

directly to an agency of the Federal Government or to an authorized ACES Registration Authority providing ACES-related services under a contract with GSA. Compliance with all of the attending requirements is enforced through binding contracts, periodic monitoring by GSA, annual audits by independent auditing firms, and annual re-accreditation by GSA. Only fully accredited Registration Authorities will be permitted to accept and maintain identity information provided by the public.

The identity information collected will be used only to establish and verify the identity and eligibility of applicants for ACES certificates; no other use of the information is permitted.

Participation in the ACES Program is strictly voluntary, but participation will only be permitted upon presentation of identity information by the applicant, and verification of that information by an authorized ACES Registration Authority.

ACES is designed to permit on-line, arms-length registration through the Internet, which significantly reduces the public's reporting burden. Based upon preliminary tests run on similar systems for gathering identity-related information from the public (*e.g.*, U.S. Passports, initial issuance of state-issued driver's license, etc.), the individual reporting burden for providing identity information for the initial ACES certificate is estimated at an average of 15 minutes, including gathering the information together and entering the data into the electronic forms provided by the authorized ACES Registration Authorities.

No reliable information is yet available to support any estimate relating to the number of individuals who will seek to register to participate in the ACES Program. Thus, no estimate of the overall reporting burden is being provided at this time.

C. Purpose

GSA is responsible for assisting Federal agencies with the implementation and use of digital signature technologies to enhance electronic access to government information and services by all eligible persons. In order to ensure that the ACES program certificates are issued to the proper individuals, GSA will continue to collect identity information from persons who elect to participate in ACES.

D. Annual Reporting Burden:

Respondents: 1,000,000.

Annual Responses: 1.

Average hours per response: 0.25

Burden Hours: 250,000.

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10086]

Emergency Clearance: Notice of Funding Availability and Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Centers for Medicare & Medicaid Services (CMS).

SUMMARY: Part I of this notice serves as an announcement for emergency clearance of public information collection requirements that have been submitted to the Office of Management and Budget (OMB). The Congress recognized that States face formidable challenges in their efforts to fulfill their legal responsibilities under the Americans with Disabilities Act. The Congress appropriated funds for these "Real Choice Systems Change Grants" specifically to improve community-integrated services. We cannot reasonably comply with the normal clearance procedures because of the potential for public harm: the funds set aside for the grants would revert to the general fund and States, together with their disability and aging communities that have already undertaken extensive

planning efforts for these grant opportunities, would be significantly harmed.

Part II of this notice serves as an announcement for solicitation of applications for the Real Choice Systems Change Grants for Community Living. Specifically, this notice announces the availability of approximately \$35 million in grant funding. These grants are a part of the President's New Freedom Initiative, which calls for the removal of barriers to community living for people with disabilities. CMS is the designated HHS agency with administrative responsibility for this program. These grants are designed to assist states develop enduring infrastructures that support people of any age who have a disability or long-term illness to live and participate in their communities. Applicants include states, state instrumentalities, and other eligible entities as further described in the notice. Also included in this notice is information about the application process.

A second **Federal Register** notice is being published regarding the remaining \$5 million of the Real Choice Systems Change Grants for Community Living. In the second notice, the Centers for Medicare & Medicaid Services, in collaboration with the Administration on Aging, will announce a competition for grants to be awarded as cooperative agreements for projects that support the development of state Aging and Disability Resource Center (Resource Center) programs. Resource Center programs will provide person-centered "one-stop shop" entry points into the long-term care system at the community level. Resource Centers will serve individuals who need long-term care, their family caregivers, and those planning for future long-term care needs. They will also serve as a resource for health and long-term care professionals and others who provide services to the elderly and to people with disabilities.

DATES: *Deadline for Submission of Grant Applications:* To be considered under the Fiscal Year 2003 funding cycle, grant applications must be submitted by July 29, 2003. All application materials must be submitted by the due date. No materials will be accepted after the deadline. The types of grants and maximum grant awards are summarized in the Real Choice Systems Change Grants for Community Living—FY2003 table.

Applicants' Teleconference (aka: Bidders' Teleconference): Information regarding the time and call-in number

will be available on the CMS Web site at: <http://www.cms.hhs.gov/newfreedom/default.asp>. We anticipate that the teleconference will be scheduled early in the month of June. Additionally, CMS staff will be available for questions and answers on an ongoing basis.

APPLICATION MATERIALS: An application kit containing all instructions and forms needed to apply for the Real Choice Systems Change Grants for Community Living can be downloaded from the New Freedom Initiative Web site at: <http://www.cms.hhs.gov/newfreedom/default.asp>. If an organization does not have access to the Internet, an application kit may be obtained by writing or calling: Judith Norris, Centers for Medicare & Medicaid Services, OICS, AGG, Grants Management Staff, Mail Stop C2-21-15, 7500 Security Boulevard, Baltimore, Maryland 21244-1850; E-mail: Jnorris1@cms.hhs.gov; 410-786-5130.

SUBMISSION OF APPLICATION:

Applications are due by the closing date listed under *Deadline for Submission of Grant Applications* in the DATE section of this notice. Applications must be submitted both electronically and in paper form. Applications mailed through the U. S. Postal Services or a commercial delivery service will be considered "on time" if received by close of business on the closing date, or postmarked (first class mail) by the date specified and received within *five* business days. If express, certified, or registered mail is used, the applicant should obtain a legible dated mailing receipt from the U. S. Postal Service. Private metered postmarks are not acceptable as proof of timely mailings. Applications that do not meet the above criteria will be considered late applications.

Submissions by facsimile (fax) transmission will not be accepted. An original proposal should be submitted with two copies to: Marian Webb, Centers for Medicare & Medicaid Services, OICS, AGG, Grants Management Staff, Mail Stop: C2-21-15, 7500 Security Boulevard, Baltimore, Maryland 21244-1850. Additional application instructions are included in the solicitation.

Applicants will not receive official notification that their application has been received on time by CMS. Those submitting late applications will be notified that their applications were not considered in the competition and will be returned without review.
