associations, and credit unions they regulated to establish and maintain procedures to assure and monitor compliance with the requirements of subchapter II of chapter 53 of Title 31, United States Code, commonly known as the "Bank Secrecy Act," and the Treasury regulations promulgated thereunder.¹ The Bank Secrecy Act

¹ The notice was issued by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Federal Home Loan Bank Board, and the National Credit Union Administration on January 27, 1987, 52 FR

generally requires financial institutions to, among other things, keep records and make reports that have a high degree of usefulness in criminal, tax, or regulatory proceedings. The 1987 amendments to the supervisory agencies' regulations were adopted to comply with the requirements of section 1359 of the Anti-Drug Abuse Act of 1986, Pub. L. 99-570, which required the supervisory agencies to prescribe regulations requiring the institutions they regulate to establish and maintain procedures reasonably designed to assure and monitor compliance with the Bank Secrecy Act and to review such procedures during the course of their examinations.

The amendments to the supervisory agencies' regulations incorporated the minimum components of a Bank Secrecy Act compliance program as determined by the supervisory agencies and as generally set forth in the Bank Secrecy Act at 31 U.S.C. 5318(h). These include: (i) a system of internal controls to assure ongoing compliance; (ii) independent testing of compliance by the institution's personnel or by an outside party; (iii) the designation of an individual or individuals responsible for coordinating and monitoring day-to-day compliance; and (iv) training for appropriate personnel.

The amendment to the Board's regulations is now codified in Regulation H at 12 CFR 208.63.² The provision applies to state member banks, but corresponding provisions were not included in Regulation K for branches, agencies and representative offices of foreign banks or Edge and Agreement corporations. Such financial institutions are, however, subject to the Bank Secrecy Act and the regulations promulgated thereunder, and should maintain compliance programs accordingly.

II. Proposed Bank Secrecy Act Program Requirements

The Board is proposing to amend Regulation K to require Edge and Agreement corporations and U.S. branches, agencies, and other offices of foreign banks supervised by the Board to establish and maintain procedures reasonably designed to assure and monitor compliance with the Bank Secrecy Act.³

2858. It was effective January 27, 1987, and required programs to be in place by April 27, 1987.

² The amendment was initially made to 12 CFR 208.14, but the provision was moved in subsequent changes to Regulation H.

³ Statutory authority for the proposed rule is found in section 1359 of the Anti-Drug Abuse Act of 1986, Pub. L. 99-570, and in section 8(s)(1) of the Federal Deposit Insurance Act, as amended by

The Board believes that the proposed regulation will not impose any material additional administrative burden for affected institutions. In supervising branches, agencies and other offices of foreign banks or Edge and Agreement corporations, the Board has, as a matter of safety and soundness, consistently expected such entities to maintain programs to ensure compliance with all applicable provisions of the Bank Secrecy Act.

Moreover, section 352 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act, P.L. 107-56 (USA PATRIOT Act), amended 31 U.S.C. 5318(h) of the Bank Secrecy Act to impose a statutory requirement on all financial institutions to maintain anti-money laundering programs. The amendment to 31 U.S.C. 5318(h) was effective on April 24, 2002.

The Treasury Department issued an interim final rule under section 352 of the USA PATRIOT Act that applies to banking organizations.⁴ The interim rule provides that if a financial institution is in compliance with the anti-money laundering program requirements of its federal functional regulator or self-regulatory organization, the institution will be deemed to be in compliance with the statutory and regulatory requirements of the Treasury under 31 U.S.C. 5318(h). Because branches, agencies and representative offices of foreign banks and Edge and Agreement corporations are subject to the program requirement of 5318(h) of the Bank Secrecy Act, and the Treasury regulation provides that they will be in compliance if they comply with the Board's program requirement, the proposed regulation will provide necessary clarification. The proposed regulation will clarify the existing obligations of branches, agencies, and representative offices of foreign banks and Edge and Agreement corporations under the Board's rules, section 5318(h) and Treasury's interim final rule under section 352 of the USA PATRIOT Act.

Compliance with the proposed rule will help to assure that institutions have

section 2596(a)(2) of the Crime Control Act of 1990, Pub.L. 101-647. The latter requires the Board to, among other things, issue regulations requiring state member banks and other domestic and foreign banking organizations operating in the United States and supervised by the Board, to establish and maintain internal procedures to ensure compliance with the Bank Secrecy Act. Section 8(s)(1) of the Federal Deposit Insurance Act is made applicable to branches and agencies of foreign banks by sections 8(b)(3) and 8(b)(4).

⁴ Treasury's interim final rule was published at 67 FR 21110 (April 29, 2002). The requirement for banks, savings associations, and credit unions is codified in Treasury's Bank Secrecy Act regulations at 31 C.F.R. 103.120(b).

in place policies and procedures to assure compliance with all applicable provisions of the Bank Secrecy Act, and that any deficiencies in the area of anti-money laundering, suspicious activity reporting, and customer due diligence are promptly identified and corrected. Institutions should note, however, that compliance with this requirement alone, while a potentially mitigating factor with regard to penalties or supervisory actions, is not a defense in a criminal prosecution or civil action involving a violation of the Bank Secrecy Act or regulations promulgated thereunder.

The Board seeks comment on all aspects of this proposal.

III. Regulatory Flexibility Act

The Board of Governors certifies that this proposed rule will not have significant economic impact on a substantial number of small entities. The proposal creates a uniform regulatory standard for ensuring and examining compliance with applicable law and regulation. Most institutions covered by the proposed rule, whether small or large, already have policies and procedures substantially equivalent to those required by the proposed rule. Therefore, the Board believes this proposed rule should not have a significant economic impact.

IV. Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506; 5 CFR 1320 Appendix A.1), the Board reviewed the proposed rule under the authority delegated to the Board by the Office of Management and Budget (OMB). The proposed rule contains recordkeeping requirements that are subject to the PRA. In summary, the proposed rule requires Edge and Agreement corporations and U.S. branches, agencies and other offices of foreign banks supervised by the Board to establish and maintain procedures reasonably designed to assure and monitor compliance with the Bank Secrecy Act and the regulations issued thereunder.

The proposed rule applies only to Edge and Agreement corporations and U.S. branches, agencies, and other offices of foreign banks supervised by the Board. The proposed rule requires each of those entities to establish a written compliance program that includes the following components: (i) A system of internal controls to assure ongoing compliance; (ii) independent testing of compliance by the institution's personnel or by an outside party; (iii) the designation of an individual or individuals responsible for coordinating and monitoring day-

to-day compliance; and (iv) training for appropriate personnel. The compliance program must be approved by the board of directors, and noted in the minutes.

The Board believes that little burden is associated with the requirements for establishing a compliance program for the Bank Secrecy Act because the measures involved in the program are consistent with usual and customary business practices. In addition, the entities subject to the proposed rule already must implement procedures to comply with the requirements under the Bank Secrecy Act to file suspicious activity reports (see, e.g., 12 CFR 211.6(k)).

The Federal Reserve may not conduct or sponsor, and an organization is not required to respond to, this collection of information unless it displays a currently valid OMB control number. An OMB control number will be obtained.

Estimated number of financial institutions subject to the proposed rule: 520.

Estimated average annual burden for establishing the written compliance program per financial institution: 16 hours (2 business days).

Estimated total annual burden: 8,320 hours.

The Board requests comment on the recordkeeping requirements contained in this proposed rule, including how burdensome it would be for affected financial institutions to comply with these requirements. Also, the Board requests comment on whether these institutions currently maintain procedures or other aspects of a compliance program as described in the proposed rule. The Board also invites comment on:

(1) Whether the collections of information contained in the notice of proposed rulemaking are necessary for the proper performance of the Board's functions, including whether the information has practical utility;

(2) The accuracy of the Board's estimate of the burden of the proposed information collections;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected;

(4) Ways to minimize the burden of the information collections on respondents; and

(5) Estimates of capital or start-up costs and costs of operation, maintenance, and purchases of services to implement appropriate compliance procedures.

Comments may be mailed to Ms. Jennifer J. Johnson, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution

Avenue, NW, Washington, DC 20551. However, because paper mail in the Washington area and at the Board of Governors is subject to delay, please consider submitting your comments by e-mail to

regs.comments64@federalreserve.gov, or faxing them to the Office of the Secretary at 202-452-3819 or 202-452-3102. Members of the public may inspect comments in Room MP-500 between 9:00 a.m. and 5:00 p.m. on weekdays pursuant to 261.12, except as provided in 261.14, of the Board's Rules Regarding Availability of Information, 12 CFR 261.12 and 261.14.

V. Solicitation of Comments Regarding Use of "Plain Language"

Section 722 of the Gramm-Leach-Bliley Act, P.L. 106-102, requires the Board to use "plain language" in all proposed and final rules published after January 1, 2000. The Board invites comments about how to make the proposed rule easier to understand, including answers to the following questions: (1) Has the Board organized the material in an effective manner? If not, how could the material be better organized? (2) Are the terms of the rule clearly stated? If not, how could the terms be more clearly stated? (3) Does the rule contain technical language or jargon that is unclear? If so, which language requires clarification?

Federal Aviation Administration

14 CFR Part 39

[Docket No. 2002-CE-58-AD]

RIN 2120-AA64

Airworthiness Directives; Univair Aircraft Corporation Models Alon A-2 and A2-A; ERCO 415-C, 415-CD, 415-D, 415-E, and 415-G; Forney F-1 and F-1A; and Mooney M10 Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes to supersede Airworthiness Directive (AD) 94-18-04 R1, which currently applies to all Univair Aircraft Corporation (Univair) Models Alon A-2 and A2-A; ERCO 415-C, 415-CD, 415-D, 415-E, and 415-G; Forney F-1 and F-1A; and Mooney M10 airplanes. AD 94-18-04 R1 requires installing inspection openings in the outer wing panels, inspecting (one-time) the wing outer panel structural components for corrosion, and repairing any corroded wing outer panel structural component. Several reports of corrosion in the outer wing panels of the affected airplanes prompted that AD. Additional reports of corrosion on airplanes in compliance with AD 94-18-04 R1 have caused the Federal Aviation Administration (FAA) to propose repetitive inspections. This proposed AD would make the inspection required in AD 94-18-04 R1 repetitive. The actions specified by this proposed AD are intended to prevent wing damage caused by a corroded wing outer panel structural component, which, if not detected and corrected, could progress to the point of structural failure.

DATES: The FAA must receive any comments on this proposed rule on or before July 28, 2003.

ADDRESSES: Submit comments to FAA, Central Region, Office of the Regional Counsel, Attention: Rules Docket No. 2002-CE-58-AD, 901 Locust, Room 506, Kansas City, Missouri 64106. How Do I Comment on This Proposed AD?

The FAA invites comments on this proposed rule. You may submit whatever written data, views, or arguments you choose. You need to include the proposed rule's docket number and submit your comments to the address specified under the caption **ADDRESSES**. We will consider all comments received on or before the closing date. We may amend this proposed rule in light of comments received. Factual information that supports your ideas and suggestions is extremely helpful in evaluating the effectiveness of this proposed AD action and determining whether we need to take additional rulemaking action.

Are There Any Specific Portions of This Proposed AD I Should Pay Attention To?

The FAA specifically invites comments on the overall regulatory, economic, environmental, and energy aspects of this proposed rule that might suggest a need to modify the rule. You may view all comments we receive before and after the closing date of the rule in the Rules Docket. We will file a report in the Rules Docket that summarizes each contact we have with the public that concerns the substantive parts of this proposed AD.

How Can I Be Sure FAA Receives My Comment?

If you want FAA to acknowledge the receipt of your mailed comments, you must include a self-addressed, stamped postcard. On the postcard, write "Comments to Docket No. 2002-CE-58-AD." We will date stamp and mail the postcard back to you.
